COLLEGE MASTER ENLISTS.

Mr. A. W. Dunkley, formerly senior classical master of the Oakwood Collegiate Institute, was taken on the strength of the 201st Battalion on Saturday. He completed his course for lieutenant's qualifications on March 30th, and it is intended that on qualifying as captain he shall be given command of a company. His wide acquaintance in sporting circles, where he is well known as one of the cleverest rugby and hockey players and coaches in the city, will give him a great following among the young men who are inclined to join the khaki. Already a number of his former pupils have joined the 201st and it is expected that these will be supplemented by a contingent from the West End Y. M. C. A., where he is president of the High School Boy Club.

DUTCH SAILORS STRIKE.

ROTTERDAM, April 9 (Via Berlin to London).—The crews of steamer of the Holland-America line, which have recently returned from the West Indies, have joined the ranks of the striking seamen. The strikers' demands are for a 10 per cent increase in wages and for the abolition of the strike fund. The Holland-America line is still held here on account of the strike.

SOLDIERS WILL AID IN SPRING SOWING

Commencing Today Leave of Absence Will Be Given for One Month.

GOOD WEEK FOR RECRUITS

Five Hundred and Thirteen Were Accepted—Seventy-Two on Saturday.

Soldiers belonging to the Toronto military district are being given leave commencing today, for farm work during the spring sowing. The average leave given the troops for this work is one month.

Nine hundred and forty-eight Toronto men applied for enlistment last week at the armories recruiting depot. This total was within eleven of the number offering the preceding week. Of the 948 men who offered during the week just ended 513 were accepted, 384 rejected and 513 placed on the reserve list pending hospital treatment or physical development.

Saturday's Results.

On Saturday 72 recruits were accepted and attested of the 108 men who offered themselves. The Beavers' Battalion led, with 24 men attested. Half of these were officers. The Irish Fusiliers had 17 recruits. The accepted recruits were credited to the various battalions actively recruiting as follows:

Q.O.R.	2	1079
Mississauga	5	669
Buffs	8	661
Toronto Light In.	23	335
Beavers	24	478
Fusiliers	17	370
Bantams	8	415
Varsity Battery	8	67

Fifty more men are wanted from Toronto to do guard duty at the Welland Canal. The increasing of the size of the Welland Canal force has necessitated this further call for men for this work. Men who are not eligible for overseas service owing to flat feet or other minor defects are acceptable for guard duty. Recruits are asked to enquire at the Toronto recruiting depot.

Will Inspect Cyclists.

Brig. Gen. W. A. Logie, general officer commanding the militia, will inspect the Divisional Cyclists at Exhibition Camp today. They will be formed up on their parade ground at 9.30 a.m.

In future chemists are not to be enlisted for active military service without authority from militia headquarters, Ottawa. Commanding officers of battalions have been asked to report at once the names and qualifications of any chemists already enlisted.

New Training Course.

Lieut.-Col. W. R. Lang will open a new course of training for infantry officers at the school of instruction, College street, today under the new military regulations. Instructors in bayonet fighting have been notified that they are not to be awarded "swords badge" until their certificates have been endorsed by the superintendent, Rev. Arthur Stanley, and physical training for eastern Canada. Sgt. A. Gray of the 92nd Highlanders Battalion and Sgt. C. R. Cruston of the 4th Battalion are added to the list of non-commissioned officers detailed as instructors in bayonet fighting.

Nursing Sisters A. Calder and M. McLean have been added to the staff of the Exhibition Hospital.

Three promotions in the Camp Military Police just announced are Sgt. R. E. Edwards, to be company sergeant-major; Corp. M. G. Hepburn, to be sergeant; Lance-Corp. A. Jones, to be corporal.

ANOTHER BABY'S LIFE SAVED

and six legs is another species of small worms, and is certainly a nasty, irritating creature. The Tapeworm is found to extend the whole length of the bowels; many people find out they have them by noticing segments in the stools.

The symptoms of Tapeworm are many, and differ, as some constitutions seem to stand the ravages of that vile parasite without causing any other trouble. Others are nervous, melancholy, and miserable, and waste away to a shadow, a ravenous appetite, pain or distress, and sometimes a longing for food. At other times, "itching" for food, dizziness, gas, or wind, nervous feelings, headache, also a feeling as if something was moving in the bowels. Sometimes there is a feeling as though something was crawling up the throat. The only certainty of knowing one has them is when segments of joints come away at almost any time. They are flat, and measure from 1/4 to 1/2 of an inch long, and have often been mistaken for pin worms by those who do not know the difference. There are many other feelings of distress which would take too long to enumerate. Strange to say, some people of strong constitutions have very little distress. Tapeworms are bred from a parasite, and measure from 9 to 30 or 40 feet long, and sometimes whole colonies of them are expelled. The Professor has 15 from a man who was wasted away to a shadow, from a lady who was operated on for internal troubles, 6 from a lady who was treated for nervous prostration, and many from others who were treated for different diseases and complaints, and quite a number from people whose doctor tried to persuade to have an operation, when one or more of these vile pests were eating their lives away. The Professor has letters from physicians and will send them to you, by using what they considered to be the most valuable sure and certain remedy. The pages of all the newspapers in the city could be filled with testimonials from those who have been cured. The Professor has a remedy that convinces you that he has a remedy that certainly does work, and is a sure cure. The best wealth, this remedy is invaluable, and can be obtained at a very reasonable price. It is a sure cure, and is sold by calling at his office or writing for reply. These remedies are sold without charge. The Professor will be pleased to give a free demonstration and explanation of his remedies, which are guaranteed to cure, and which are, of course, of course, conditioned.

