

"TEDDY" ROOSEVELT PLANS TO AID ENTENTE

THEODORE ROOSEVELT READY FOR THE WAR

Former President of the United States Will Lead Expeditionary Force to Europe if Necessary, According to the New York World.

When Republic Declares War, "Teddy" Proposes to Come to Canada and Organize His Forces, but Must Get Consent of President Wilson.

New York, Feb. 19.—The World today says: "The World is informed on excellent authority that Colonel Theodore Roosevelt is planning to raise an expeditionary force in the event of war with Germany and to sail to Europe with it just as soon as possible. It is his intention to place this force at the disposal of the Entente generals who have charge of the fighting scheme and to lead it in accordance with their ideas. The Fighting Colonel. "Those who are acquainted with the Colonel's plans say that he is making them with the idea of joining directly with those who are fighting Germany now—any idea which the army and navy officials of the United States may have for conducting a distinctly American campaign to the contrary, notwithstanding. It is declared that Colonel Roosevelt feels that the sending of an expeditionary force to Europe would give additional zest to the struggle of the Allies and convince them, as nothing else could, that America is wholeheartedly devoted to the cause for which they are fighting. "How large a force he would raise

would depend entirely upon the conditions obtaining at the particular time when the United States entered the war. He is known to have obtained pledges from a sufficient number of trained men at the time the Mexican situation was critical to make the formation of a division possible within a very short time. His present plans are known to cover the possible raising of a corps or even of an army of 200,000 men. "One of the matters which Colonel Roosevelt has under consideration, according to the World's informant, is to go to Canada and organize his force there in the event that his plans would interfere with those of the general staff to such an extent as to make the organization of his command here too difficult. It is said that he would not do this except with the tacit consent of the president and the army chiefs, but that he feels that Canada's experience during the last two years in organizing and training expeditionary forces within a short time would be of invaluable assistance to him.

HOPEWELL CAPE NOMINATION

Special to The Standard. Hopewell Cape, Feb. 17.—Sheriff Carter opened his court for the nomination of candidates promptly at ten a.m. Saturday. After the usual formalities the following persons were nominated as candidates for the election: J. L. Peck, Lewis Smith for the government party, and W. M. J. Carnwath and S. S. Ryan for the opposition.

Hon. Mr. Osman Explains. At two o'clock speaking-making commenced. Sheriff Carter occupied the chair. The first speaker was Hon. C. J. Osman who detailed the circumstances under which a compromise had been talked of between the parties but this had failed and his business would not allow him to participate in a contest and that he had withdrawn.

The candidates spoke briefly in the following order: Peck, Carnwath, Smith and Ryan. Mr. Peck said in part that as a business man he had looked carefully into the platform of the new government which he considered a very excellent one and that he was prepared to endorse it and support the government.

Carnwath Apologetic. Mr. Carnwath said that he did not endorse all acts of the old government previous to 1908, but that it was no longer before the people and that he thought his friends knew him well enough to know that he would be faithful to their interests if honored with their confidence.

Mr. Smith said that for the first time he came before the people of Albert county as a candidate for their suffrages, that during his short canvass he had met with very warm friends of the government as well as some not allied to it who had pledged him their support, that he would do what he thought in the best interests of the people irrespective of party and would support the present platform of the new government. Mr. Ryan made a fine speech, quite characteristic of himself. He said that the people knew him from his long experience in the legislature, he had blocked the compromise spoken of by Mr. Osman; he made several charges against office holders of the local government regarding highway appropriations and other matters which were promptly contradicted by A. W. Garland, structural superintendent, and John L. Peck. All of the candidates

stated that they were temperance men and that they had signed pledges to uphold the new prohibition act. They all got good hearing and at the close of the meeting a vote of thanks was tendered to Sheriff Carter. Government Men Confident. The candidates of the government party informed your correspondent that they have every reason to be confident of their election by handsome majority.

THE PREMIER AT HILLSBORO

Special to The Standard. Hillsboro, Feb. 19.—Premier Murray and the Government candidates, J. L. Peck and Lewis Smith, addressed two great meetings in Hillsboro and Albert this afternoon and evening.

