Ottawa, 17/4/1883

The area of the Indian Reserve in the County of Pictou, as shown on the plan of Reserves in the Province of Nova Scotia is 50 acres. It is not in my power to give any information as regards the title in the reserve or its location as the Dept is in possession of no report in reference thereto and the plan does not give any such information.

J. A. Bouchard

The Island in the Harbor Margaree Bay known as Island B and reported to Deputy Supdt Genl's report when in N.S. would contain about 20 acres. Island "A" also part of the reserve contains about 20 acres.
