IN CHOOSING A HARROW

INVESTIGATE THE GANGS

Whenever Disk Harrow gangs crowd, you have trouble. In most Out Throw Harrows they bump together, rock and sway; they are heavy on the horses and when the land is tough or hard, they rise out of the ground. Bissell Disks are a different construction from others. The gangs do not butt together. They have no rocking motion. The draught is steady and even. The team will travel faster, do more work and do it easier. Bissell Disks will work land which is too hard for any other make to handle and have wider field of usefulness. They do not fail where the most work is required.

The Cleaners are built of steel throughout, riveted to stay; and are operated by a locking device—No castings to break, no coil springs to get out of order.

The Bissell Scrapers are the only Scrapers on which the steel clod bars are moveable endwise by a lever, thus keeping the spaces between the plates free from clods. The cutting edges of the plates are kept clean by the steel blades.

AXLES ON BISSELL GANGS

The axles are heavy—malleable nuts and washers are used so that the complete gang can be drawn up so tight that the axles can not spring or allow the disks to work loose.

The Bissell Bearing is a success. The body parts are all in one piece, manufactured without the use of bolts. No holes to break out. No crevices for dirt to work in. The journal being tapered, the pressure is toward the balls which are elevated on a heavy durable base. This is why Bissell Disk Harrows excel in light draught. The end of the bearing opposite the balls is protected by malleable rings or sand bands, making it impossible for dirt to enter.

The success of Bissell Disk Harrows is beyond dispute—only one is genuine—the one with the name Bissell.

Closest Skimming

is only one of the many merits of the SIMPLEX Cream Separator, but it's one that tells the real value of a cream separator. Cream lost in the skim milk is money thrown away, it's just like losing a few pounds of butter every week. All this loss is eliminated when you use

Simplex Cream Separator

(LINK BLADE)

Just think what this saving will mean to you over a period of months or a period of years. The SIMPLEX is saving money for you at every operation by close skimming, it's just like added interest to your savings account.

The large capacity, ease of running, ease of cleaning, simplicity, self-balancing bowl, interchangeable spindle point, low-down supply can and general pleasing appearance of the SIMPLEX makes it a favorite with all dairymen.

Write us to-day and let us explain how you can get rid of all your separator troubles.

D. Derbyshire Co., Ltd.

Brockville, Ontario

Branches: Peterboro, Montreal, Quebec

YOU CAN MAKE NO MISTAKE BY USING Freeman's Fall Wheat Special Fertilizer

Low Price TWO—EIGHT—TWO High Grade

Compounded with High-grade Sulphate of Potash

Freight allowed on all orders of one-half ton lots and over in Ontario, east of Fort William and south of North Bay, with the exception of Land Plaster and Chemicals, which are net, at Hamilton. Prices subject to change without notice.

Markets

Continued from page 1365.

With the supply of bulls liberal these sold lower. Stocker and feeder trade was slow and weak, with the milk cow trade generally about steady. Offerings were pretty well cleaned up all week and the close found a good feeling. The federal government has removed restrictions as to the use of beef and this will no doubt produce a better feeling in the beef trade all round. Offerings for the week totaled 6,050 head, as against 5,575 head for the previous week and as compared with 4,500 head for the corresponding week a year ago.

Quotations:
Shipping Steers—Natives—Choice to prime, \$17 to \$17.50; fair to good, \$16.50 to \$16.75; plain and medium, \$13.50 to \$15; coarse and common, \$11.50 to \$12.50.
Shipping Steers—Canadians—Best heavy, \$16.50 to \$17.25; fair to good, \$14.25 to \$15.50; common and plain, \$11.50 to \$12.50.

Butchering Steers—Choice heavy, \$16.50 to \$17; fair to good, \$15.25 to \$16; best handy, \$14.75 to \$15.25; fair to good, \$12 to \$13.50; light and common, \$9.50 to \$10.50; yearlings, choice to prime, \$16 to \$16.50; fair to good, \$13 to \$15.

Cows and Heifers—Best heavy heifers, \$13 to \$13.50; fair to good, \$11 to \$12; good, butchering heifers, \$9 to \$10; common, \$7.25 to \$8.50; very fancy fat cows, \$11.50 to \$13; best heavy fat cows, \$9.50 to \$10.50; good butchering cows, \$8.75 to \$9.25; medium to fair, \$8.25 to \$8.50; cutters, \$7 to \$7.25; canners, \$6.25 to \$6.50.

KLINE FANNING MILL

If you want the Fanning Mill that won at the World's Fair, buy a Kline. Cleans out wild oats; greatest grain grader on the market. See it at Toronto Exhibition. Cleans 100 bushels per hour. Lowest priced mill for value of work on the market. We can give you names of Kline owners who would not take \$100 for their Kline if they could not get another Kline.

KLINE MANUFACTURING CO.
BEETON, ONTARIO

receipts, were on the decline last week. Monday, when values went off 15 to 25 cents from the previous week's close, a few decks sold at \$21.15, but the general range was from \$21 to \$21.10. Tuesday's market was steady to a dime lower, Wednesday the decline figured from 10 to 20 cents, bulk selling at \$20.85 and \$20.90, Thursday's top was \$20.75, with others ranging on down to \$20.65 and Friday good hogs sold at \$20.50 to \$20.60, one deck made \$20.65 and pigs landed mostly at \$20. The fore part of the week buyers got sows down to \$17.25 and stags went from \$14 down. The past week's receipts totaled 12,700 head, as against 8,431 head for the week previous and 7,200 head for the same week a year ago.

Sheep and Lambs.—Prices on lambs showed a heavy decline on the opening day of last week, tops selling at \$17.50, with culls \$15 down. The next two days values were quoted steady, Thursday a few made \$17.75 and Friday the trade

was still higher, best bringing up around \$18. Sheep ruled steady all week. Most of the aged stuff consisted of ewes and while handy ones sold up to \$13, heavy ones ranged mostly from \$12 to \$12.50. The last week's receipts totaled 3,700 head, as compared with 2,390 head for the week preceding and 2,700 head for the corresponding week a year ago.

Calves.—Last week started with best veals selling at \$18.50, Tuesday the range on tops was from \$18 to \$18.50 and the next two days but few sold above \$18. Friday, under light receipts, prices were advanced \$1, bulk going at \$19. Cull grades ranged from \$16 down. Heavy fat calves were bad sale. They are not wanted by most buyers and sellers are advising shippers to buy these to sell lower, as heavy western calves are beginning to run in liberal numbers. The week's receipts were 3,350 head, for the week previous there were 2,485 head and for the same week a year ago 2,075 head.

Gossip.

Breed Days at National Dairy Show.

Canadian breeders who may be contemplating a trip to the National Dairy Show at Columbus, Ohio, October 10 to 19, will be interested in the following program of special days which have been set apart by the management as special "Breed" days. The program is only a partial one, since there are other conventions than those named which are scheduled to take place but for which dates are not yet definitely arranged. Monday, October 14 is Ayrshire and Brown Swiss Day, Tuesday is Jersey Day, Wednesday is Guernsey Day and Thursday is Holstein Day. The International Milk Dealers Convention takes place on Monday and Tuesday, The National Ice Cream Manufacturers' Convention is to be held on Thursday and Friday, and the American Dairy Science Association as well as other Associations of national and local interest are to meet on other days.
