AFTER SUFFERING TWO LONG YEARS

Mrs. Asslin Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Minneapolis, Minn.—"After my little one was born I was sick with pains in my sides which the doctors said were caused by inflammation. I suffered a great deal every month and grew very thin. I was under the doctor's care for two long years without any benefit. Finally after repeated suggestions to try it, I got Lydia E. Pinkham's Vegetable Compound. After taking the third bottle of the Compound I was able to do my housework and today I am strong and healthy again. I will answer letters if anyone wishes to know about my case."—Mrs. JOSEPH ASSELIN, 628 Monroe St., N.E., Minneapolis, Minn.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy known for women's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

A MESSAGE TO THIN, WEAK, SCRAWNY FOLKS

An Easy Way to Gain 10 to 30 lbs of Solid, Healthy, Permanent Flesh

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this. You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and projecting point. Your drug-gest has Sargol, or can get it from his wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly efficient. Caution—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach trouble, it should not be taken unless you are willing to gain ten pounds or more, it is a wonderful flesh builder.

C.N.R. AID THROUGH COMMITTEE STAGE

Fight Will be Renewed Today—Dr. Pugsley's Suggestion—Tariff Change and Price of Nails

Ottawa, May 27—After two weeks of almost uninterrupted debate, during which the house has sat morning afternoon and evening, the Canadian Northern resolution succeeded tonight in passing the committee stage and will come up for concurrence and second reading tomorrow.

In the concurrence stage Hon. Dr. Pugsley will introduce the amendment of which he gave notice last night. A further important amendment providing for equalization in freight rates on the company's lines east and west, of which Hon. Frank Oliver gave notice tonight, will also be moved.

When the bill, based on the resolution, is introduced there will be further discussion, and upon the second reading, the most important stage in the fight will take place and a series of amendments will be proposed by the opposition and by the bolting members in the government's own ranks.

Hon. Mr. Pugsley objected to the clause by which the C. N. R. is afforded running rights over government railways. He claimed that the C. N. R. might select those portions of the government system over which they desired to run, which might prove a serious matter, and proposed an amendment to the effect that the agreement should also be approved by the governor-in-council.

The prime minister said that the suggestion impressed him favorably, and promised to take it up again.

A. K. McLean, of Halifax, drew the attention of the government to the fact that since the minister had seen fit to increase the duty on wire rods, the price of nails had increased 25 cents per keg. "I simply allude to this matter," he said, "because the minister declared that such a result would not for a moment be permitted."

A remarkable story of the manner in which control of the Fenian Raid bounty was used for political purposes in Nova Scotia by friends of the government was told tonight. Not one instance but several were cited by Liberal members from that province. The most astonishing incident, however, was put before the house by J. H. Sinclair (Guysboro). It involved not only an attempt to influence the electors of Victoria county (N. S.) in the recent provincial by-election, but the circulation of an intimation by the Conservative candidate that nothing would be done to "our friends" who might make inaccurate affidavits in regard to applications for bounties.

If your pocket-book could talk—it would recommend the Ford — The man who obeys the voice of economy invests his dollars in the Universal car. He knows it serves his every purpose best and at lowest cost. Buy yours today.

Six hundred dollars is the price of the Ford runabout, the touring car is six fifty; the town car nine hundred—i.e. b. Ford, Ont., complete with equipment. Get catalogue and particulars from Ford Motor Co., St. John Branch, "Phone M 2808.

MORNING NEWS OVER THE WIRE

The total estate left by the late Lord Strathcona was valued at \$27,928,000. The British death duties paid were more than \$4,000,000. The estate will pay nearly \$100,000 inheritance tax in Wisconsin on stocks of the Northern Pacific Railway.

The members of the provincial government yesterday went over the St. John Quebec Railway from Woodstock to Centerville, and also over the alternative routes from Centerville to Andover. At a meeting of the government in St. John on next Thursday, a decision in the matter will be given.

The government at Ottawa is in a muddle over the Hindu situation. Dr. Singh, famous Oxford graduate, was in Ottawa yesterday and pleaded with the cabinet in the interests of the Hindus in quarantine at Vancouver, B. C., that they be allowed admission to the dominion. Both the Hindu representative and the government are in communication with the Imperial authorities in the matter.

