MOST PLOWS are built to fit a price.

In other words, the price is fixed, and the plow built so it can be sold profitably at that price.

John Deere Plows are built as they should be built—and the price follows—fixes itself.

Draft is not a matter of theory—but a fact! It is not determined by opinions, but by tests, which show the pull in pounds.

John Deere plow bottoms are of special shape—they lift the ground like a thin wedge splits a log.

Quality and Light Draft—a John Deere Motto for seventy years.

Send for booklet fully describing the **John Deere Gang**, built especially for northern trade; the best thing in the gang plow line ever offered to the farmers of the north.

THE GREAT DAIN LINE

of HAY TOOLS

Hay is one of the most valuable crops raised on the farm, one of the most necessary commodities grown, and is getting to be more valuable each year. To make the most of it, you must have the right kind of tools and good tools.

In the **GREAT DAIN LINE** we have a tool for every purpose. Each **Dain Tool** has special features that commend it for the use of the **Hay Grower** that wants to do the most and best work with the least labor.

Dain Tools are built "a little better than necessary" to stand the strain, that means lasting satisfaction, a pleased purchaser every time; it means tools that do the work without constant tinkering; it means money saved and more work done. Every **Hay Maker** ought to learn the advantages possessed by **Dain Hay Tools**; our descriptive literature is free, and we will gladly send it to you if you will inform us which tools you are interested in. Write to-day.