The afternoon meeting was held at Hillsboro in the Town Hall, which was completely filled. W. H. Duffy presided and Premier Murray, as well as the candidates, were given a most enthusiastic reception. Premier Murray delivered a masterly speech and made a fine impression. At 6.30 a special train with Premier Murray and the candidates and two carloads of people left for Albert where another meeting was held this evening in Oulton's Hall, which was filled to overflowing. Geo. D. Prescott, M. L. A., presided and no better or more enthusiastic meeting was ever held in Albert. The reception accorded the Premier was indeed very gratifying to the Government forces.

Besides the Premier the candidates, Messrs. Peck and Smith, were given a hearty reception. The prospects look excellent for a sweeping Government victory in Albert. Tomorrow the candidates will speak at Parkdale and Wednesday night they will address the electors of Elgin.

Strong Support For Oleomargarine's Return. Although no public action has been taken as yet in Vancouver to urge upon the Dominion Government the repeal of the enactment prohibiting the manufacture and sale of oleomargarine in Canada, a movement with that purpose in view is creeping across Canada. The subject has been agitated in the

HOW THE PRESENT PROVINCIAL GOVERNMENT HAS AIDED EDUCATION

During Its Nine Years in Power it Has Spent Over Half a Million Dollars More for Education than the Old Government Did in a Like Period.

The other day The Standard published a comparative statement of the expenditure by the old government and the present administration with regard to agriculture, education and public works. Today the subject of education is treated separately, the result being as follows:

Table with 2 columns: Year, Expenditure. Rows for 1899-1907 and 1908-1916.

ment from 1908 to 1916, inclusive. 1908 \$256,145.53 1909 263,066.00 1910 267,688.99 1911 272,904.28 1912 274,411.96 1913 275,149.92 1914 278,072.65 1915 284,588.78 1916 290,941.30 Total under present government, \$2,462,568.76 Yearly average under present government—\$273,663.20. This shows a total expenditure under this government, for the past nine years of \$577,139.13 more than the expenditure for the same service under the old government, or a yearly difference in favor of the Murray government of \$64,126.57. Is it any wonder that the Murray government stands so well with the best educational minds of the province?

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and brilliant. Mixing the Sassa Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores. Known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss. While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does so subtly, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Enthusiastic Gathering Last Evening Heard Addresses by Hon. J. B. M. Baxter, L. A. Conlon and Others. The political rally last night at Beaconsfield in the interest of the government candidates, Hon. J. B. M. Baxter and Thomas B. Carson, was a grand success. The hall was crowded and the audience showed its approval of the choice made in selecting two such able men as Hon. Mr. Baxter and Mr. Carson to represent the county at Fredericton. The chair was held so by H. C. Smith. Besides the Attorney-General, L. A. Conlon and George Dawes, and the chairman, several other prominent men of that section of the county were on the platform. When Hon. J. B. M. Baxter arose he was greeted with a grand ovation, he mentioned the various road policy of the present government and to it contrasted the hallucinations and crazy patch-work policy of the buccaners. He referred to the improvements in the roads during the last eleven years, mentioning the various roads of the county, and said that though much had been accomplished it was the intention to do more to improve the roads and highways. He outlined the advantages to be gained by returning to power the administrators who had so judiciously looked after the interests of the people of this province as well as the provincial resources since 1908. He derided the opposition road policy that they have endeavored to push upon the public as a last hope. He said it was the intention of the opposition to spend one million dollars on permanent roads. This meant that one section of the country would have about seventy miles of permanent road and the rest of the province would be mud knee-high. He characterized the scheme of the opposition as the limit of absurdity. L. A. Conlon paid special attention to the Workmen's Compensation Act. He gave an outline of the advantages to be derived by the workmen of the province from the passing of this act. He said that the government had appointed a commission consisting of representatives of those to whom the act would to a large measure apply, and that the members of the commission before this act was passed would make its report and recommendations to the government. He said stress on the fact that such a measure would eliminate a whole lot of needless law suits which are carried on at the present day by the employees against their employers. George Dawes also spoke upon the progressive policy of the present government. He paid unstinted tribute to the work accomplished by Mr. Baxter and Mr. Carson at the last session of the assembly for the good of St. John county. The National Anthem brought to a close one of the most successful meetings that have been held by the good government candidates during the campaign. The annual meeting of the lot holders of Cedar Hill Cemetery, will be held in the Temperance Hall, Fairville, in the Parish of Lancaster, on Monday, the 26th inst., at the hour of p. m., for the transaction of any business legally coming before said meeting. W. H. ALLINGHAM Secretary.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and youthfulness.