In the museum at Aix-la-Chapelle there is preserved a newspaper whose pages measure 8½ feet by 6 feet, each page containing 18 columns 48 inches long. The paper was started in New York city in 1859.

ORANGE ORDER PAID THE BILLS

Backed Madame Tremblay in Appeal of Marriage Case—Separate School Question up Again

Regina, Sask., May 27—The remarkable fact that it was the Orange Order which supplied funds which enabled Mme. Tremblay to take her case to the Privy Council in an effort to establish her married status, was made known this afternoon by Judge Scott, of Halton, grand master of the Grand Orange Lodge of British America, in his address at the opening of the sessions of the Grand Lodge here this afternoon.

Another important question which Judge Scott referred to in his address, was the school question all over the dominion. With regard to the situation in Manitoba he declared that he feared that the recent amendment of the Manitoba Public Schools Act, while ostensibly claimed as enlarging the scope of the public schools, is in fact to create a condition which will make it possible under circumstances to form separate schools recognized by the government and aided by public funds under cover of the Public Schools Act.

"A similar anomaly," he said, "has for years existed in some of the maritime provinces, where supporters of separate schools have enjoyed concessions by local arrangement which have no foundation in law, and it is feared that by a subtle manipulation of school legislation what has been permitted by tacit consent in the provinces by the sea is also being attempted in Manitoba."

CONVOCAATION AT MOUNT ALLISON

Sackville, N. B., May 27—The degree of B. A. was conferred today upon the graduates of Mount Allison for this year, among the number being William Grant Smith and Miss Vega Gronlund of St. John. The degree of D. C. L. was

conferred upon H. A. Powell, K. C., of St. John. Charles Gordon Malcolm received a certificate in applied science.

At the convocation exercises Principal Borden presented his report, and an address was presented to Dean Weldon, on his retirement from his life's work in Dalhousie Law School. The address was presented by Lieut.-Governor Wood.

In the presentation of prizes C. G. Malcolm, of St. John, won first of the S. M. Brookfield engineering prizes, and F. Gordon Greene of St. John received honorary mention in connection with the descriptive geometry prize. C. M. Malcolm won the Lucas prize.

At a meeting of the Alumni Society, E. E. Hewson, Amherst, was elected president. W. B. Tennant was chosen

an alumni representative on the board of regents.

A remarkable contest for highest honors in a Pittsburg school between two girl pupils who led everybody else by a wide margin, ended when one of them secured a mark of 97.39-100 per cent and the other 96.40-100. Both are children of immigrants, one having come ten years ago from Hungary and the other six years ago from Russia.

In order to help an institution for charity, Rev. Everard Digby, vicar of a London church, spent a busy half hour polishing shoes at a corner in the Strand. He polished in all fifteen pairs.

ACHING BONES AND SORE JOINTS CURED! ALL RHEUMATIC TENDENCIES DESTROYED!

Away Go the Crutches, Every Sufferer Made Well Quickly

Old age is usually afflicted with rheumatism. Very few past fifty escape its tortures.

Many it bends and deforms. Upon the countenance of others it marks the effects of its awful suffering. Nerviline will cure rheumatism. It takes the pain out of throbbing muscles and swollen joints. It untwists gnarled knuckles. It does this quickly and surely.

Nerviline is not used internally. You just rub it on—lots of hard rubbing is required for a minute or two, and then

you feel Nerviline penetrating through the tissues; you feel it drawing out the congestion, feel it sink in deeper and deeper till at last it touches the core of the joint or the heart of the muscle affected.

You won't stay in pain with Nerviline—no one ever does. Just try it—you will be amazed at its magical power over pain, a power it gets from the extracts and juices of certain rare herbs and roots it contains. It's harmless—any child can use Nerviline, can rub it on for a sore throat, for a bad cold, for stiff neck, for earache. No family remedy half so useful.

The large 50 cent bottle is the most economical; trial size 25 cents. All dealers, or the Catarhoxone Co., Kingston, Canada.

Keep Down the Cost of Living

Did you ever count the potatoes you throw away as useless? They average one in every five, and you have to pay for them, bad though they are. You needn't keep this up, either.
