SECOND HAND DEPARTMENT THE CANADIAN FAIRBANKS COMPANY, LIMITED, 92-94 Arthur St., Winnipeg, Man.

**Are You Going to Build?** We wish to draw your attention to the Weir Ready Made Cottages advertised in another page. These cottages are a great boon to the settler or homesteader as well as to townspeople as they can be put up in such short time after delivery at station. These cottages are built in all sizes, made absolutely warm and are manufactured at the factory's plant in Winnipeg. In conversation with Mr. Drynan, of the William S. King Co., Mr. Drynan informed our reporter that their factory is kept busy taking care of spring orders and that they were receiving orders from all over Western Canada for these ready made cottages. The above firm will be glad to furnish catalogues to all interested parties.

**The Barth Jack Booklet** It is seldom a booklet with as much really interesting information as the above is issued. This booklet is really more an instruction book on jacks in general than a eulogy on one jack in particular. It not only tells of new uses for a jack, but it shows these with illustrations in colors. Those who do not have jacks or who believe jacks were made for lifting only should write for a copy. The Barth Manufacturing Co. of Milwaukee, who issues this booklet, tells us that while the booklet is too expensive for general distribution they will gladly mail a copy to any of our threshermen readers on request.
