

IT WORKS LIKE A KODAK

## 2A FOLDING POCKET BROWNIE

Here is a new member of the Brownie family, which gives a picture of that highly popular size,  $2\frac{1}{2} \times 4\frac{1}{4}$ , in a folding pocket camera, at the extremely modest price of \$7.00. The illustration above not only shows the camera itself, but designates also the exact size of the picture it makes.

The 2A Folding Pocket Brownie loads in daylight with Kodak film cartridges, has our pocket automatic shutter, meniscus achromatic lens, automatic focusing lock, reversible finder for horizontal or vertical views, two tripod sockets, and is in every respect a well made and well finished little camera.

Now on sale by all Kodak dealers. Price \$7.00.

Catalogue of Kodaks and Brownies free at the dealers or by mail.

CANADIAN KODAK CO., LTD.  
TORONTO, CANADA

Make a big profit from every Cow **\$4.50**

Do you know what your cows are doing? Do you know which ones are profitable—which ones are eating their heads off? It will pay you to get rid of the robber cows.

### The Automatic Milk Scale and The Facile Jr. Babcock Tester

will show you in a short time which cows in your herd are paying a profit.

**The Automatic Scale** is made especially for weighing milk in the pail. There is a loose indicator on the dial that can be set at 0 by a thumb screw when the pail is on the hook. Then when the pail of milk is placed on the hook this indicator gives the exact net weight of the milk. It has another indicator that records the same as any spring balance so it can be used for weighing anything up to 30 pounds—larger sizes weigh up to 120 pounds.

**The Facile Jr. Babcock Tester** is designed especially for use in the dairy and on the farm. It is extremely simple in construction and operation. The working parts consist of but two cut gears and they are enclosed in a cast iron case to keep them free from dirt and to prevent their catching clothing, towels, etc. It turns easily without vibration or jar. It is sent complete with glassware, bottle brush, acid and full directions for use. It will pay you to have this scale and tester whether you milk three or thirty cows.

Our free catalog shows everything for milk dealers and dairymen at lowest prices.

## "To Whom It May Concern"

Mr. Jos. Sieffert, of North Bruce, was permanently cured of Sciatica, after suffering and being confined to his bed from Oct. 1891 to Feb. 1892. He has had no return of the trouble—now over 18 years.

Mr. A. C. A., merchant, formerly of Toronto, was cured in a few weeks after having suffered about three months each year for over nine years. He wrote to a friend: "I thought I never could be cured having suffered so long and having tried so many doctors."

Mr. B., guard of Central Prison, has been cured after having suffered for years and has since sent his suffering friends to be cured in the same way.

Mr. L., formerly of Cottingham St., this city, was cured of inflammatory rheumatism in 1894—has had no return nor any deformities resulting.

Many suffering from sick headaches, constipations, stomach troubles, etc., etc., have been permanently cured.

## I H C CREAM HARVESTERS MEAN MORE THAN BREED OR FEED

Right breeding and right feeding are essential to the greatest milk production. But that alone does not mean greatest cow-profits. You must get all the butter-fat to put your cows on the biggest profit basis.

A "scrub" cream separator is kin to a "scrub" cow. You cannot expect big money-making results from either. You must buy the separator with a record—a pedigree—just as you buy pedigreed stock.

You want the separator that will skim to a trace; yet it must be simple enough to be kept perfectly sweet and clean—strong enough to last for years—accurately constructed and true, so it will turn most easily. And you want the machine that just meets your needs—not too large or too small—but just right.

For such a separator, look to the I H C line—backed by the I H C reputation for quality. For biggest dividends on your investment of good breed and feed—you must get one of the

## I H C Cream Harvesters

All we ask is that you investigate thoroughly before you buy any cream separator. If you do that, you will soon own an I H C.

You will note their superior construction—their many special advantages. You will find that they are the only ones with dust-proof and milk-proof gears. You will find in them the most perfect straining device—insuring pure cream and skim-milk always. You will see that the frame of an I H C is entirely protected from wear by bronze bushings at all points; that the I H C has largest shafts, bushings and bearings; that it has the safest, simplest, surest and most economical oiling system; that the flexible top bearing prevents vibration and keeps the bowl steady, no matter how unevenly the power is applied.

When you know what these money-making, money-saving advantages mean to you—you will own one of the I H C Cream Harvesters. There are eight sizes to choose from—four sizes in each of two styles—the Bluebell, gear drive—the Dairymaid, chain drive.

Call on your local dealer or write the International Harvester Company of America at nearest branch house for further information.
