NIobe SAILORS' UNIQUE PARADE

Jack Tars Carry Rifles With Fixed Bayonets, and Cutlasses.

DAY OF SIGHTSEEING

Receive Welcome From Provincial Cabinet and Civic Authorities.

Both the province and city united yesterday in paying tribute to the British navy as represented by the visiting members of the crew of the H.M.S. Niobe. The sailors assembled at the armories of the 10th Regiment, Pearl street, at 10 o'clock, under Capt. Newcombe, and marched to Queen's Park, where they were given an official welcome on behalf of the province.

The parade was quite unique and impressive. It was headed by the Jack Tars' own bugle band, followed by the main body, armed with rifles with fixed bayonets, a party of signallers with cutlasses as equipment was included in the procession. The lads, none being over 18 years of age, made a very stately appearance.

On arrival at the front of the parliament buildings they were welcomed by Hon. Dr. Pyne, minister of education, who is acting as prime minister in the absence of Sir William Hearst. With Hon. Dr. Pyne were Hon. I. B. Lucas, Hon. W. D. McPherson, Aemilius Jarvis, Rev. Dr. Alfred Hall, and Rev. J. Russell Maclean. The sailors executed drill manoeuvres, under command of Warrant Officer Hockley, the precision with which they were carried out evoking admiration from the spectators.

Capt. Newcombe elicited by calling for a show of hands that 16 of the 75 lads in the party were from Toronto, 38 from Ontario in general, and nine from Manitoba.

Hon. Dr. Pyne, speaking for the government, said: "I won't call you Ontario or Manitoba boys, but Niobe boys, and you might better be called Niobe boys for the name of the man who has done so much to recruit you. You have joined one of the best branches of the service, and the best branches of the service, and who have kept our seas free and have also kept our shores from being invaded by the enemy. All I can do is to say God bless you, and when you return to your ships do your duty as Lord Nelson did his, and serve the empire."

After the ceremony at the parliament buildings the sailors marched to the Yonge street wharf via University avenue, Queen's Park, and York street, where they boarded the "Hiawatha" and sailed to the Island for luncheon at the Royal Canadian yacht club rooms. Later in the afternoon they were inspected on the Island by Mayor Church and then taken on a boat tour around the bay. They returned to the city at 6 o'clock. In the evening the sailors attended the Regent Theatre, where a special program was given in their honor.

STREET RAILWAY WAGES DISCUSSED AT MEETING

Men Confer With Company Directors—No Agreement Yet Reached.

Discussion of the proposed new wage scale for members of the Toronto Street Railwaymen's Union took place at a joint conference of the board of directors of the company, headed by Sir William Mackenzie, and the men's committee yesterday afternoon. A statement to the effect that no agreement had been reached, but that further meetings would be held to obtain a settlement if possible, was issued.

It is doubtful if terms of a settlement will be made public until a mass meeting of the members of the union is called. Among those who attended the conference were R. J. Fleming, manager of the company, and Ald. Robbins, financial secretary, and Ald. Gibbons, business agent, representing the union.

GRANITE CUTTERS' ELECTIONS.

The Toronto branch of the Granite Cutters' International Association held its annual election of officers last evening in the Labor Temple with the following results: President, R. Sprout; vice-president, J. Bruce; corresponding secretary, P. E. Stuart; financial secretary, J. A. Smith.

GUILTY OF ASSAULT.

John Lepels was found guilty and fined \$25 or three months' imprisonment, his wife, Mrs. Joseph Lepels, was found guilty and released on suspended sentence and Steve and Sysoski were acquitted on the charge of wounding Joseph Duoler with intent by Judge Coatesworth in the county Criminal court yesterday. The trial was the result of an assault upon Duoler when he broke up a card game after losing some money.

BRIG.-GEN. GIBSON TAKES SALUTE MONDAY

Lieut.-Col. Fearman as Brigadier in Hamilton Semi-Centennial Celebration of Confederation.

Hamilton, Thursday, June 28.—Details of the parade and review of the militia regiments which will take place here Monday in connection with the semi-centennial celebration of the confederation have been announced. Brigadier-General Sir John M. Gibson will take the salute and Lieut.-Col. George D. Fearman, officer commanding the 18th Royal Regiment, will act as brigadier. The bands of the militia units and the cadet band of the Canadian Mounted Rifles will also take part. The depot battalion of the Mounted Rifles will march with the 18th and 91st Highlanders.

