HOW
SOME
MEN
BUILD
HOUSES

Some build two family houses
finishing their own flat first;
then with the money that they
are in rent complete the other
flat as fast as their means per-
mit.

Some build all, move into
these, and as the rent is cut
off they are able to make a
start on the main house.

One customer started a house
in March, moved into it in May,
there were no rooms finished
out as it was coming summer
and he was like camping out. By
all he had enough rooms fin-
ished that his family could get
brought the winter without
freezing. By working himself,
and by saving he got his home
completed in a few years. He
has his own landlord now and his
salary was not four figures.

The Authority of Years

For over 50 years Dr. Pierce's Favorite Prescription has helped thousands of women, to better health, greater strength, brighter spirits, better looks. Dr. Pierce's Favorite Prescription, (in tablet or liquid form) helps women to retain their youthful looks because it removes the cause of most of the troubles peculiar to women. It is a non-alcoholic tonic—invigorating and health-restoring—which has been so successfully used by American and Canadian womanhood.

DACON, ONT.—"I am more than pleased with Doctor Pierce's Favorite Prescription. I was run-down and so nervous that I could not even stay in the house alone in the daytime, and tried every kind of medicine I heard of, but got no result. One of my friends advised me to take 'Favorite Prescription'—said that it would cure me, and it did. After taking four bottles I felt like a new woman. It is also the very best medicine for a woman bringing up a family."—MRS. JOSEPH BEAUDRY, Route 2.

Bathurst Hotel Destroyed By Fire

Bathurst, N. B., March 30.—The White House was destroyed by fire early Sunday morning. The fire was discovered about 1.30 o'clock, and the guests were aroused, all of whom got out of the burning building without injury, though some did not save all their personal effects. The loss of the

White House will prove a great inconvenience to the travelling public, as it was the only hotel in the northern town, the Robertson House having been destroyed by fire a few years ago.

France now has an active army of 830,000 men, divided as follows: 570,000 Frenchmen, 140,000 natives of northern Africa, and 100,000 foreigners and native colonialists.

This new way to beautiful teeth

Your druggist today has a new way of teeth cleaning. And a ten-day tube is free.

Millions of people now employ it. Leading dentists everywhere advise it. You would never go without it if you knew.

Go ask for that free tube. There are few things more important than well-protected teeth.

Remove the film-coat

You brush teeth now, but you leave much of the film. A viscous film clings to the teeth, enters crevices and stays. The ordinary tooth paste does not end it. So teeth too often discolor and decay.

Dentists now know that the reason lies in film. That causes most tooth troubles. And, until one ends it, brushing fails to save the teeth.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. And pyorrhea wrecks countless lives today.

An alarming situation

Tooth troubles have been constantly increasing. Very few people escape them. So dental science has in late years studied to combat that film.

Now we know how. The methods have been proved by careful clinical tests, made under able authorities. Now millions of people employ them, largely by dental advice. A new era in teeth cleaning is fast spreading the world over.

These new methods are combined in a dentifrice called Pepsodent. A 10-Day Tube is given to everyone who asks. Now all who will may quickly know that film can be combated.

What you will see

A test of Pepsodent brings quick and unique effects. One sees and feels them clearly. And a book which comes

with the 10-Day Tube tells the reasons for them.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva to digest starch deposits that cling. Each application also multiplies the alkalinity of the saliva—to neutralize the acids which cause tooth decay.

Two factors directly attack the film. One keeps the teeth so highly polished that film cannot easily adhere.

Day by day we fight the film and all its ill effects. You see the results in whiter teeth. You feel them in cleaner teeth. But the great results are such protection as teeth never had before.

You owe yourself a knowledge of these facts. Old ways of brushing have proved sadly inadequate. Nearly everybody at some time suffers troubles caused by film.

Now science knows how to combat film, and in ten days you can know. Never again will you trust the old ways when you know the new.

Teeth will glisten when the film-coat goes

Get this free tube and watch it. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the film-coat disappears. You will instantly know that Pepsodent does what nothing else has done. In a few days you will realize what clean teeth mean.

Exhume Body of Capt. Perry

Dr. Finn of Halifax to Make
Careful Investigation for
Further Murder Clues.

Halifax, March 30.—Dr. W. D. Finn, medical examiner of Halifax, today (tomorrow for Yarmouth) will make an examination of the wounds received by Capt. Geo. Perry, and which caused his death. The body will be exhumed tomorrow. It is thought by the Attorney-General's department that Dr. Finn, who had had much experience in autopsies, may be able to ascertain the nature of the wounds and the kind of instrument used by the murderer.

New Steamship Service.
The Purcell, White Steamship Company announced today the establishment of a passenger and freight service between Halifax and Boston. The steamer Scotchman, will begin the service. She will sail from Liverpool next month for St. John's, Nfld., and Halifax, and after her arrival here will go on the Boston route. A schedule of summer sailings will be arranged later.

IN THE EDITOR'S MAIL

CIVIL SERVICE BONUS

To The Editor of The Standard.
In the issue of The Standard of the 26th inst. there appeared an article in reference to "Bonus of Civil Servants." Advice from Ottawa suggests that this year there would be a reduction of 25 per cent. in the amount paid Civil Servants as bonus.

The article referred to stated that such reduction was to be expected by Civil Servants and consequently came as no surprise to them. The Standard's informant in this regard failed to express the real sentiment of Civil Servants, for on the contrary we consider such action on the part of the Government entirely unwarranted and unjust.

For this reason and since the public are usually misinformed in regard to such matters, may I be permitted to briefly present the view point of the Civil Servant himself.

