Origin of Croquet.

The origin of croquet is certainly involved in mystery. Some authorities are of the opinion that it is founded on the old game of "pale maille," or pell-mell, from which we have the street Pall Mall. This is described by Cotgrave in his dictionary as "a game wherein a round box bowle is with a mallet struck through a high arch of yron," and a picture of this in Strutt's "Sports and Pastimes" shows that these had a strong resemblance to the croquet implements of today.—London

Conts Fit Closer Than They Did Last

Coats on the fall suits do not take on any wonderfully new forms, al-though there are more close fitting models than we have had recently. Apple green, the shade that was so popular the past summer, is to the

Ladies and Gentlemen: I am a candidate for the positions of Mayor of the City of Chatham for 1907. Some years ago I appealed to you for support for the same office, and although unsucessful, I trust that my actions at the Coun-cil Board since that time will warrant your support and confidence im the coming election. If elected you

Ladies and Gentlemen:

The sapphire which adorns the summit of the English crown is the same that Edward the Confessor wore his his ring.

I am a candidate for the Board of Education for 1907 and shall be grateful for your support if you think. I am worthy of it. My main object in getting on the Public School Board last January was as my printed platform showed, to work for the establishment of a Board of Education implace of the present Ward system, and the records will show that I have carried out my promises in that as well as in other matters. Following my custom of last year I shall later place my printed platform in the hands of every elector. I was only a few years ago a pupil of the Public and High schools of this city and have always had their best interests at heart.

Wishing you all a prosperous and happy year in 1907, I am, Sincerely yours, ROBERT L. BRACKIN.
