

HAVE YOU A BAD LEG

With Wounds that discharge or otherwise, perhaps surrounded with inflammation and swollen that when you press your finger on the inflamed part it leaves the impression? If so, under the skin you have poison that defies all the remedies you have tried, which, if not extracted, you never can recover, but go on suffering till death releases you. Perhaps your knees are swollen, the joints being ulcerated, the same with the ankles, round which the skin may be discolored, or there may be wounds; the disease, if allowed to continue, will deprive you of the power to walk. You may have attended various hospitals and had medical advice and been told your case is hopeless, or advised to submit to amputation; but do not, for I can cure you. I don't say perhaps, but I will. Because others have failed, it is no reason I should. Send at once to the Drug Stores for ALBERTS' Grasshopper Ointment and Pills, which is a certain remedy for the cure of Bad Legs, Housemaids' Knees, Ulcerated Joints, Carbuncles, Poisoned Hands, Abscesses, Corns and Bunions.

Frost Lock

So simple, it makes you wonder why it wasn't invented a hundred years ago. So great, it makes the "Frost" the best wire fence in the world.

Frost Wedge Lock LOCKS running and upright wires together. Does not bend, knot, crimp or kink them. Simply locks them so they can't sag, bend, rub or hang. It's the only device yet invented that locks two hard wires without injury to either. Galvanized to prevent rust.

A wire fence that is put together with small, soft tie wires is just as strong as those soft wires, and no stronger. A lock that needs a crimp or bend to make it hold, weakens the whole fence. When the horses or cows get to cutting up, and ram into the fence, these weak spots snap like a bursted bubble.

Frost Wire Fence

is high carbon coiled spring steel wire, and every strand is capable of bearing 2,000 pounds weight. Uprights are large and strong, and the Frost Lock holds uprights and running wires into one compact whole that even Texas steers can't break down.