The bonus from the popular point of view represents something extra, in the nature of a bouquet as it were, that is given by a considerable employer to an employee.

In the case of Civil Servants such is not the case. In reference to Postal Clerks, the salary schedule, except in a very few instances, has remained unchanged since pre-war days. In consequence of this and in view of the fact that wages in all lines were being increased to meet an ever increasing cost of living the Government granted a bonus. This bonus represented an increase in remuneration of from 10 to 30 per cent, while the cost of living increased to 60 or 70 per cent.

Then came the much heralded "Re-Classification of the Civil Service," which provided in some cases slight increases in salary attended by a proportionate reduction in Bonus which left the recipient an increase in salary and an almost equal amount decrease in Bonus. In the working out of the complicated schedules, compiled by American efficiency experts, the result in some cases were to the effect that the employee actually owed the Government.

Now, the Prime Minister states that there will be a reduction of 25 per cent. in our Bonus. We feel that the time is inopportune and where we have not been previously sufficiently recompensed for our services, the present is not the time to effect a reduction. Last session the members were not slow to recognize the H. C. L. when they increased their indemnity; at present no word has been received of a reduction, while the Civil Servant is faced with a 25 per cent. cut. Thanking you Mr. Editor for your valuable space.

I remain yours,
T. FRANK WALSH,
Sec. of Postal Clerks' Association.

OBITUARY.

James Kincaid.

A message from Cody's, N. B., yesterday announced the death of James Kincaid which took place during the morning after a brief illness. He was in the eighty-eighth year of his age and was a highly respected citizen and well known throughout the county. As a young man he was engaged in the lumbering business at Canaan and fifty-five years ago he purchased a farm at Cody's and had lived there ever since.

Besides his wife, who was formerly Miss Abigail Thorne of Thornstown, he leaves four sons, B. Wilnot, of Portland, Maine; H. H. H. of New York; Walter E. of Berlin, H. H. and J. W. at home, and two daughters, Mrs. G. H. Farley and Mrs. Hilda Field, of Portland, Maine. The funeral will take place from his late residence on Friday morning at 10.30.

John Dempsey.

Many friends in this city will regret to learn of the death of John Dempsey, which took place at his residence in New York city on Sunday. He was born in the old Town of Portland more than fifty years ago. He left St. John in 1910 after graduating from the Christian Brothers' school and completed his education in the States. In later years he became an interior decorator and met with success. Two years ago he retired owing to ill health. He is survived by his wife, one daughter, Elizabeth, and one son, Paul, also his father, Jeremiah Dempsey, and two sisters, who are residing in Brooklyn, N. Y. Mary Ogle, of Fredericton, is an aunt. The funeral took place Tuesday to Holy Cross cemetery, Brooklyn.

Dr. J. A. Storey.

Dr. James A. Storey, L.R.C.S., L. and L.R.C.P., a brother of the late J. K. Storey, who was for many years a prominent merchant in this city, died on March 10 at Dunstable, Bedfordshire, England. He leaves his wife and two daughters.

Norval McLaughlin.

Norval McLaughlin, 2 Courtenay street, dropped dead yesterday morning while walking along the north side of King square, in front of the Edward Hotel. He was in the sixty-seventh year of his age, and until a few weeks ago had been in comparatively good health, when he contracted heart disease and for the last four weeks had been confined to his home. Coroner H. A. Porter was notified and gave permission to move the body to Mr. Powers' undertaking parlour.

Mr. McLaughlin was well known in the city and the news of his death will be received with regret by a large circle of friends. He was a thimble by trade and for many years was employed with J. Spence & Company, Water street. Besides his wife he leaves one sister, Mrs. Richard, of Boston. The funeral will take place on Friday afternoon from his late residence.

WEDDINGS.

Abrahamson-Davis.

On Easter Sunday Miss Alice Davis, daughter of Mr. and Mrs. Israel Isaacson 23 Coburg Street, this city, was united in marriage to Mr. Maurice Noel Abrahamson, a young Boston attorney at Brooklyn, N. Y., by Rabbi Dr. Alex Lyons. The bride party included Mrs. Deck and Mrs. Fred Simmons, of Brooklyn, N. Y., cousins of the bride and Mr. Joseph Abrahamson of Syracuse, N. Y., a cousin of the groom. The bride is well known in St. John while Mr. Abrahamson is a member of the Massachusetts Bar and served two years overseas in the war. After a trip to New York and through the New England States and a visit to St. John at the end of this week the young people will make their home in Boston.

Over a hundred American girls are still in Coblenz, Germany, engaged in Y. M. C. A., Y. W. C. A., Salvation Army and other welfare work.

"You Are Looking 'All In'"

"YES, and that is just how I feel."

"What seems to be the matter?"

"Why, I had tonsillitis, and my whole system seemed to be poisoned and run down. So much so that I do not seem to gain strength."

"Will you let me be your doctor and do as I tell you?"

"I will do anything to get strong and well. I have been sitting here too long already."

"Well, you send to the drug store for six boxes of Dr. Chase's Nerve Food, and take one pill after each meal and at bedtime. Believe me, it will not be long until you feel the benefit of this treatment and find yourself gaining in health and vigor."

"How do you know?"

"I know from personal experience. After I had the 'flu' I was left just like you are now—all run down; could not sleep; the little food I ate did not seem to do me any good, and I was getting pretty blue."

"Yes."

"Well, my wife had been using Dr. Chase's Nerve Food, and insisting on me giving it a trial. You know the rest, for I was soon about again, as hale and hearty as ever. I have told lots of people about this Nerve Food, and never knew it to fail yet."

"You are to be the doctor in this case, so I will follow your advice."
