**A Great Feeling!**

To build—and know that what you build will stand during your own life, your children's and your grandchildren's. Yea, it's a great feeling. And aside from the pride of owning permanent buildings, there's the practical, horse-sense feeling that your money is well invested.

When you build with Preston Safe-Lock Shingles and Acorn Corrugated-Iron you can laugh at the elements. Wind cannot loosen the shingles; storms cannot drive rain, sleet, or snow in on your grains; lightning or fire cannot wipe out at one stroke, barn, crops and cattle. Choose your iron as carefully as we do. Your investment is at stake. So is ours. Our business depends on your good-will. To know absolutely that you will get a fair deal and become one of our friends, we apply the British Government tests to the iron we sell you. This test is harder than the storms of twenty years.

# Get It All!

Why the "Hecla" "Gets It All"

The Hecla Furnace sends more heat into the house, less heat up the chimney, because its patented steel-ribbed fire-pot radiates the heat so quickly, six tons of coal accomplish as much as seven in another furnace.

No Gas or Dust

The "fused-joints" that are found only in the "Hecla" cannot be loosened by the action of the heat, and are guaranteed to prevent forever, the escape of gas or dust into the house.

Ease & Health

"Hecla" grate-bars work independently, the fire can be cleaned thoroughly and without waste and without a poker.—The large circular water-pan supplies even plentiful moisture to every room.
