HURON COPPER BAY COMPANY.—The annual meeting was held in Montreal on the 4th and the report for the past twelve months was represented. The dividend declared was 25 p. c., which although smaller than usual was not due to any falling off in the product, but simply the low price at which copper has ruled the past year. The retiring Directors—Messrs. E. M. Hopkins and Geo. Templeton—were re-elected Directors, and Mr. D. L. MacDougall and Mr. Babcock were elected President and Vice-President respectively.

UNITED STATES REVENUE.—The revenue of the United States for the year ended June 30th, was \$388,000,000, of which 188,000,000 was derived from internal revenue duties, 170,000,000 from customs, in gold, and \$30,000,000 from miscellaneous sources. The annual obligations of the government do not exceed \$259,000,000; it is therefore contended by some of the leading journals, that a large permanent reduction ought to be made in the taxes at once.

NEW COINAGE.—Specimens of new silver coinage have been struck at the United States Mint in Philadelphia—of the denominations of 10, 25 and 50 cents. Three different specimens of each of these denominations have been submitted to the Treasury Department for approval. The standard value of the new coin is reduced so as to correspond in actual value with the present "currency," with a view to its immediate use, instead of the 10, 25 and 50 cent notes.

—The County Councils of Essex and Elgin have each passed by-laws granting \$200,000, bonuses to the Southern Railway, these grants being made unconditionally—that is, without any restrictions or conditions as to the location of the road. The by-laws have to be submitted to the people for their ratification.

—The people of Dundas want a bank in that town.

—It is stated that most destructive swarms of grasshoppers have appeared in the county of Perth, Ont.; their track is about one and a half miles in width.
