The members of the W. F. M. S. of St. Andrew's church held their annual Thank Offering Service on Tuesday evening. Mrs. Morrison, the president of the society, presided and there was a good attendance of ladies and members of the congregation. A pleasing feature of the meeting was an address given by Rev. Mr. Fraser, of Trinidad, who is now home on furlough. Rev. Mr. Fraser, who is a most pleasing speaker, has spent fifteen years in Trinidad, and his address was most interesting and instructive. The offerings amounted to about \$35.00. At the close of the service a short social was held in the vestry. Refreshments were served and a very pleasant time was had.

Rev. and Mrs. W. V. Higgins are making plans to return to India in the near future. They came home on furlough in the spring of 1907. Since then Mr. Higgins had been employed on the Foreign Mission Board as Corresponding and Field Secretary. It has been from the first their settled purpose to return to India as soon as the way opened for them to do so. It now seems clear that their stay here cannot be prolonged much farther. Rev. S. C. Freeman, of Parikimedi, has had the general oversight of Mr. Higgins' field, since he left India, in addition to his own work. He and his family will be leaving for Canada in March 1911, and this makes it imperative that Mr. Higgins return in order to relieve him of the two fields.

In fact there will be three for Rev. J. Glanville, who starts for Canada next spring, will pass over his work also to Mr. Freeman. It is Mr. Higgins' purpose to retire from the home work next summer and with Mrs. Higgins leave for India in the early fall.

Fruit Inspectors are now of the opinion that the Nova Scotia apple crop will equal last year's yield. The prices rule as high as last season, some of the shippers even look for higher figures later on, forming this conclusion from the fact, that in other fruit growing countries, the crops have not been nearly as good as they are in Canada.

We have no kicks about our meat. If you have any try us. SMITH & BISHOP.

An attempt at bare faced robbery occurred at Dartmouth on Friday, when two men named Hassett and Gallagher held up a man named Foote, and attempted to rob him of a bag containing \$3000. Foote was shot in the cheek but held on to the cash. The men were afterwards captured by the Dartmouth police and lodged in jail.

The St. John Sun publishes a story to the effect that the mystery of the disappearance of the Cremer children from their parents' home near Sackville, N. B., three and a half years ago has been solved. A letter is said to have been received declaring that the children are in Boston and that they were taken from Sackville at the time of their disappearance by the captain of a vessel, who was a friend of their father.

Hardy as a photograph studio, on the second floor by Mrs. Moore as a residence and on the ground floor as a candy kitchen and ice cream parlour. Practically all the contents were destroyed.

The Gaddy.

Some people are unfriendly enough to insinuate that milk for the dining cars on the I. C. R. is procured from cows running along behind.

The streets of Wolfville are certainly a dream just now, in fact for some days past. One who ought to know remarks that they are worse even than Kestville or Berwick, which is inconceivable.

Report says that our enterprising and wide awake mayor urges a public meeting to take into consideration the question of an improved and permanent street system for this town but is opposed by the more conservative members of the council. What objection there can possibly be to improved streets and less mud of course we cannot surmise.

When at the recent Dominion Convention of the W. C. T. U., that was held in St. John the ladies proceeded to elect a president. When this was finished it was discovered that many more votes had been cast than there were ladies present. What did they do? Why hushed the matter up as quickly and neatly as the most experienced political party caucus could have done. And yet there are people who continue to insist that the women are not ready for the ballot.

Another noticeable thing about that Dominion meeting of females from all over Canada was that when a good sister from the back country districts proposed her resolution condemning bridge-whist she was frowned upon and the resolution was indefinitely tabled. Of course bridge-whist like poker is purely a gambling amusement, but the virtues of gambling was too contentious for our female legislators.

In Cleveland, Ohio, the chief of police has successfully worked the golden-rule plan in the handling of men who had indulged in too much 'booze.' In this country the custom is to put the hand-cuffs on and then beat them over the head with a junk of hard wood.

Of course the merest tyro in law knows that no officer is permitted in law to hit a prisoner over the head or to do any bodily injury to such save in the defence of his own life or when he has good reason to believe that his own life is in danger at the hands of the prisoner. No officer but a coward would beat a hand-cuffed prisoner over the head and for so doing he should be severely punished and made an example of.

Premier McBride, of British Columbia, has been forced to quit his political campaign to attend court as a witness in a libel suit. His friends may not be far wrong when they suggest that in the case the courts are being used for political purposes.

Mr. McBride is fighting the battle of the people against some pretty big odds, railway as well as a big fund of cash to have his defeat made complete. His friends say he will win in spite of it all.

In Quebec the charge was made on the platform a few days ago that a member of the provincial cabinet had stolen silverware from the legislative buildings. Perhaps being a member of the cabinet himself he felt he had a right to anything he found in the cabinet.

An Influence for Good. In every home possessing a copy of 'The Soul's Awakening,' the picture will have an inspiring influence. One never tires of looking at it. It has something in it that appeals to the soul and from which one cannot turn away. Parents should see that this picture finds a place in their homes. The family will be the better of it. The publishers of the Family Herald and Weekly Star of Montreal certainly deserve credit for placing such a beautiful picture within the reach of all. It is 19x24 inches ready for framing, and is given absolutely free to every person subscribing to that great weekly, the best on the continent and only one dollar a year. No time should be lost in ordering that paper and making sure of a copy of the picture. It is certainly a charming subject for any home.

Graham, - Wolfville. Home Wedding. MARTIN—McCULLOUGH.

A very interesting event took place at Melanson when Miss Clara, eldest daughter of the late Robert Martin, and John Ritene McCullough, of Kenuck Ridge, N. B., and brother of Mrs. George S. Taylor, Hortonville, were married by the Rev. Dr. A. C. Borden, pastor of the Methodist church at Hortonville, Nov. 3rd at 8 o'clock, p. m.

Only immediate relatives of the bride and groom were present owing to the sad deaths in the family recently. The bride was prettily dressed in a gown of cream albatross with lace and silk trimmings. The presents were numerous and beautiful testifying to the esteem in which the young people are held by their friends.

New Health for School Girls

Restorative treatment which brings new vigor to the nerves and new color to the cheeks. In a girl's health to be sacrificed in order that she may pass high at examination time? Is her future happiness to be risked for examination marks?

Mrs. S. A. Bony, 22 Charlotte St. Brantford, Ont., writes: "My daughter was attending school and the close confinement and application to her school work exhausted her nervous system so that she suffered a great deal with headaches and was very nervous, irritable and easily excited."

I procured Dr. Chase's Nerve Food for her and we soon noticed marked improvement in her health. The headaches were entirely cured, her color became better and her system was strengthened and built up. I consider Dr. Chase's Nerve Food a splendid medicine for children."

There is nothing like preventing serious disease by keeping the blood rich and the nervous system strong and healthy and the vitality of the body at high water mark. Dr. Chase's Nerve Food accomplishes these results. It comes in a box, at all dealers or Edmansson, Bates & Co., Toronto.
