Regulations Regarding Lights On Vehicles

Minister of Public Works Says That Police of Province Have Been Requested to Enforce Law and Have All Vehicles Operating on Highways Properly Equipped With Lights or Reflectors. Fredericton, N. B. - Hon. D.A. Stewart, Minister of Public Works, today announced that instructions have been issued to the police of New Brunswick to strictly enforce the provisions of the Motor Vehicle Act regarding the carrying of lights on all vehicles operating on the provincial highways. The Minister pointed out that during the late fall months it was increasing the number of vehicles operating on our highways after sundown should be equipped with lights or reflectors as required by law, and in view of the many complaints being received by the department, amend this matter, a drastic enforcement of the law was necessary at this time. In his statement, Mr Stewart drew attention to the following sections of the Motor Vehicle Act: (1) A vehicle on wheels or runways other than a motor vehicle, or any highway open to motor vehicle traffic, shall have attached to it a light or double reflector displayed on the left side of the vehicle and in such a position so as to be visible from the front and rear thereof during the period from one-half hour after sunset to one hour before sunrise; provided, however, that this section shall not apply to any vehicle which is designed to be propelled by hand and is not in motion on a public street, in any city, town, village or Provincial Highway where artificial light is provided to make such vehicle clearly visible from a distance not less than one hundred feet in each direction. Such reflector shall be approved by and sold only through the Department. (2) Every commercial motor vehicle or trailer shall have conspicuously attached to the back thereof within six inches of the left side of the body in such a position as to reflect the light from the headlights of a vehicle approaching from the rear a red reflector approved and sold only through the Department and to be used with License Plates. (3) Every commercial vehicle with a width of body of over six feet must have securely attached to the front thereof within six inches of the left side of the body in such a position as to reflect the light from the headlights of a vehicle approaching from the front a white reflector approved by and sold only through the Department and to be used with the License Plates.

Lockhart, and Mrs Clarke Campbell, entertained the members of the Barrington Memorial Chapter, I.O.O.F., at the home of Mrs McCabe. It was voted to send a sum of money to the Seaman's Mission, in St. John, to send Christmas dinners to the families of returned soldiers, and Christmas boxes to needy people in the town and vicinity. Following the routine of business was served by the hostesses. The Edmundston Laundry and Dry Cleaning Plant has obtained the services of Mr Lee (Chinaman) of Lee's Laundry. Mr Lee has been in the hand ironing business for over thirty years and his work is unequalled in the province. This addition to the staff is in keeping with the policy of the Edmundston Laundry in giving their customers the very best service obtainable at the most economical prices. Additional equipment has been installed so that hard collar and dress shirt work may also be done. In the Quebec Government, to follow a recent provision for the operation of motor truck traffic between the two provinces. In his statement issued today Hon. Stewart explained that the agreement had been based upon the following regulations, which will be of considerable importance to the operators of motor trucks in this province, and particularly those operators who do considerable business in the province of Quebec. (1) Motor trucks owned by residents of New Brunswick and duly licensed in this Province may take loads into Quebec or bring loads out without being registered in that province providing no goods are picked rear an agreement providing for the same treatment in New Brunswick. (2) Trucks properly licensed in this Province by Oil Companies working under agreements which provide for the distribution of fuel at stations at Campbellton may use the roads on the Gaspé coast without registering in Quebec. (3) When the above Oil Companies have distributing stations in Edmundston their trucks are allowed to operate between Edmundston and River-du-Loup without licensing in New Brunswick, and Quebec Passengers Buses operating between River-du-Loup and Matapedia will be permitted to operate between the Border and Edmundston without licensing in New Brunswick, and Quebec Passengers Buses operating on the Gaspé Coast will be permitted to enter Campbellton either via Matapedia and Route 11 or via Ferry without registering in New Brunswick, providing no passengers are picked up and set down in New Brunswick. "New Brunswick Buses operating between Bathurst and Matapedia will be permitted to enter Matapedia without registering in Quebec. It is understood that the above mentioned Buses have completed with the Regulations in the respective Provinces, applying to Public Carriers, and that the weight of any vehicle is not to be in excess of that set by the Statutes of either Province."
