SHIPWRECKED ON CALVERT ISLAND

THREE MEN ISOLATED FOR FIFTY EIGHT DAYS

Schooner Pounds to Pieces—Civilis- ation Reached by Aid of Strangely Constructed Craft

Vancouver, Dec. 5.—Three timber
traders, whose schooner was wrecked
on Calvert Island on October 2nd, and
who were unable for 58 days to get
away from the island, arrived at Van-
couver yesterday afternoon on the
steamer Ventura.

The men, W. Wylder, S. Burdette and
W. Campbell, all of Vancouver, when
sailing north in a small schooner on a
timber cruising expedition, were caught
by gales off Smith's Inlet, and the
boat's steering gear carried away, and
they drifted toward Calvert Island,
where an anchor was let go, but would
not hold.

The schooner was driven ashore in a
heavy surf and was totally wrecked on
October 2nd. Fortunately it was a
sandy beach and most of the provisions,
guns and ammunition were saved.
Ducks, geese and deer being plentiful
the shipwrecked party were in no dan-
ger of starvation.

"Finally, as no help came, a punt was
made out of lumber, whip-sawed from
solid logs, and the seams of the craft
were caulked with canvas from the torn
sails of the schooner. In this roughly
made craft the men put out and inter-
cepted the American steamer Alaskan,
which took them on board and carried
the party down to a point near Alert
bay, where their punt was launched,
and they came to Port Moresby."

The schooner was wrecked on
October 2nd. Fortunately it was a
sandy beach and most of the provisions,
guns and ammunition were saved.
Ducks, geese and deer being plentiful
the shipwrecked party were in no dan-
ger of starvation.

NEW YORK FIRES.

Woman Burned to Death in Tenement
Blaze—Firemen Overcome by
Gas.

New York, Dec. 5.—A woman was
killed and seven firemen overcome as
the result of two fires to-day.

Mrs. Annie Linahan, aged 76, was
burned to death in a blaze in a five-
story tenement in East 17th street.
The others were rescued from windows
and fire escapes.

Illuminating gas nearly proved the
death of seven firemen who were
fighting a blaze in a store and office
building in Williams street.

FARMER VICTIM OF RUNAWAY.

Hartney, Man, Dec. 5.—A very seri-
ous accident happened here last night,
when John Watson, a farmer of Un-
derhill, was instantly killed by being
thrown out of his wagon while his
horses were running away. It is sup-
posed that he was killed by striking
his head on the hub of the wagon
wheel. Mr. Watson is well known and
is 45 years of age.

MONTE CARLO TRUNK TRAGEDY

MRS. GOULD MUST GO TO GUILLOTINE

Husband Condemned to Life Im- prisonment for Ghastly Murder of Emma Levin.

Monte Carlo, Dec. 5.—After a speedy
trial before the Superior Court of
Monsieur Yver, St. Leger Gould and his
wife, Mrs. Gould, were convicted of the
murder of Emma Levin here
last summer. The court found that
Mrs. Gould was the chief instigator of
the crime and sentenced her to death
by the guillotine, and that Gould was
less responsible, by reason of his being
under the influence of liquor at the
time the murder was committed, and
sentenced him to life imprisonment.

The great crowds that had been
gathered within and without the build-
ing received the announcement of the
verdict with great excitement and ap-
plause.

The trial of the Goolds consumed less
than three days. It attracted attention
from all over the world because of the
 enormity of the crime, the manner in
which the murder was committed, and
the dramatic arrest of the principals
who were taken by the police while
seeking to escape with a trunk contain-
ing portions of the body in their posses-
sion.

Gold and his wife left Monte Carlo
early last August, going to Marseilles.
A hotel porter in that city noticed
blood oozing from a trunk which the
two had brought with them, and when
they drove off with the trunk, the
porter notified the police and the ar-
rest followed.

Statements made as to the facts in
the case were at great variance, Gold
himself confessing that he had com-
mitted the murder and that his wife
had nothing to do with it. The police
did not put much faith in his story,
and as the case was presented to the
court, his wife was shown to be the
real instigator.

