

Notes and Comments

The public library of Dallas, Texas, issues phonograph records the same as books are issued.

Approximately 500 women students worked their way through the University of Wisconsin during the past year.

Where a pall of smoke hangs over an industrial city, it diminishes the amount of sunlight by at least 20 per cent.

Dandop school boys are being bribed by bookmakers, it is said, to act as agents in taking bets from their school-mates.

Many cultured Russian women formerly of high position in their native country are now waitresses in Constantinople.

Spain has no Monday morning newspapers, for Sunday work of any kind in newspaper plants is forbidden by the Government.

In Japan it is no uncommon sight to see women smoking, the most of them beginning the habit when they are about 10 years of age.

Fair-haired people require more oxygen and nourishment than do those with dark hair, and therefore are to be found more in the country.

More than 200 Irish girls landed in New York recently with the intention of becoming taxi drivers, a vocation they followed in Ireland.

At least one myth has been pretty effectively punctured. Profiteers will not be able to fool the public any more with tales of shortage of sugar.

CANNING NOTES

Mrs. Todd Begg, accompanied by Miss Sylvia Keith, left for Stellarton on Friday.

The Women's Institute of Canning met at the home of Mrs. Joseph Northup, on Thursday afternoon, a large number being present.

The results of the Provincial examinations for Grade X have been received, and reflect credit upon the principal, Mr. Pearson and his staff, all of the candidates being successful. They are Ruth Sheffield, Emma Bigelow, Margaret Harding, Florence Ross, Gaylord Woodworth, Bertram Blenkhorne, Marguerite Reid, Frances Burns, Edward Kipman, Julia Covert and Montague Burgess.

NO POSTAGE STAMPS

Palestine is the only country which now has no postage stamp of its own. But representatives of the Zionist Government have informed London philatelists that this anomaly promises soon to be rectified, for, with the establishment of Palestine as the national home of the Jewish nation, it is believed little time will be lost in emulating the examples of other small nations called into being by mandates of the Peace Conference by the issuance of distinctive stamps. Stamps sold by British Army post offices in adjacent former enemy territory are being utilized for overprinting with the word "Palestine".

A MOTHER'S TRIALS

Care of the Home and Children Often Causes a Breakdown.

The woman at home, deep in household duties and the cares of motherhood, needs occasional help to keep her in good health. The demands upon a mother's health are many and severe. Her own health trials and her children's welfare exact heavy tolls, while hurried meals, broken rest and much indoor living tend to weaken her constitution. No wonder that the woman at home is often indisposed through weakness, headaches, backaches and nervousness. Too many women have grown to accept these visitations as a part of the lot of motherhood. But many and varied as her health troubles are, the cause is simple and relief at hand. When well, it is the woman's good blood that keeps her well; when ill she must make her blood rich to renew her health. The nursing mother more than any other woman in the world needs rich blood and plenty of it. There is one way to get this good blood so necessary to perfect health, and that is through the use of Dr. Williams' Pink Pills. These pills make new blood, and through their use thousands of weak, ailing wives and mothers have been made bright, cheerful and strong. If you are ailing, easily tired or depressed, it is a duty you owe yourself and your family to give Dr. Williams' Pink Pills a fair trial. What this medicine has done for others it will surely do for you.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50c a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

GASPEREAU NOTES

Mr. Ray Coldwell, Principal of Waterford High School, Cape Breton, has returned to his duties after spending his vacation at the home of his parents Mr. and Mrs. Everett Coldwell.

Mr. and Mrs. Wm. Bagster who have been spending a few weeks visiting friends here, have returned to their home in Harvard, Mass.

Mrs. Sheridan and daughter Lois have returned to Boston after spending their vacation with relatives and friends here. School opened this week, only the Primary Department in attendance. Owing to the scarcity of teachers, we were unable to secure a Principal.

A few friends motored to the Experimental Farm, Kentville, to enjoy a family picnic, given in honor of Mr. and Mrs. Watson Duncanson and near relatives, where a very pleasant day was spent.

Owing to the dryness of the season only about two-thirds of a hay crop was produced, but a much better grain crop is expected.

GRAND PRE NOTES.

Prof. A. B. Dawson, Ph. D., of Loyola University, Chicago, Ill., accompanied by his wife, has been spending the summer vacation in the Maritime Provinces. Dr. and Mrs. Dawson are now at Grand Pre, guests of Mrs. Scott Trenholm. They expect to return to Chicago by the middle of September. During their stay on Prince Edward Island, Prof. Dawson has been engaged with the Biological Board of Canada doing experimental work on the young lobster.

Dr. J. Alfred Faulkner of Brew Theological Seminary is spending part of his vacation at Grand Pre, the guest of his sister, Mrs. Louise Bishop. He occupied the pulpit of the Lower Horton Methodist Church on Sunday morning.

