SPECIAL.

To the Editor of The Sun: SIR-I am sorry to see that the Rev.

John deSoyres has found cause of offence in my remarks at the syned in Halifax on Wednesday last. I stated, as I wrote Mr. deSeyres in June, 1892, that I was desirous that he should be one of the divinity lecturers at King's college. I also stated, and I had the highest authority for the state-ment, that Mr. deSoyres had been asked to lecture and declined. That he "finally consented" I did net knew until today, and

had I known it I should have been glad to inform the synod of the fact.

As for the general charge of inaccuracy of statement, I am quite willing that the readers of THE SUN sheuld judge between us in this matter, and I trust my metives will not be misjudged if I decline any further personal controversy.

AMHERST. Bar Tender, in Making His Escape From a Scott Act Inspector, Seriously Injured.

RICHIBUCTO, June 25.

AMHERST, June 30.-Sam Seaman, the bar tender at the Amherst hotel, at about B c'clock this morning had a terrible fall rom the reof of the hotel to the ground, a distance of about thirty feet, while en-deavoring to make his escape from C. R. Casey, Soott act inspector, and efficer.Soy, who, armed with Scott act papers, were after him. The two officers of the law traced Sam, that being the only name he was publicly known by, to his bedreem and demanded admittance. That request Sam refused, and threatened to shoet them if they broke in the door. From appearances seems he then opened the window and got out on to the roof with the intention of passing to a window of an-other room and thus make his escape. He was seen for a minute or so clinging to the roof and then he suddenly disappeared and a heavy thud was heard be low. He was picked up in an uncenscieus condition and at once medically treated. He will weigh in the vicinity of two hundred pounds. He still remains uncenscious and the extent of his injuries have not yet been ascertained. He broke a two inch plank in his fall.

Hon. Hiram Black last evening delivered an interesting descriptive address on his re-

cent visit to Eugland. The several committees of the Amberst board of trade were appointed last evening and matters generally straightened out for work. It is now understood that Amberst will soon have direct telephone communica tiod with Northport and round the Shulee shere te Parrsbore.

A concert of more than usual interest took place at the Methodist church, Point de Bute, last night. The concert, which was in aid of the parsonage repairs, was gotten up by the members of the Methodist church assisted by Mrs. Harrisen, Miss Heffer, Miss Atkinson and Messrs. next Sunday. / Miss Bartlett, superintendent of the branch of W. C. F. Union work among railway men, addressed a large meeting under the auspices of the local union in the First Baptist church yesterday afternoon. Among those present were a deputation from the Brotherhood of Trainmen. Miss Bartlett's address was greatly appreciated.

This is quite a gala day in Moneton. Fisgs are flying from the schools and pub-lic buildings, stores and dwellings and fac-tories, and several dwellings and stores are gaily decked with small flags and streamers. The stores are generally closed, and the town has a genuine heliday appearance. The day opened cloudy but cleared off fine and warm. Quite a number teck the neen train to Amherst to see the races there, and quite a number of stran-gers are in town. Among the former Monoton boys neticed here are Frank Holstead, of Manchester, Robert-

son & Allison, St. John, and T. H. Wran, also of St. John. A. M. Berden, of the Bank of Neva Scotia, Amherst, and H. Arneld, manager of the bank at Oxford, were also in town and were warmly welcomed by the many friends they made while connected

with the branch here. The first sports of the day took place in the morning, being the horse racing on Outing park. The only event was a trot for

local horses that could trot nearest to three minutes, in half mile heats. The starters were Iselwood, W. Wilson, pole; grey mare, Geo. McSweeney; bay mare, Dr. Bradley; grey mare, D. White. Wilson finished first in the first half in 1 26¹/₂, Dr. Bradley, second, in 1.28¹/₂; D. M. Wilour, third, in 1.28¹/₂; and White, fourth, in 1.37. The second heat was finished in the following order: Wilbur, 1st, in 1.25; Dr. Bradley, 2nd, in 1.27; Wilson, 3rd, in 1.27, White 4th ih 1.381. Dr. Bradley's mare consequently won the race, time 2.55, Wilsen's 2ad 2.53¹/₂, Wilbur 3rd 2.53¹/₂, White fourth 3.16. The running race did

not take place, as the entries were insufficient. The sports in the athletic grounds in the

Hundred yard dash was won by James Humphrey, of Moncton, in 101 seconds, de-feating McLeed, of Nerton, by about 2 yards. 220 yard race was also won by Humphrey in 24 seconds, defeating McLeod and Glendenning by several yards. In the 440 yard race three started, B. Glendenning, of Menoton, won easily by ten or fifteen yards, MoLeed second, W. McD. Campbell, of Menoton, third; time, 581 sec.