The evidence went to show that
Emma Levin, who was possessed of
considerable jewelry and some money,
who were in needy circumstances.
There, she was killed, and later a
quantity of her jewels were found in
the possession of Gould and his wife.
Her body was dismembered and packed
into a trunk and valise, which the mur-
derers were trying to dispose of, when
the crime was discovered.

SKIN GRAFTING.

Eight Railway Men Make Sacrifice to Save Leg of Fellow Employee.

Ottawa, Dec. 5.—An interesting op-
eration was performed at St. Luke's
hospital yesterday, when eight em-
ployees of the Grand Trunk and Cana-
dian Pacific Railways each gave a
strip of the cuticle from the arm eight
inches long to be grafted on the leg
of Edward Hebert Reynolds, who
was injured by a wreck at
Plattsburgh a few days ago.

The grafting process is the only hope
of saving the leg, and the operation
though painful, was entirely success-
ful.

PREDICTS OUTCOME OF COPPER SLUMP

W. A. Clark of Montana Expects Sur- plus to be Eliminated in Six Months.

Salt Lake, Utah, Dec. 5.—In an in-
terview last night, former Senator W.
A. Clark, of Montana, said: "The total
reduction in the output of copper is so
large that in six months the more output
I expect to see the surplus eliminated
entirely."

"When that is done I expect to see
copper go back to about sixteen cents
per pound and that is enough. At that
figure consumption is possible on a
large scale, and while it will not per-
mit all the mines to resume on the
old basis, it will still furnish employ-
ment for a large proportion of the men
who have been thrown out of employ-
ment by the recent slump."

HINDUS CAPTURED BOY AND GIRL

Grand Forks Police Arrived in Time to Save Youthful Ones From Beating.

Grand Forks, Dec. 2.—A large band
of Hindus took the law into their own
hands a couple of nights ago and cap-
tured Walter Barnes and his sister,
Hilda, aged 18 and 15 respectively, and
severely tied them to trees and would
have whipped the young people severe-
ly, but were prevented by the city po-
lice, who arrived just in time to save
the boy and girl.

It seems that these young people had
been in the habit of teasing the Hin-
dus continually, until their actions be-
came unbearable to the East Indians,
who made up their minds to try and
put a stop to it.

This exciting incident occurred in
west of Queenstown at half past five this
morning. It is expected that she will
reach Queenstown at 6 o'clock this eve-
ning, in which event she will estab-
lish an eastward record.

Tokio, Dec. 5.—Hon. Rodolphe
Lemieux, the Canadian minister of
labor, held a conference to-day with
Viscount Hayashi, minister of foreign
affairs, at the foreign office and received
verbal assurances of the limitation of
Japanese emigration, and that he will
be given later full details of the plans
on foot for its control.

WIFE MURDER.
St. John, N. B., Dec. 4.—Christopher A.
Horseman, of Stevens Mountain, West-
moreland county, was arrested to-night
in connection with the death of his wife,
whose body was found in a well at their
home on Saturday.

Regina, Dec. 4.—During the absence of
Hon. Walter Scott, Hon. James A. Calder
is to act as premier, and should Mr.
Scott not be able to return before the
holding of a session becomes absolutely
necessary, he will also lead the govern-
ment in the House.

NOVEL PLAN TO LOOT JEWELRY

STORE WAS ROBBED IN BROAD DAYLIGHT

Ladies Engage Proprietor in Talk While Confederates Burrow Way to Show Window

New York, Dec. 5.—A new develop-
ment in theft was displayed here when
Abraham Bobbier's jewelry store in
West One Hundred and Sixteenth street
was looted of jewelry said to be valued
at \$5,000, while Bobbier was in the
store.

Bobbier had dressed his show win-
dow by piling up a number of boxes
and covering them with black cloth.
On this cloth valuable jewelry was dis-
played. Several times Bobbier thought
he heard rats on the floor, but paid
little attention to the scratching noise.
Presently, while he was waiting on
customers in the rear of the store, a
friend came in to ask him why he had
removed the jewelry from the window.
The jeweler rushed to the window. Al-
most every article of value had dis-
appeared.

