BRITAIN, JAPAN AND U.S. AGREE ON CHINA

FOREIGNERS TO BE PROTECTED, IS DECISION

Want Guarantee Before Any Discussion Is Opened

RUSSIA WARNED

Chamberlain Tells Envoy That Violation of Trade Pact Must Be Stopped

LONDON, July 14.—The British have finally induced Japan and the United States to accept a new viewpoint with regard to China, and are now agreed that China must afford ample protection for foreigners before there can be any discussion of the abolition of extra-territoriality.

The British have convinced the United States that Bolshevik propaganda is playing a large part in the situation in the far east and that it is not the time to succumb to this propaganda which would facilitate the schemes which Moscow has set her heart on. Evidence has been produced to ensure this effect, but what the reaction will be in Moscow it is difficult to see at present.

RUSSIA WARNED

Rakovsky had a 40-minute interview with Austen Chamberlain yesterday, and declared after the meeting that he was pleased with his reception, but it is understood that Chamberlain told Rakovsky bluntly that the British had ample evidence of Russian intrigues against them in the far east and that this constituted a violation of the trade agreement and must be stopped immediately. Rakovsky promised to convey Chamberlain's remarks to Moscow where it is likely to provoke the most vigorous denial by the Soviet that they have conducted over the actions of individual Russians in China.

HANSON CASE IS TAKEN UP AT FREDERICTON

Both Sides Heard By Barristers' Society Council

Special to The Times-Star.
FREDERICTON, July 14.—The investigation of the council of the New Brunswick Barristers' Society on charges of unprofessional conduct preferred by Dr. T. C. Allen, Registrar of the Supreme Court, against R. B. Hanson, K. C., M. P., of Fredericton, opened here today. The charges amount to inducing the registrar to falsify a decree of Mr. Justice White in the Chancery Court on May 22, 1923, in the matter of Marjorie Helen Nevins and Lillian Nevins, of Lincoln, Sunbury county, whereby the guardian of the infants names, Estella M. Nevins, was authorized to use the income and corpus of the estate of the infants for their maintenance, instead of the income alone, as was intended by the court.

MAN GIVES LIFE TO SAVE YOUNG LADY

Carries Her to Safety With His Head Under Water and Perishes.

Canadian Press.
BRIDGEMAN, Mich., July 14.—J. Samuel Council, aged 56, world war hero, and prominent attorney, perished in the waters of Lake Michigan yesterday to save the life of Miss Helen Coveri, aged 28, of South Bend, Ind. Council and Miss Coveri, members of a picknicking party, were bathing with other members of the party. Suddenly Miss Coveri plunged into a deep step-off. Neither could swim. Unhesitatingly the man plunged in after the girl. Grasping her body, he held her head above the water, while he was sinking on the bottom of the lake, with his own head several feet under water. Friends pulled the girl to shore.

FIREMEN ARE NEAR TO DEATH IN EXPLOSION

All of Plant Razed With Exception of Show Rooms
LOSS IS COVERED
Blaze Starts at 2.30 a.m. and Was Under Control at 5 O'Clock

Special to The Times-Star.
WINDSOR, N. S., July 14.—A blaze which caused damage estimated at about \$30,000 destroyed practically the entire plant of the Windsor Foundry and Machine Co., Ltd., here early today. The show room of the company was the only part of the whole property that was not demolished.

Fortunately, there was no wind, or the loss might have been greater than in the disastrous fire which swept the town last fall.

The men engaged in fighting the blaze had a narrow escape when the acetylene tanks, which furnished light for the factory, exploded, but all were reported safe after the blast. The loss is said to be covered by insurance.

The foundry is one of the town's oldest industries and with its destruction went a large amount of valuable machinery and considerable stock.

ESTABLISHED IN 1867.
The company was established in 1867, and re-organized in 1907, when Ralph and Thomas Mounce of this town acquired control. As a result of the fire, 25 men have been thrown out of employment.

LANCET PRAISES SHOOTING TWO, CUTS CANCER DISCOVERY THROAT, IS CAUGHT

Emphasizes Importance of Results of Research by Dr. Gye and Bernard.

Canadian Press.
LONDON, July 14.—The Lancet, the leading medical journal, in its forthcoming issue, will emphasize the importance of the discovery of the cancer germ, by Dr. Wm. E. Gye, a member of the British Institute of Medical Research and Dr. J. E. Bernard of King's College, London. The Lancet considers this discovery as marking an event in the history of medicine.

A paper has been prepared by Dr. Gye on "the etiology of malignant new growths," which The Lancet will publish. The Journal says that Dr. Gye has succeeded in rendering the cancer virus visible and even photographing it, which The Lancet considers "a great achievement."
