**Imported Scotch Shorthorns**—A dozen very desirable bulls for sale now. Half of these are imported and will head good herds. Females, imported and home-bred. Collynie Ringleader, bred by Mr. Duthie, heads our herd. Another importation of 35 head will be home Sept. 25th. Burlington Jct. is only half mile from farm.  
J. A. & H. M. PETTIT, Freeman, Ont.

**Shorthorns Landed Home**—My last importation of 60 head landed at my farm on June 20th, and includes representatives of the most popular families of the breed. There are 12 yearling bulls, 7 cows with calves at foot, 24 heifers in calf, of such noted strains as Princess Royal, Golden Drop, Broadhooks, Augusta, Miss Ramsden, Whimble, etc. Make your selection early.  
GEO. ISAAC (All Railroads, Bell 'Phone) Cobourg, Ont.

### Gossip.

**Smith & Son's Holsteins Selling November 21.**

In reviewing the sales list published elsewhere in these columns, Holstein breeders are directed to the advertisement of A. E. Smith & Son, who are selling their entire herd of 30 head of pure-bred Holsteins at the farm near Waterdown on Thursday, Nov. 21. Of the 30 head, 15 are young cows, nearly all of which are in full flow of milk, while the balance is made up of 4 bred heifers and youngsters from calves up to heifers that are just now of breeding age. Many will remember this as one of the older herds of the district, but unfortunately there has been very little done in the way of official testing. When we say unfortunately, we mean it is unfortunate for Messrs. Smith & Son, but this will, no doubt, prove otherwise for the buyers. The foundation for the herd was laid with the best blood obtainable at the time, and as nothing but high record sires have since been used the herd to-day is one of the strongest untested herds in the Province. There are, for instance, nine daughters of the former herd sire Sir Segis Count De Kol, a grandson of the great King Segis, and fifteen daughters of the present herd sire

Introducing

**The Bates Steel Mule**  
**MOST EFFICIENT TRACTOR MADE**

### TURNS IN 7½ FT. RADIUS

The Bates Steel Mule turns in less than its length—on soft ground or hard. The front wheels are supplemented by independent compensating brakes on either side of the differential gear. These allow the driver to slow down one crawler while the other travels around it.

### POWERFUL ON SOFT GROUND

The twin crawlers of the Bates Steel Mule lay a firm runway on the soft ground, which runway is held from slipping by twenty-four cleats. This runway has a ground pressure of less than 3½ pounds per square per inch and being geared to it, the tractor pulls as big a load on soft ground as it can on firm footing.

### FLEXIBLE CONSTRUCTION

Its three-point suspension and oscillating Crawlers give to the Bates Steel Mule a degree of flexibility unusual in tractor construction.

### ENCLOSED WORKING PARTS

The unit construction of the Bates Steel Mule is such that not only is protection from dust afforded, but a permanent, rigid alignment of transmission parts with the motor is assured, regardless of any severe twisting strains to which the tractor may be subjected.

### FOR SALE

Several classy young bulls from six to twelve months, also a few heifers.  
J. A. WATT, Elora, Ont., G.T.R. & C.P.R., Tel. 101

Francy Calamity Hartog. This is a four-year-old bull and is in the sale. His sire is Canary Hartog 7th, and his dam is Francy Calamity De Kol, a 27.73-lb. daughter of Jennie Bonerges Ormsby, that has a 33.01-lb. 7-day record, and also made over 30 lbs. of butter in 7 days for five consecutive years. The dam of Canary Hartog 7th has a 34.60-lb. 7-day butter record with 116 lbs. of milk in one day, which gives an average of over 32 lbs. of butter in 7 days for the three nearest dams of Mr. Smith's great young sire. His fifteen daughters selling should add considerable strength to the offering on Nov. 21, and it is also to be hoped that he himself will go to some good herd. The sale will be held under cover, and the terms are cash unless otherwise arranged.

### Swine Breeders' Record.

Volume 28, of the Canadian Swine Breeders' Record, is off the press, and contains the pedigrees of Yorkshires numbering from 53,634 to 5,7417; Berkshires, 43,594 to 46,961; Chester Whites, 14,585 to 16,177; Tamworths, 10,852 to 11,634; Hampshires, 1,357 to 1,484; Poland Chinas, 5,338 to 6,189; Duroc Jersey, 6,564 to 8,601.