Investigation showed that the thieves
had entered the cellar under the store,
Bobbier's feet were found in the floor
under the boxes, climbed into one of
the boxes by means of a ladder, cut a
small hole through the top of the box,
slit the black cloth and picked the
jewelry out of the window.

Two well dressed women had been
in the store a short time before and
kept Bobbier engaged in the rear of
the room for some time, although they
made no purchases.

TAFT DEPARTS FROM LAND OF ANARCHY

U. S. War Secretary Was Guarded by Secret Police While at St. Petersburg.

FINANCIAL CRASH IN KANSAS CITY

One of Largest and Oldest Institu- tions in Hands of National Bank Examiner.

St. Petersburg, Dec. 5.—Wm. H. Taft,
the United States secretary of war, and
the members of his party left here at
noon to-day for Berlin.

A number of Russian officers, and
functionaries, and the staff of the
American embassy saw the visitors off
at the railroad station.

The Russian authorities are re-
lieved that the secretary's visit has
passed off without any untoward inci-
dent. The request of a group of stu-
dents of the university to send a deputa-
tion of welcome to Secretary Taft
upon his arrival, was denied by the au-
thorities, as it was feared that this
deputation was merely a cover for a
revolutionary demonstration.

The secret police constantly guarded
the corridors of the hotel where the
Taft party stopped, in order to prevent
their being molested by anarchists or
cranks.

JAMESTOWN EXPOSITION.
Norfolk, Va., Dec. 5.—Federal Judge

"MOSQUITO FEVER."

Malaria is Henceforth to be Known
Under Different Name.

Mexico City, Mex., Dec. 5.—Hereafter
the world will know it as "Mosquito
fever" instead of malaria. Delegates to
the third international sanitary congress,
representing the principal countries of
central South America, after a discussion
on Saturday, were almost unanimous in
directing that the name of the disease
should be changed, so that the public
might know the real cause of the disease
and work in harmony with the sanitary
authorities for its extinction, as mos-
quitoes were responsible for malaria, and
it would not exist but for them.

LINER DISABLED.

Liguria, Bound from Genoa to New
York, Drifting About Mediter-
ranean.

Genoa, Dec. 5.—News has reached
here that the Italian steamer Liguria,
which left here on December 2nd for
Naples and New York, has become dis-
abled and is drifting about in the Med-
iterranean. Several steamers have
gone out to search for her.

WILL "PUMP IN" WHITES TO B. C.

GOVERNMENT TO DIVERT IMMIGRANTS HERE

I. Obed Smith Coming to Victoria to Confer With Premier McBride

Vancouver, Dec. 5.—Special efforts to
divert immigrants to British Columbia
will shortly be undertaken by the Do-
minion government.

"Pump in the whites" the policy
which was advocated by Rudyard Kip-
ling with the object of counteracting
the influx from the Orient, will be
adopted in real earnest. The co-opera-
tion of the British Columbia govern-
ment will be sought.

It is also expected that an active pro-
gram will be carried out by the
Western Immigration Association,
which has hitherto paid only incidental
attention to this province.

"This was the announcement made
yesterday by I. Obed Smith, commis-
sioner of immigration, at Winnipeg,
who has arrive here en route to Vic-
toria where he will confer with Premier
McBride.

BURNS IS PLANNING OTHER FIGHTS

Hopes to Arrange Matches With Jack Johnson and Jim Roche.

London, Dec. 5.—Tommy Burns,
looking none the worse for his battle
with Gunner Moir, was a conspicuous
figure in London yesterday. The Cana-
dian fighter declared that he felt no
inconvenience from the effects of the
Englishman's blows, and talked of his
plans for the future.

"I hope now to arrange a match with
Jack Johnson upon my return to Am-
erica. Johnson has promised me a
match, and I should not like to disap-
point him provided he is still in the
prime."

