Teronto, May 30.—The Toronto Boars of Trade yesterday morning obtained a flearing of the petition they ledged so lean age as June 24, 1904, from the Board of Railway Commissioners for Canada. This petition contained complaints against the Grand Trunk and Canadian Pacific Railways, that they used, and still use, untair discrimination against Toronto merchants and shippers in favor of the merchants of Montreal, Hamilton and ether cities, is the freight rates charged by both these great systems. The application was for "the reduction of freight rates and a general revision of merchandise rates in the Province of Ontario, and Toronto in particular." After taking evidence and hearing a Board of Trade deputation the commission adjourned till this morning.

One Side of His Body Always Stronger Than the Other.

The popular belief is that the left side is weaker than the right, and, as in all popular beliefs, there is much in all popular beliefs, there is much truth in this. In most cases, says the Grand Magazine, the right arm is de-cidedly stronger than the left, the bones are larger and the muscles more

When we come to consider the lower limbs, however, we find a precisely op-posite state of affairs; the left leg is posite state of affairs; the left leg is stronger than the right in the great majority of cases. This want of sym-metry is noticeable all through the body. Nine times out of ten we see better with one eye than with the other and hear better with the left than