Write for further information, free, and send self-addressed, stamped envelope, with your address written plainly for reply. This remedy is sold only by PROF. R. L. MULVENEY, 167 DUNDAS STREET, near Corner of Ossington Avenue, between Arthur and Queen Streets, Toronto, Ont., Canada.

How People Feel When They Have Tapeworm

No doubt you have read of Prof. R. L. MulvENEY's World-Famous Tapeworm Remedy. But have you called on his office, 167 Dundas street? Have you seen the collection of the horrid monsters he has expelled from people of all ages, from the baby less than two years old to the aged grandfather and grandmother? People of all ages seem to be afflicted with these internal monsters, that eat away the life of their victims. If you have not been at 167 Dundas street already, you will be more than surprised and repaid for your visit, for the most interesting exhibition in the world is there to be seen, and no one can realize, or imagine, or believe, that such horrid-looking things could be expelled from a human being. Why, he has bushes of these life-destroying, horrid monsters from human beings, also letters and testimonials from those relieved of their horrid monster, Liver and Kidney, and has stopped some of the worst cases of Wetting the Bed. Many children that were wasted away to a shadow have been built up and made healthy and well from the use of his remedies. Good for Coughs and Colds; also checks Fever, and is useful in cases of Whooping Cough, Measles, or Scarlet Fever. It is a real Mother's Friend, and gains the name from restoring sick children to health and quietness.

MOTHER'S FRIEND.

This valuable medicine is working wonders in all cases of sickness among children. I have one case in mind just now of a little girl eleven years old, who had been treated for over four years without any marked improvement, in fact she got worse all the time. Her case seemed to puzzle the physicians in attendance, and they finally agreed that an operation on the stomach would be necessary to find out what was the matter. Her father, being opposed to an operation, called on another bottle of Mother's Friend. He told me his little girl was in almost a hopeless condition, that she measured 28 inches around the stomach, and her body wasted away to a shadow. She had a very beautiful, patient child, with a lovely disposition. To make long story short, Mother's Friend took away the enlarged condition of the stomach, and she was able to go to school, which was, of course, a surprise to every one in their neighborhood, and her mother and father made happy.

Another case comes to my memory of a baby about two years old. The mother brought her to me in her arms. She was wasted away to a living skeleton, and was unable to look up. Her mother said that she had never expected this child to get well. She purchased a bottle of Mother's Friend, and took it home, used it, and the little one was relieved of scores of worms of different kinds. It was about three months after when the lady brought the little one with her to my office. She was another bottle of Mother's Friend for her own children, and another one for her neighbors who had recommended it to her. I did not recognize either the lady or the child, but she told me of the circumstances. She said: "Do you not remember me bringing a baby in my arms, all skin and bones? This is she, and she is healthy child now." No one would have believed it. She got rid of scores of worms. Now you can see for yourself what a fine, healthy child she is. Just look at the rosy cheeks.

Another case of a little girl called for a bottle of Mother's Friend. She said her little boy had been taking fits, and the doctor had given him up for lost. She had taken him up with brain fever. She had asked the doctor to look at him, and he pronounced him to have him. I recommended her to try Mother's Friend, and she purchased a bottle. The first dose he went to sleep, and next morning he was relieved of a lot of worm. The little fellow has had no fits since, and is healthy and well.

Send post-paid to any address on receipt of price. It is not poison.

Price \$1.00. Put up two packages in one parcel. Each package makes one pint and a half of medicine, just twice as much as in liquid form.

CONFIRMATION CLASS AT ST. FRANCIS' CHURCH

His Grace Archbishop McNeil conferred the sacrament of confirmation on a class of over one hundred at St. Francis' Church yesterday morning. Preceding the rite Ely Mass was sung, Rev. Arthur Stanley, being the celebrant and Rev. Fathers Bench and McCann, deacon and sub-deacon.

Rev. T. O'Donnell, of St. Anne's Church, attended the class on Christian doctrine. After confirmation the archbishop gave the pledge of total abstinence to the children until they reached the age of twenty-one years, a pledge pointing out that as soldiers of Christ they had the double duty of sacrifice on their own part and that of good example for others.
