THE PRICE OF THE BONDS

The manner of disposal of the Alberta and Great Waterways bonds for par, 5 per cent interest, Canadian terms, on the London market received some strong criticisms from a private member of the legislature yesterday afternoon in an interview with The Journal. "I have handled bonds a little myself," said one member, "and in my opinion there has been a clear loss of \$1,600,000 in the sale of the Great Waterways bonds. The bonds, which were 5 per cent, only sold at par, while they should have sold at a premium of 17.67, which would have brought something like \$9,028,000 for the total issue of \$7,400,000."

At the time these bonds were being disposed of many municipalities were selling their bonds on the London market at considerably above par, 4 per cent interest. Vancouver sold several millions at 4 per cent above par, while Winnipeg disposed of \$2,000,000 worth of 4 per cent bonds at par.

J. W. Wolf and several other insurgents have demanded, as the price of their support of the Rutherford administration, radical changes in the contract and specifications of the Alberta and Great Waterways railway, which will practically amount to a new agreement, and a new set of specifications. If these concessions are granted, Mr. Wolf stated this morning that he was prepared to support the government. If they are not forthcoming, if the government did not give a guarantee that it was prepared to make a new contract with the railway, whereby the line would be constructed along more approved methods, he would vote against the administration, when the question came to a vote

prepared to carry out the construction of the road on the amended specifications. As announced yesterday, it is understood that the company are willing to allow half of their guarantee of \$20,000 a mile for the first 100 miles to remain with the government as a bond that they will complete and operate it.

There is not likely to be any new development following this afternoon's session. The debate on Mr. Boyle's motion will open up tomorrow afternoon, and many expect it to continue for a week.

Mr. Bennett's questions regarding the negotiation of the sale of the Great Waterways bonds and regarding the sale of the Grand Trunk Pacific and Canadian Northern lines guaranteed by the government, will be answered in the house this afternoon by Premier Rutherford and they are expected to furnish still more detail regarding the Great Waterways deal, which the insurgents will use as material against the government.

Board of Trade Ball

The Board of Trade Ball on Friday evening last was a decided success. Over 75 couples were present and a splendid night was spent. The committee who had charge of the dance deserve great praise for the excellent manner in which they carried out the annual dance of the Board of Trade.

Lovering--Cronkhite

Dr. J. E. Lovering and Miss Bessie Cronkhite were married this morning at 11:30 by Rev. T. P. Perry at the home of the bride's father G. H. Cronkhite. Pearl Cronkhite, sister of the bride acted as bridesmaid and H. S. Lovering of Regina supported the groom.

Only the immediate relatives of the contracting parties were present. The bride wore bride's roses in her train and was dressed most becomingly in a Princess Bruce's net over cream silk.

The happy couple left on a honeymoon trip for Calgary and Edmonton on this afternoon's local with the good wishes of their many friends.—Lethbridge Herald Feb. 25.

Deed For Half-Inch of Land

New York, Feb. 24.—A deed for a strip of land only a half an inch in width was filed Tuesday in the county clerk's office in Jamaica, L. I. The lot is sixty five feet deep and adjoins a plot on which the buyer intends to erect a three-story brick building.

Sell Stamps Sticky Side Up

New York, Feb. 17.—As a precaution against the spread of disease germs, the New York postoffice employees have begun to deliver all postage stamps face down on the counter. The measure is taken because of many complaints from physicians and boards of health that stamps when pushed across the counter with the adhesive side down, pick up germs which are taken up by the tongue when the postage is moistened in affixing the stamp.

The wrestling match in the opera house on Wednesday evening between Jack Ellison, of Cardston, and Axel Boode, of Innisfail, proved an interesting exhibition. Between fifty and sixty people witnessed the contest. Boode secured the first fall in 18 minutes, Ellison the second in 6 1/2 minutes, Boode the 3rd fall in 19 minutes. Another match between these two is looked for as Ellison claims to be suffering from a crippled ankle and was apparently not at his best.—Innisfail Province.
