## GRAND TEMPLE OF HONOR AND TEMPERANCE

Annual Meeting Friday Night -Officers' Reports-Election of Officers

The Grand Temple of Honor and Temperance of New Brunswick met in annual session in Alexandra Temple, No. 6, St. John, on Friday evening, G. r. G. Blewett, G. W. T., presiding. The credential committee reported 89 members eligible as representatives, 62 from the Temples, 13 from the Secious and 14 from the Councils. A very large number of these members were in attendance and listened to the reports of the grand officers. That of the Grand Worthy Templar reviewed the work done during the year and particularly during the last term. The juniors were given credit for their energetic and faithful work, due in a great measure to the frequent visitations of G. W. Templar Blewett and D. M. W. T. Logan, who have been untiring in their efforts to strengthen his important branch of the work. He spoke of the unanimity with which all the departments had carried on the work, and considered New Brunswick in a fair way of increasing its influence and membership. A few earnest workers in each of these departments have so far done wonders-have infused into their departments y hat has been lacking for so many years. And this not rom any self-glory, but purely for love for the order. "How I wish we could have a revival in temperance matters as has been going on in the nited States and Canada," said the Chief Templar, 'in our provinces, where no spirit of rivalry exists except to see how much good they can do for the glorious work." The Grand Worthy Recorder showed

an increase in members of 58-12 in the temples and 46 in the sections. One secretary's report deart with the rally temple, Alexandra, showed an increase day held last September. The week of 20, which would be nearly 25 per receding the day all of the depart- cent; one section, Alexandra, about the ments of the church and school were same; one section, Rockwood, started entertained and refreshments were since June, '07, 100 per cent.