BEAconsFIELD THE SCENE OF A FINE RALLY

Enthusiastic Gathering Last Evening Heard Addresses by Hon. J. B. M. Baxter, L. A. Conlon and Others.

Corns Applied in 5 Seconds Cured Quick

Sore, blistering feet from corn-plinched toes can be cured by Putnam's Extractor. "Putnam's" soothes away that drawing pain, bases instantly, makes the feet feel good at once. Get a 2c. bottle of "Putnam's" today. cast, and received support in responsible quarters, and it has been taken up in Winnipeg, and the proposal for the repeal of the legislation has been unanimously approved by the council of the Board of Trade there. Mr. T. R. Deacon, the chief advocate of it at Winnipeg declared the ban was interfering with the people's food. It was in common use in Great Britain, Continental countries and the United States, and could not now interfere with the sale of butter because of the wide margin in prices between the two commodities. Everywhere the subject has been discussed and attention has been drawn to the great improvement in the quality of oleomargarine, and in discussion it was declared that the only restriction needed against it was that it should not be colored like butter, because in that event it would be impossible for the average man to detect it.

SUCCESSFUL SMOKER AT BEAconsFIELD

Electors There Enthusiastic Over Outlook for Big Vote for Messrs. Baxter and Carson on February 24th.

There was a large attendance of Government supporters at the Beaconsfield Club rooms last evening, when a smoker was enjoyed and the provincial issues discussed. H. Colby Smith occupied the chair in an acceptable manner. Hon. Dr. Baxter was the principal speaker and he made an eloquent address on the issues of the campaign contrasting this government's record with that of the old administration, the members of which combination were again seeking to attain power. Other speakers were George Dawes and L. A. Conlon who made an excellent impression and urged the electors to work hard for the return of the Government candidates. The success of the meeting augurs well for the return of Messrs. Baxter and Carson with large majorities.

ROYDEN FOLEY GAVE LECTURE ON MOTORS

Gasoline Engines the Subject—Representative Audience Listened Attentively for Nearly Two Hours.

There was a representative gathering of New Brunswick automobile members, and others interested in gasoline engines, in the Board of Trade rooms last night, when Royden Foley gave a most interesting and instructive address on the gasoline engine. Mr. Foley is a graduate of the Pratt Institute, and is the only licensed aviator in this section of the country. For nearly two hours this young expert lectured and answered many questions put to him by different persons in the audience. T. P. Regan, the president of the Automobile Association, presided.

Mr. Foley first took up the history of the automobile motors in their infancy, and gradually worked up to the very latest type. He spoke on the aviation motors, in the two and four cycle motors, and the Deisel engine. He brought out all the new features of the latest automobile motors, the use of aluminum in the engines being one of the big features at the present date. Mr. Foley also gave a vivid description of the electrical equipment of the engines. Carburetors and the care that should be taken of the motor were other subjects touched on. Mr. Foley spoke on the coming engine, and said it will be an aluminum engine of the sliding sleeve principle. He also spoke on gasoline turbines. Not once during the long discourse was the interest lacking, and at the finish all present voted that it was one of the most interesting addresses they had listened to in a long time. At the close a hearty vote of thanks was moved by J. F. Tilton, seconded by Mr. J. Boyle Travers and carried unanimously by a standing vote. It is quite possible that in the near future Mr. Foley may lecture for the association members and all others in the city who are interested in aviation.