Major Drew, D.S.O., who left Canada as a lieutenant and was formerly identified with the Steel Company of Canada, has been granted permission to return to Canada. Major Drew was an officer commanding the 18th Battery in France.

Acting-Corporal Joseph Newton, D.C.M., and a holder of the Montenegro medal for bravery, was at the armories yesterday securing his discharge papers. Corp. Newton received the D.C.M. for rescuing Capt. Kilmer of Toronto, whom he brought in, under a heavy fire.

"CAPT." DE WILLOUGHBY TO FIGHT EXTRADITION

Success of Deportation Arrangements Depends Upon When He First Entered Canada.

Hamilton, Thursday, June 28.—Whether or not "Captain" Percy Seymour de Wiloughby, whose four weeks' career among New York's 400 and romantic marriage to a lady of a Syracuse millionaire, culminated in his arrest here, will be deported to the United States under the immigration act now depends upon the date of his entering Canada.

If Wiloughby entered Canada before April 15, 1911, there is every possibility that the deportation order may be thrown out. The present Canadian immigration act, which now requires a person to live three years in the country before he or she becomes a citizen, states that any person residing in Canada for two years before the act was passed would be legally entitled to Canadian domicile and could not be deported. It is proven that the prisoner did enter Canada before the date mentioned in the act, then he is entitled to Canadian domicile, as he lived two and a half years in Canada before the outbreak of the war.

T. B. Sloan, counsel for the defence, told the World yesterday last night that any effort to fight the deportation order, which is dated to go into effect tomorrow, will be based upon the ground of whether the prisoner is under the jurisdiction of the police or immigration authorities. In all probability, however, habeas corpus proceedings will be instituted at once.

URGE RIGID INSPECTION.

Coroner's Jury Suggests More Thorough Inspection of Gas Fixtures.

That Edward Mason, 234 West Adelaide street, came to his death on June 15 or 16 by gas asphyxiation, was the verdict last night given by a jury under Coroner Victor McCormack. The jury could not say whether Mason turned the gas on or whether it had been left that way, so a rider was added to the verdict recommending more rigid inspection of gas fixtures, and a more efficient system of placing meters by the gas company.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED.

In front of Avion yesterday, skilled Canadian advance parties tested the strength of German defences in the village and found them too strong to rush, so the Canadian heavy batteries assumed the task of making Avion untenable for the enemy. The Germans had intended to hold in great force a trench cut in the chalk about a quarter of a mile down the slope from the first row of village houses, but the Canadian gunners speedily blew the enemy out of this line. He now occupies defences drawn just before the western limits of the place. The only other infantry event reported on the British front yesterday was the repulse of a German raiding party north of Rouex. The fighting was sharp.

The activity of the British infantry in the past week has consisted largely of feints. Under cover of these Sir Douglas Haig has, it seems, effected a regrouping of his infantry. The Germans look for the next offensive move to come from the British army and not from the French or the Russians.

The first division of an American expeditionary force has landed in France. It made a safe voyage on government transports thru submarine-infested seas and shortly the reinforcements that have begun to set in will swell this force into a formidable army. In bidding defiance to the United States by the launching of their submarine campaign, the Germans are finding that they made grave miscalculations. One was the efficiency of the British counter-campaign, and the other was the rapidity with which the United States could send forces to Europe.

The British admiralty returns of British shipping sunk by mines or submarines in the past week shows a decrease of four in the total and of six in the large victims, from the previous week. The figures show a loss of 21 ships over 1600 tons and of 7 ships under 1600 tons. No fishing vessels went down. Twenty-two, including seven in previous weeks, beat off submarine attacks. Included in the returns are one large and one small ship destroyed in previous weeks. Thus the submarine campaign has failed to hold its comparatively high record of last week and it has not come near its maximum record of 40 large ships destroyed in one week.

WIN-THE-WAR MOVEMENT IS TO BE DEVELOPED

Hamilton, Thursday, June 28.—The win-the-war committee and the Canadian Unity League held an enthusiastic meeting in the board of trade rooms last night. It was the unanimous opinion of those present that the movement should be put on a sound footing and that the paramount duty of the organization was to spread the win-the-war sentiment throughout the district by means of a series of meetings. In order that no time should be lost the following provisional officers were elected: Chairman, Col. C. R. McCullough; vice-chairman, Kirwin Martin; secretary, Canon Daw; executive committee, Col. McCullough, Controller Robinson, Kirwin Martin, George C. Martin, S. McPherson, Canon Daw, F. G. H. Pattison, Frank Hills and F. W. Tretham.
