The Travelling Man.

Bright Angel Camp
Grand Canyon, Arizona

May 22nd 1913

It is not possible for mere words to describe the wonders of this wonderful part of the world, or even the mind to imagine what the terrific convulsion of nature must have been in former ages out of "the deep sea" of wonders these marvellous formations of rock and sand-stone.

Here spread before one, as far as eye can see, arise, side by side, mosques, minarets, Buddha temples, pyramids, battleships, and Greek theatres, of almost perfect form and coloring.

If the early Egyptians had seen these wonderful formations, they could easily have imitated their form and color, and modelled their wonderful buildings which remain to this day, some in perfect condition and some in ruin, so exactly has nature set the copy for all that is marvellous in models of architecture for temples, and pillars and tombs for the mighty dead.

But what can we say about the illusionary, visionary, mirage of coloring, which clothes and shrouds these mighty giants, and brings out in relief, now a strata of lime stone, tinged with yellow, then all the deep varying shades of red, piled up in monuments of different forms, from three thousand to eight thousand feet in height, relieved only by the soft dark green of plateau and canyon, in the innermost recesses of which one can catch glimpses of the sparkling Colorado river gleaming and flashing in the eternal sunshine of this arid land.

AFTER EFFECT OF FEVERS

Banished Through the Use of Dr. Williams' Pink Pills

Following wasting disease such as fevers, many people find it difficult to regain their former strength. They become breathless and tired out at the least exertion; their appetite is fickle and they often feel as though death was staring them in the face. The trouble lies with the blood which has not returned to its normal condition and is lacking in the red corpuscles without which good health is impossible. It is at a time like this that Dr. Williams' Pink Pills prove their tonic value. Every dose helps to make new, rich, red blood which means health vitality.

Mrs. Theodore Foley, Athens, Ont. says: "Following an attack of typhoid fever I was left in a very weak and disheartened condition. The smallest exertion left me worn and tired out, and I was hardly able to get around an naturally felt despondent. I decided to try Dr. Williams' Pink Pills and they proved of the greatest benefit to me. I am now as well and strong as ever, and can do all my own work, and as we live on a farm, it goes without saying that there is much to do. I cannot say too much in praise of Dr. Williams' Pink Pills."

If you are suffering from the after effects of fevers, la grippe, or any acute disease, you should begin to get new strength to-day through the tonic treatment with Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Broomhall's Foreign Crop Cable

APRIL 22, 1913.

A visit to this fair spot is not complete, unless the visitor sees the sun set over all this majesty.

As the sun disappears over the distant mountain, peak and turret, and castle, each in turn, flash out in high relief, lighted by the departing rays, and all is veiled by the illusive violet coloring, which deepens to a deep purple glow in the valleys, and is only seen over eastern landscapes, a coloring which artists in vain attempt to copy, and which mingling with the rays of the setting sun, leads the mind on and up to "the rainbow round about the throne" so appealing to the imagination is the varying changing miracle of coloring.

On this high point, surrounded by a deep silence that can be felt, the low murmuring of the pines only breaking the great stillness, one can but feel, with deep awe in ones heart, the majestic power which has wrought this wonderful and changing scene, and the heart goes up in a voiceless prayer to the almighty creator in praise and adoration.

ALICE E WEBSTER

UNITED KINGDOM.—Outlook for the wheat crop is less favourable, owing to the continued wet weather. Spring sowing is backward. Weather is now improving and is spring-like.

FRANCE.—There is some mention made of a thin plant and loss of colour, other-wise the outlook is favourable. Spring cereals are mostly starting well.

GERMANY.—The recent severe cold weather has damaged the fruit crops and has affected the cereal crops, but the damage to the latter is repairable. Spring sowing is progressing favourably. Weather is improving.

RUSSIA.—Some damage to winter crops is confirmed. Spring crops are mostly favourable. In the Volga region the weather is rather dry, but the weather on the whole is reasonable.

ROMANIA.—According to an official estimate the shortage in the acreage to wheat will amount to 1,185,000 acres. Condition of the crop is satisfactory. Spring crops are progressing favourably.

BULGARIA.—According to an official report the condition of wheat is favourable.

HUNGARY.—Recent severe weather has not done any damage to the crops.

ITALY.—Crop outlook is generally favourable. Native offers are firm and scarce. Weather is normal.

SPAIN.—The recent improvement has been maintained.

NORTH AFRICA.—Damage by frost has been experienced in two departments; others are in need of rain.

INDIA.—Harvesting of wheat is progressing favourably.

PERSONALS:

Miss Ephenna Young, of Middleton has been visiting in Berwick.

Mr. and Mrs. A. C. Parker returned recently from Boston and have reopened the Parker House, Waterville for the summer.

Editor and Mrs. E. F. Cox, and two daughters, Irene and Mary, of Middleton, have returned home from a few days visit to Mr. and Mrs. L. E. Shaw, Middleton.

Dr. Nathaniel Martin commodore of the Swampscot Yacht Club came to Wolfville on Saturday last in company with his friend Dr. M. C. Smith of Lynn. He returned after a few days spent in viewing our pretty scenery.

Professor Stewart, of the Presbyterian College, Pine Hill, Halifax, has moved with his family to his country house in the Annapolis Valley for a few months. His address is Grand Pre, N. S. Dr. Stewart will preach in St. James Church, Dartmouth, on June 1st, and 8th.

J. G. Rood arrived in Berwick on Victoria Day leaving on Monday morning in time to connect by auto with the train east from Kentville on his return to Judique, Cape Breton. He reports a splendid lobster season, both of his canning factories being kept running overtime. One of Mr. Rood's factories is but a short distance from the oil fields at Lake Ainslie and he is a shareholder in the Maritime Oil & Gas Co., Ltd. He says the outlook is most encouraging and he is confident of sensational developments early in the summer.—Register

Minard's Liniment Cures Diphtheria

L.S. JOHNSON & CO. Boston, Mass.

The Drinking Cup in the Public School

Toronto, May 21.—In allowing the pupils of the public schools of the city to drink from a common drinking cup, the board of education has run foul of Dr. Hastings, the medical officer of health, and the indications that are the board will be indicted for maintaining a nuisance unless they comply with the wishes of the medical health department and abolish the common drinking cup.

Electric Restorer for Men

Phosphonal restores every nerve in the body to its proper tension; restores the vitality. Premature decay and all sexual weakness averted at once. Phosphonal will make you a new man. Price \$1 a box, or two for \$2. Mailed to any address. The Booklet Drug Co., St. Catharines, Ont.

My dear listen to this, and tell me what you make of it! exclaims the elderly English lady to her husband, on her first visit to the States.

She held the hotel menu almost at arm's length and spoke in a tone of horror.

Baked Indian pudding! Can be possible in a civilized country?

A young man and his girl were strolling in a country meadow when a bull dashed down upon them.

Stay here and protect my retarded girl. You know, Reggie, you've often said you'd face death for my sake.

But Reggie who had already sprinted 50 yards, called back, you call that bull dead.
