78 LEES AVENUE, OTTAWA, ONT.
"Three years ago, I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-lives', I thought I would try them. The result was surprising."

I have not had an hour's sickness since I commenced using 'Fruit-a-lives', and I know now what I have not known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

Miss Nellie Armstrong left on Monday for London, where she will enter the hospital in connection with her asylum, taking training for a nurse. Nellie is a bright girl and will make a capital nurse. All success to her.

Mrs. Matthew Armstrong, secretary-treasurer of the Newbury-Mosa Women's Institute, attended the convention of delegates at London last week, who appealed to the county council for aid in carrying on patriotic work.

The W. F. M. S. of Knox church motored to the home of John Telfer on Tuesday last for their regular meeting. After the routine work, the ladies were invited to the dining-room, where Misses Ettie and Alena Telfer served supper.

The address given in the town hall on June 4th under the auspices of the Newbury-Mosa Women's Institute by Miss Graydon, a graduate nurse of Streetsville, was one of the best if not the best ever given in this village in connection with the care and prevention of illness. An invitation had been extended to the girls of the senior room to be present. This the principal of the school kindly acceded to. With the aid of the girls Miss Graydon gave a demonstration of what to do in the event of a case of drowning. The principal of the school, John A. Armstrong, had requested each girl to write a composition and present it at school the next day, from memory, and they gave their best attention to Miss Graydon's lecture. The girls rendered several of their school songs, and a delightful and profitable afternoon came to a close with a simple luncheon which all enjoyed.

Corns cripple the feet and make walking a torture, yet sure relief in the shape of Holloway's Corn Cure is within reach of all.

Health cannot be looked for in the child that is subject to worms, because worms destroy health by creating internal disturbances that retard development and cause serious weakness. Miller's Worm Powders expel worms and are so beneficial in their action that the systems of the little sufferers are restored to healthfulness, all the discomforts and dangers of worm infection are removed, and satisfactory growth is assured.

The citizens of Melbourne and vicinity are feeling very proud over a report sent here, by an officer in France, of one of our boys, Lance-Corp. Edward Newman, who went overseas with the 135th Battalion. We are informed that "Ted" has not only received a stripe, which he had refused to accept on several previous occasions, but a military medal. He carried out a comrade who was wounded in a raid, bandaged the wounds, then returned to a German trench, bringing back his machine gun, solely by himself.

A most enjoyable evening was spent at the home of Ernest Cawthorpe recently in honor of Norman Graham and Will Irish, who are leaving to do the khaki. The affair was delightfully informal. L. W. Beach acted as chairman. A program was given, consisting of games, piano solos, vocal solos and duets and addresses by a number of the guests. Finally the two boys were called; an address was read by Geo. Cawthorpe, while John Gallagher presented them with a sum of money, a gift from a few of their many friends.

The Oil of Power.—It is not claimed for Dr. Thomas' Electric Oil that it will cure every ill, but its uses are so various that it may be looked upon as a general pain killer. It has achieved that greatness for itself and all attempts to surpass it have failed. Its excellence is known to all who have tested its virtues and learned by experience.

Dread of Asthma makes countless thousands miserable. Night after night the attacks return and even when brief respite is given the mind is still in torment from continual anticipation. Dr. J. D. Kellogg's Asthma Remedy changes all this. Relief comes, and all at once, while future attacks are ward off, leaving the afflicted one in a state of peace and happiness he once believed he could never enjoy. Inexpensive and sold almost everywhere.

The merchants of Glencoe agree to close their respective places of business on Wednesday afternoons for three months during the summer, beginning June 12th till September 11th (both dates included).
