Organizations Choosing Conditions For Miss St. John Carnival Contest

Many More Entries Have Been Received by Times and Rush Yet to Come—Halifax Queen Has Been Chosen.

Several of the local ladies' societies and mercantile establishments, in a quiet way, are lending a helping hand to the Evening Times in its effort to select the most attractive of St. John's daughters for the Queen of the Carnival next month.

CANDIDATE NO. 3. CANDIDATE NO. 4.

It is important that Miss St. John should be the finest type of young womanhood in the city, for St. John can hold its own with any of the cities in Canada in this respect, and the Miss St. John who goes to Montreal to measure her charms with the fairest from all over the Dominion, she should be the most beautiful young lady which the city has the honor to claim.

As the contest progresses, more and more entries are being received daily, but the influx is not expected to reach its height until Friday or Saturday, when the bulk of the new pictures now being turned out by local photographers will be ready.

Miss Helen Mitchell, formerly Miss Helen Mitchell, was chosen this morning. Mrs. Ora Doherty, formerly Miss Helen Mitchell, was chosen this morning.

ALL AGREE COAL STRIKE WOULD BE DISASTROUS

Operators and Miners in 1923 Wages Conference

Strike Called Last April was When Stocks were Large; Now Depleted and Hope is for Speedy Agreement on Matter of Pay.

New York, Jan. 18.—U. S. coal operators and union mine chiefs, preparing today to enter conferences, which, they hope, would provide a basis for negotiating peacefully wage scales for 1923, were mutually agreed that a nation wide coal strike this year would be disastrous to the public.

When the five month strike of both bituminous and anthracite miners was called last April, they said, there were millions of tons of coal in reserve. "Now those reserves have been exhausted and even with every mine operating, people with the means to buy fuel are shivering because there is not any to be had. If when April 1 rolls around again, there is another strike, the effect will be immediate and disastrous," was the way one union official put it.

With this in prospect, both the miners' representatives and the mine owners declared today they would exert every effort to agree speedily upon a basis for fixing wages and working conditions in the bituminous fields before April 1.

John J. Lewis, president of the United Mine Workers of America, is here to head the delegation of 100 union officials and members of the general policy committee of the United Mine Workers.
