"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since, "writes Mr. W. T. Thompson, of Townsend, Broadwater County, Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemsed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicines."

CONCERT AND PRESENTATION.

A most successful concert was given in the fine new school at Dover Centre on Thursday, Dec. 18th, on the eve of the departure of Mr. Gordon Stewaert who, for the past four years, has been teacher in S. S. No. II, Dover. The roads and night being favorable, the building was packed to the door with an expectant crowd.

The school house was richly de corated for the occasion. The walls and ceiling were draped in red, white with flags tastefully arranged at intervals and the windows were curtained in white, prettily trimmed with evergreens. The climax, however, was reached in the stage decorations where a background of white was draped in and pale blue artistically set off with flags and spruce boughs. The whole produced an effect most pleasing, the profusion of flags and bunting mak-

ng a really magnificent display. The program was given principally by the pupils, and every number was heartily applauded. An orchestra played interludes, which was one of the leading features of the evening. Chorus-The Land of the Maple-Chairman's address - Rev. A. E.

report for the year 1902.

The year, particularly the early part, has been a busy one on account of several cases of smallpox having broken out in the Township. There were in all ten cases and no deaths. All districts where the disease existed were quarantined and every precaution taken to prevent the spread of the disease. There were two cases of diphtheria during the year with no deaths. The sanitary condition of the township at the present time is good. The sanitary condition of Erieau occupied a good portion of the time of the Board of Health during he year. A great deal of difficulty is in the way of getting thorough sanitary arrangements at this place.
