cepted. Unable to reply yet... Big Blue Lounge, others exist. Deja Q. Residence holds a secret. In memory I wait, for my time comes. NCC-1701-D

Too Bad Guys. Better luck next term. You might win one yet. Glad

to see you "tried" to recruit some new players. Not that it worked. We'll see ya next term. Maybe the Holiday Season will bring us something to cheer about in the new season.  
The Scout.  
P.S. Try not to have anymore Monday Night Games it's too hard to make the deadline for the classifieds.

To the inconsiderate jerk who stole my wallet from the men's locker room on Saturday afternoon: THANK YOU VERY MUCH! Was the \$17 really worth a possible criminal record? I want you to know how much you've inconvenienced me. The cash represented a week's groceries. GONE! So much for eating: you STOLE my bank cards! The

credit card (useless to you) was for a Christmas gift for my girlfriend this year. Thanks to you, she won't be getting one this year!  
I can't drive: you have my licence. I can't get a library book; you have my student ID card. What if I have to check into the hospital? You've got my medicare card!  
I know! I should have locked my locker for the three minutes when I went to take a leak! It must be all my fault. Next time I'll know better and hold it until I get home! If you can find any decent bone in that criminal body of yours, would you please turn the wallet in to lost and found? Oh yeah. Merry Christmas to you too!

B'day Mate; (yes, that is a real bloody accent). The term is drag-

ging, so is time, excitement we need. Maybe you could stop, drop, and role down another F;ton side street! I want to be there this time anyway, in the immortal words of El Hombre - POKE! POKE! (Don't forget the hand gesture)

Corky Rose:  
Out of curiosity, while you watch Jeopardy, do you top your rice cakes with mooseknuckles, slopped with peanutbutter? But we realize you're an artist and your creative mind is limited to nursery rhymes and your train of thought doesn't wonder beyond that pot of gold at the end of the rainbow.  
The Rest of the Family of Life Goes on

To Colin McKay,  
I've been watching you for so long! I liked your new hair cut, and those tight jeans. I wish we could get together and have a party, not. I want you so bad.  
Love the girl you got in heat

To Darren in Psyc 2203 at 1:30:  
We have been admiring you from a far, and from what we've seen, it looks pretty good!  
P.S. Hope to see you at the Hilltop, or the Cosmo sometime (Friday night hint! hint!).
