His Individuality

and—

MAY SYLVIA PONTIAC CORNUCOPIA—23382. Born March 10th, 1915

—His Breeding Springfarm Pontiac Cornucopia

His Sire is

a bull who requires no introduction to American breeders, and who should share the same familiarity on this side of the line. His sire's sire is Sir Korndyke Cornucopia, and his dam is K. P. Pontiac Lass, the first 44 lbs. cow who also has 171 lbs. in 30 days and 426 lbs. in 90 days. Spring Farm Pontiac Cornucopia has proved his own value as a sire apart from the value of his pedigree, having now a 30 lb. Junior 2-yr-old daughter with first calf, a 30 lb. Junior 3-yr-old, a 28 lb. 2-yr-old, and several other 2-yr-olds with records from 20 to 28 lbs. He is owned by Francis M. Jones, Clinton, N.Y., who paid \$15,000 for him, while his ten nearest dams have each a 30 lb. daughter.

His DAM is MAY ECHO PONTIAC

She is sired by KING PONTIAC ARTIS, Canada's former herd sire at Avondale Stock Farm, and who at five years of age had more 20 lb. 2-yr-old daughters than any other bull. Her dam is May Echo Sylvia, whose records are too well-known to need repetition. It is sufficient to say that Mr. Hardy, of Brockville, is now using her two sons as his herd sires, and is using no other. He is concentrating entirely on the May Echo Sylvia blood. Mr. Hardy is a man who knows a good thing when he sees it. He is recently refused \$50,000 for one of these sires, and one of them has the highest average in the world for seven day records of his three nearest dams, and also, least we forget, May Echo Sylvia is the dam, and the great gr. dam of the \$106,000 bull. This fact is what made him worth that money.

MAY SYLVIA PONTIAC CORNUCOPIA is one of the best bulls in Canada to-day. His two grand dams have records averaging over 42 lbs. of butter in 7 days, and 170 lbs. in 30 days. His dam is a sister of the \$106,000 bull to Lady Waldorf Fletle 2nd, the 28.46 2-yr-old, the Canadian Champion for her age, of the \$4,400 heifer at the Hillcrest sale, and a full sister to Avondale Pontiac Echo, recently purchased by Mr. Hardy, and for whom he has refused \$50,000, while the latter cow and the \$1,600 heifer at Dr. Fairwell's sale, are his own 3/4 sisters.

WE OFFER HIM FOR SERVICE

May Sylvia Pontiac Cornucopia has just returned from Oxford County. He was leased by M. H. Haley, who wished to use him on some of his 30 to 37 lb. cows.
He is now free and his services are at the disposal of breeders who wish to use him on approved cows.
Place your order early as we can book only a limited number. When at the Fair run out to see him. He is just 29 miles from Toronto, and 10 minutes' walk from Unionville Station. You can motor from Toronto in an hour.