It is said of the Imperial Press party that there has been not a "grouch" since it started on its long trip west. This is notable, but, The Calgary Herald points out, it is not so remarkable after all. Men and women of the press the world over learn to take things as they come. And to their present tour "things as they come" have been as good as they could be made. The delegates themselves have paid tribute to the excellence of the organization of their trip.

**PROMPT RELIEF**  
for the acid-distressed stomach,  
try two or three

**KI-MOIDS**  
after meals, dissolved on the tongue—keep your stomach sweet—try Ki-moids—the new aid to digestion.

SAD DEATH AT HANTSPORT

The following from the Hantsport news in last week's "Hants Journal" will be read with deep regret by the friends of the deceased in this vicinity. THE ACADIAN extends sympathy to the bereaved ones.

The sad intelligence was received here on Tuesday Aug. 17th, that Mr. Cecil Fullerton had passed away at the Victoria General Hospital, Halifax. Mr. Fullerton underwent an operation for appendicitis at the P. M. Hospital, Windsor about six weeks ago and was apparently on the road to recovery and returned home when unlooked for complications set in. Dr. H. K. McDonald, of Halifax was summoned and a consultation held which resulted in an immediate removal to the V. G. Hospital, Halifax, where Mr. Fullerton underwent a second operation, from which he never rallied. Mr. Fullerton was a fine specimen of manhood, possessing wonderful business propensities, always taking a great interest in civic affairs, in fact everything pertaining to the welfare of the town. He was the possessor of an extremely optimistic disposition and a general favorite, "A friend to everyone, and everyone his friend." His passing away has cast a gloom over the entire community. He leaves to mourn his loss, a young widow, to whom he was married a little over a year ago, a father and mother, Mr. W. Fullerton in the West, and Mrs. Fullerton at home; three brothers, Laurie and Gordon, of Boston, and Everett at home; also one sister, Hilda, who is ill at her home here. The funeral, which was held from the deceased's late residence on Friday afternoon, was the largest, to the writers knowledge ever held in Hantsport. The service was conducted by the Rev. T. H. Hodson, pastor of the Methodist Church, assisted by Rev. L. H. Crandall and the Rev. Dr. Faulkner, Prof. of Theology of Drew Seminary, New York. The floral tributes were magnificent and profuse, testifying to the esteem in which the deceased was held. Cecil Fullerton sleeps beneath a veritable garden of flowers. The sympathy of not only the entire community, but a wide circle of friends, goes out to the sorrowing ones.

Are You Run-Down? Have You Ambitions?

The French are introducing a most wonderful tonic, called Vital Tablets. You at once feel the new strength and health coming back to you. If you are not feeling well, why not try Vital Tablets. They will build you up. Get a box to-day. Price 50c a box, at all drug stores or by mail. The Scobell Drug Co., Montreal.

FLOUR PRIZE TO DROP

WINNIPEG, Aug. 27—Following the start of the full movement of the 1920 crop and the resumption of competitive dealing by millers, it is stated today on good authority, according to a local paper, that there will be a drop in the price of flour and also in the price of bran and shorts.

One prominent miller said that the drop in the price of flour would be \$1.50 per barrel at least. It was likely to take effect soon, probably next week, or the week following, he intimated. The price of flour per barrel now is \$14.30.

The price of bran and shorts, it was said, would drop from \$7.00 to \$5.00 per ton.

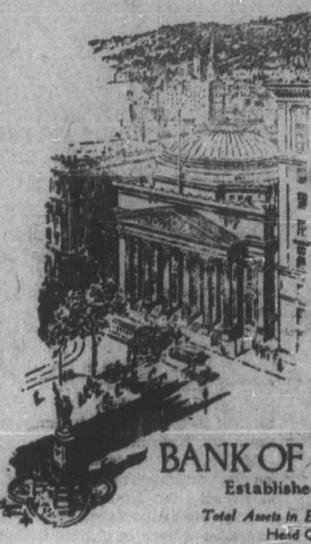

NEW COAT OF ARMS

The design of the new Canadian coat of arms has gone to the College of Heralds. The procedure is somewhat involved. After approval by the Canadian Government, the design goes to the College of Heralds, where, it is possible some minor technical changes may be suggested. Subsequently formal approval is given by the King in Council on instructions issued to the Earl Marshall, who is head of the College of Heralds. The new coat of arms bears the device "a mari usque ad mare" (from sea to sea). It is taken from the singularly appropriate line in the 72nd Psalm: "He shall have dominion from sea to sea." Approval of the coat of arms was the last act of the Borden Government.

New York bootleggers are said to be transporting their wares in hearses, and hearses, it is remarked are also carrying some of their victims.

A proposed Winnipeg factory will manufacture boxes from a wood fibre. The fibre will be made of pressed waste paper and wood screening, reinforced with metal.

For Your Children

YOU say and believe that you would do anything for your children. Have you started a savings account for them yet? Do it today at the Bank of Montreal, even if you begin with only one dollar. There is no better way to teach them thrift and no more important lesson for them to learn.
