ACTRESS IS HURT ON OPERA HOUSE STAGE

Miss Duncan, Leading Lady, Gets Fall as Staging Collapses.

Miss Nancy Duncan, leading lady of the F. James Carroll Players at the Opera House, had a most unpleasant experience yesterday afternoon, in which she narrowly escaped serious injury. As it was, she suffered considerably from shock and minor bruises, and it was only her sheer grit that carried her through the balance of the matinee and the evening performance.

In the last act of the play, "The Humming Bird," Miss Duncan ascends a flight of stairs to a landing which is about seven feet from the stage and from this she makes her exit. As she made the ascent yesterday the staging collapsed, throwing Miss Duncan heavily to the boards behind the scenes. She was stunned by the fall. A physician was called, but by the time it became necessary for the leading lady to make her next entrance she was sufficiently recovered to reappear and pluckily went through with her part to the end of the show. The progress of the play was not interfered with by the accident, although her colleagues, who were on the stage at the time, evidenced some concern, not knowing whether she was badly hurt or not. Although still suffering somewhat from the effects of the fall, Miss Duncan carried on as usual last evening.

THE JEWISH NEW YEAR IS AT HAND

Will Begin at Sunset Monday and End on Tuesday Evening.

Sunday, Sept. 28, at sunset will commence the Jewish new year called Rosh Hashanah. It will end on Tuesday, Sept. 30, at sunset. All Hebrew business will be closed up and services will be held morning and evening in the Carleton street synagogue, conducted by Rev. O. Mandelkern, with sermon by A. Bab.

The origin of this holiday is in the Bible, Numbers 29:1. "And on the seventh month on the first day of the month ye shall have a holy convocation, ye shall do no manner of servile work, it shall be a day of blowing the Shofar (ram's horn), and ye shall offer a burnt offering for a sweet savour unto the Lord."

In the ancient time, of course, this holiday was fully observed according to this commandment. But in the re-Mosaic period certain additions were added of special prayers and hymns, and this holiday was introduced as the Hebrew New Year instead of Passover and in the latter period it was explained by the sages that it is also a day of judgment and thus prayers relating to the various perceptions of the day were composed. And thus the liturgy of this day in the modern times centres around three principal ideas, which the rabbis have grouped into three groups: (1) Exaltation, (2) Realization and (3) Blowing of the Horn. Exaltation exalts God as king and creator of the universe; realization makes man realize God as Judge with justice, mercy and kindness; blowing of the Shofar recalls the incident described in the Bible of the binding of Isaac and being replaced by a ram, and asking to recall this incident in Israel's favor, and to accept its repetition.

All the prayers are of appealing character and full of confession and humility, referring to the Bible Ecclesiastes 7:20: "For there is not a just man upon earth that doeth good and sinneth not."

The music of these prayers is of special sad melody originated of ancient times and is very appealing to the human heart.

W. G. Gray Receives Good News From New Glasgow.

W. George Gray is in receipt of a telegram from R. B. Laskey in New Glasgow notifying him that his Irish terrier dog "Wrose Red Hot" won the special prize for best of breed at the dog show there. This makes the third consecutive win for him and he is now a Canadian champion.

"The bitch puppy," "Mollie Doolan," won honors as the best at the show and reserve even to "Wrose Red Hot" for the best Irish terrier. Having now completed the Maritime circuit these dogs are en route home today.

R. F. ARMSTRONG GOES TO WINDSOR

The town of Windsor, N. S., has decided to adopt the town manager plan of civic government and for their first town manager has chosen R. Fraser Armstrong, C. E., son of R. E. Armstrong, secretary of the Board of Trade.

Mr. Armstrong was for some years town manager for Woodstock and made a big success there. It is largely on the record he made there that he has been engaged by Windsor. About two years ago he resigned at Woodstock to link up with the Citizens' Research Institute of Canada and while with them has carried out some important surveys. He was also for about two years engineer of the water and sewerage department in this city, resigning that position to go overseas during the war.

It is understood that at the present time he is engaged in making a survey for a large corporation which has branches at Hamilton, Ont., and in several cities in the United States. He is to take over his duties at Windsor the latter part of this year.

CHILDREN'S WEEK IS PLANNED HERE

Big Story Hour in Pythian Castle and Carleton Church.

Plans are being made to observe "Children's Week" here. A year ago last spring an effort was made to observe this week, which has become a practice in many places. It was not successful here but the largest benefits were not realized because of lack of a local organization. Then it was generally decided best to change the observance from the spring to the autumn and the week of Sept. 24-Oct. 5 was decided on in most of the states and provinces.

Only recently a local children's work board was organized representing practically all the Protestant churches of the city. Mrs. L. W. Simms is the chairman. It has not been deemed advisable, due to the newness of the organization, to attempt to elaborate a programme for children's week. This year as has been successfully carried out in many cities but an organized effort is being made to have the subject given prominence in the pupils on next Sunday and all Sunday school teachers of children 12 years and under are to call at the homes of the children of their constituencies.

A community story hour for these children is to be held in Pythian Castle on Saturday morning, Oct. 4, at 10 o'clock. Interesting stories relating to the four-fold life will be presented by some of the best St. John talent. A similar programme is to be given in the Ludlow street Baptist church, West St. John, at the same time. These programmes are being promoted by the local children's work board of the Maritime Religious Education Council.

A supper meeting of the board was held on Tuesday evening in the Y. W. C. A. Mrs. C. R. Kinney presiding. Reports were read by the committee on "Children's Week." A very interesting and instructive paper on "The Child," was read by Miss Bessie Babitt.