"I am also willing to box Jim Roche,
the Irish champion. If there is money
to be made in that line, I would like
to take a vacation trip through France,
Germany and Italy with my friends.
After that I cannot say what my future
in the fighting line will be."

OFFERED \$200,000 BRIBE.

Judge Who Offended During Helms Litigation, Dies at Butte.

Butte, Mont., Dec. 5.—Judge E. W.
Harney, aged 45, died suddenly last night
of cerebral hemorrhage.

Judge Harney occupied the district of
Silver Bow county during the Helms
extrajudicial Copper litigation. It was
upon an allegation that Judge Harney
had been unduly influenced that the
Analgamatized Copper Company attorneys
obtained a new trial of the noted Minnie
Healy case. Judge Harney soon after
charged that the parties acting in the
interest of the Analgamatized Copper Co.
had offered him a bribe of \$200,000 if
he would grant a new trial in the case.

NAOMI CATASTROPHE.

Pittsburg, Pa., Dec. 5.—The federal gov-
ernment is making an investigation of
the disaster at the Naomi mine of the
United Coal Company near Fayette City,
2 1/2 miles south of here, where a terrific
explosion of fire damp occurred on Sun-
day night, causing the death of a large
number of miners.

Two more bodies were reported taken
from the mine last night, making a total
of seven for the day.

HANGING FIRE AT GRANBY SMELTER

WORKMEN ARE AVERSE TO LOWER WAGES

Operations Were Not Resumed To- Day—Company May Employ Hands From Elsewhere

Grand Forks, Dec. 5.—At a meeting
of the Grand Forks Local Labor Union,
held last evening, there was a strong
feeling against accepting the lower
wage schedule offered by the Granby
Company, and things to-day don't look
any too promising for an immediate
resumption of work at the smelter.

It is reported that possibly the Gran-
by Company may employ men from
elsewhere, but such action would be
deeply regretted, as it would only lead
to trouble, possibly of a serious na-
ture.

The next few days may throw light
on the subject.

The Granby Company has not con-
sulted the Labor Union regarding the
acceptance of lower wages, but has
stated that all men who wanted to go
to work at the lower wage scale could
do so.

BOMB OUTRAGE.

Woman Who Attempted to Assassinate Moscow's Governor Won't Divulge Her Name.

Moscow, Dec. 5.—The woman who
yesterday made an unsuccessful at-
tempt to kill Lt.-General Gueschel-
mann, governor of Moscow, with a
bomb, refuses to divulge her name,
but her connection with the Mos-
cow military revolutionist organization has
been established. The Governor-
General has received telegrams congratu-
lating him upon his narrow escape,
from the Emperor, Premier Stolypin,
and United States Secretary Taft.

SEES DAWN OF NEW ERA IN CRISIS

Talking of Financial Debacle E. H. Harriman Says U. S. Is Only Rotten in Spots.

New York, Dec. 5.—That the country
is already beginning to recover from
the severe shock received in the recent
panic is the opinion of E. H. Harrim-
an, as expressed in an interview
published here yesterday.

"We are on the rebound from the
depression, and we are on it to stay,"
Mr. Harriman said. "The country is
too big and the people too sensible to
allow the acts of a few men to shake
the integrity of our great financiers and
business men, as a whole. Naturally
there was a scare at first, but when
people saw that there were rotten
spots only here and there, they quickly
recovered from their fright."

"The dawn of a new era of prosper-
ity is here. But we must not expect
it at once to see every line of com-
mercial business as active as it has been
during the past two years. We have
a presidential campaign in front of
us. It is only natural that we should
feel our way cautiously for some time,
not hesitatingly but rather conserva-
tively."

SWEDISH CABINET.

Stockholm, Dec. 5.—M. Juhlien, who
yesterday resigned the office of min-
ister of the interior on account of dis-
sensions in the cabinet, has been ap-
pointed postmaster-general.

STRANDED MOUNT TEMPLE.

Halifax, Dec. 5.—The C. P. R. steamer
Mount Temple, which was stranded on Iron-
bound Island, has been abandoned to
underwriters. The chances of getting her
off are slight.
