

"The Waugh Way Wins"

The Touch System in Drill Steel Sharpening

THE SUCCESSFUL mine blacksmith who sharpens his steel the Waugh way uses the "Touch System."

THE FEEL of the control handle tells him just what sort of blow he is going to deliver, and without the slightest effort he can, according to his desire, crash down on the steel with a blow of nine tons or caress it gently with a quarter-pound blow.

SOON you, too, will sharpen your steel with the Waugh Model 8 Drill Sharpener.

IS YOUR blacksmith shop equipped with it yet?
