When a woman has been surrounded by a crowd of men for an evening she pronounces herself a success.

HE TOOK HIS WIFE'S ADVICE

Dodd's Dyspepsia Tablets Cured the Stomach Trouble that Confined Henry A. Coles to His Bed.
One of the unpleasant features of Indigestion and Dyspepsia is that it always keeps getting worse. Take the case of Henry A. Coles, of St. Mary's River, Guysboro Co., N. S. He says:—
"I had stomach trouble for about five years more or less, and at last I was taken to my bed and the doctor called in. He did me no good. I was suffering a great deal and did not know what to do."
Everyone must admit Mr. Coles was in a bad way. But that's what Indigestion leads to if you neglect it. But if Mr. Coles did not know what to do, his wife did. She said, "Try Dodd's Dyspepsia Tablets." Like a wise man he took his wife's advice, and of the result he says:—
"I took seven boxes, and I have not felt any of the trouble since. I heartily recommend Dodd's Dyspepsia Tablets to any sufferer from Stomach Trouble. They cured me."

DIDN'T SEE THE ECLIPSE.
Canadian Expedition to Labrador Meets With Complete Failure.
Montreal, Sept. 6.—Father O'Bryan, president Loyola College, has received a despatch from Father Kavanagh, from Labrador coast station, saying the Canadian Government expedition to view the eclipse from Labrador, was a complete failure, owing to the cloudy weather.
This is the first official news from the expedition.
Ottawa, Sept. 6.—A telegram received from W. F. King, Dominion astronomer, who was at the head of the Canadian expedition to observe the eclipse of the sun on the Labrador coast, states that the expedition was unsuccessful owing to clouds obscuring the view.

AN AMERICAN DISEASE.
Some doctors go so far as to say that indigestion is the national disease of America. There is but one national remedy for indigestion and that remedy is Dr. Hamilton's Pills, which accelerate the action of gastric glands and give tone to the digestive organs. They strengthen the kidneys and liver, cleanse and purify the blood and thus add general tone to every organ of the body. Flesh and strength are fast restored and the patient can eat and digest any food he pleases. Test Dr. Hamilton's Pills yourself.—25c. per box or five boxes for \$1.00 at all dealers.

YARDMEN GIVEN A RAISE.
G. T. R. Advances Wages and Gives Better Working Conditions.
Toronto, Sept. 6.—Yesterday 1,000 employees of the G. T. R. were given a ten per cent. raise in wages, and better conditions. These men are the yardmen's section of the Brotherhood of Railway Trainmen.

A "WHEEZY" CHEST.
Means your trouble is deep seated. To delay is dangerous. All the inflammation will be drawn out in one day by applying Neville. It penetrates through the pores of the skin, relieves inflammation and thus prevents serious consequences. For sore throat, weak chest and tendency to colds, no preparation is better than Polson's Neville. For nearly fifty years it has been Canada's great household remedy. Twenty-five cents buys a large bottle.

The only sure things are those that are behind us.
When a horse picks up a nail in his foot what does the driver do? Does he whip the limping, lagging animal, and force him along? Not unless he wants to ruin the horse. At the first sign of lameness he jumps down, examines the foot and carefully removes the cause of the lameness. What is called "weak stomach" is like the lameness of the horse, only to be cured by removing the cause of the trouble. If you stimulate the stomach with "whiskey medicines" you keep it going, but every day the condition is growing worse. A few doses sometimes of Dr. Pierce's Golden Medical Discovery will put the disordered stomach and its allied organs of digestion and nutrition in perfect condition. Ninety-eight times in every hundred "Golden Medical Discovery" will cure the worst ailments originating in diseases of the stomach. It always helps. It almost always cures. To cure constipation use Dr. Pierce's Pleasant Pellets. They're sure.

Palliation.
"We are going to give an amateur dramatic performance in aid of a worthy charity."
"Why, that, of course, is an extenuating circumstance."

When you go in to collect a bill, the man at the counter is less apt to inquire about the health of your family than when you go in to pay one.

ASK MACLEAN TO LEAD

Fight Against Salary Grab and Return to Former Indemnity.

Farmers' Association in Session Pass Upon Many Political Subjects—Want Mr. Whitney to Regulate Electric Water Power Rates—Opposed to Higher Tariffs and Endorse Taxation of Railways.
Toronto, Sept. 6.—Representative farmers from all sections of the Province gathered yesterday at Victoria Hall to attend the fourth annual convention of the Farmers' Association and gave their views of various political phases that are affecting the country and, indirectly, the farmer.
In the absence of the president, J. Locke Wilson, who is at present in the Northwest, Vice-President L. E. Anle presided. Discussion of resolutions in their crude form, to be drafted later, occupied the time of the association at its morning session.
Chief of all matters touched upon by the association was a denunciation of the seasonal indemnity grant at Ottawa. This was accorded unanimous condemnation. The subject was introduced by W. C. Good of Brant County, who spoke of the pension grab as being an indication that the servants of the people were becoming their masters. Mr. Beam of Welland stated that no Parliament should have the power to increase the indemnity of its members. Others who spoke on the subject branded it as wholly unjust. It was finally proposed that a resolution be drawn up calling upon W. P. Maclean, member for South York, to take the lead in the House in a movement looking to a return to the old indemnity and a rescinding of the recent bill.
The Electric Problem.
Ontario's electric power problem was briefly discussed. It was pointed out that the waterfalls of the Province can be made to develop enough power to operate all factories and all railways; that these powers are practically all in the hands of a few corporations; and that the public interest imperatively demands that the rates which these corporations may charge for the power supplied by them be regulated by public authority. At the end of the discussion a resolution was adopted calling upon Premier Whitney to take steps to regulate the rates.
Opposed to Higher Tariff.
Touching upon the tariff question, the association went on record as being opposed to any increase in the rates. Reductions were advocated if any change at all were made. Preference in trade with Great Britain met with approval. Summed up, the sense of the discussion was to the effect that the association should appear before the tariff commission to oppose any increase in the tariff, to endorse British preference and to ask a tariff reduction with any other country that would do likewise.

Taxing Railways.
On the subject of railway taxation, Mr. Beam of Welland began the discussion with a motion to the effect that the association endorse the principles of the Pettipiece bill, which provides for 85 per cent. of the revenue derived under it going to the municipalities and 15 per cent. to the Province. Another resolution, dealing with railway subsidies, expressed a wish that the late session at Ottawa and Toronto had passed without any railway subsidies, and expressed the hope that this marked the end of an iniquitous system.
A resolution was adopted asking the Ontario Government to pass legislation providing for the payment to the Provincial Treasury of a royalty on the mineral output of the Province.
The Government will also be asked to conserve our forest wealth that only such timber as is matured shall be taken, and a continuous supply thus insured.
