GROS VENTRE NOTES.

We have had quite a lively time in Josephsburg over the cattle dipping. It appears some ranchers understood the Government regulations allowed small bunches to be hand dipped. This looked quite reasonable, considering there was next to no manure to be seen. But the decree had gone forth—all cattle must be dipped. Then those who had hand dipped had not done this dipping, according to what the inspector would accept under the dipping regulations, and now found themselves in a corner—stony weather on hand their cattle being rubbed and dipped by government officials, which is rather expensive.

Most of our ranchers are law abiding, and dip their cattle according to regulations. At the same time a great many count that the dipping this season was a hardship considering the trifling amount of manure, compared with the amount of abuse the cattle receive in being pounded through the shutes in the dipping. I have heard ranchers with small bunches say they would gladly pay 25c. per head for privilege of hand dipping, so as to save their cattle the abuse in connection with the regular dipping.

Others claim it would pay to dip cattle supposing there was no manure, as they do so much better after being dipped.

If those ranchers of that opinion keep on dipping after compulsory dipping is being of the past, we will believe they are sincere.

Mr. Wm. Putnam's new foreman arrived at the ranch last week. He is a native of Medicine Hat. I have not heard his name.

On a certain blockhouse line in South Africa it was necessary to place a sentry on a hill a little distance from the blockhouse, which was in a hollow. One night an Irishman was on the said post. The officer, on visiting Pat, seemed to doubt his knowledge as to his duties in case of an attack, so (the officer) asked Pat—if the enemy did actually come what steps he would take. "Long and quick ones," said Pat.

Mr. Alexander Mitchell, who is Medicine Hat agent for Alex. Galbraith & Son, Brandon (importer of Clydesdale horses) has been along our creek working up sales.

Mr. T. Lato has started an extensive pump factory on his ranch. He is turning out a first class article at moderate prices and is doing a land-office business. Now for someone to furnish wells with a supply of water that will hold out.

WANDERING WILLIE.

A very pretty wedding took place at the Century Methodist Church on the 18th inst. when Mr. J. B. Preston and Miss Luella Rowland were united in the holy bonds of matrimony by the Rev. J. M. Harrison, pastor of the church. The marriage, of which a brief notice appeared in our last issue took place at 5 o'clock, and was witnessed by a number of friends of the contracting parties. The bride was accompanied to the altar by her sister, Miss Jean Rowlands, to the strains of the Wedding March, and wore white silk with a berthe of real lace. She wore a wreath of lilies of the valley, and carried in her hand a bible in place of the usual shower bouquet. After the ceremony a very dainty luncheon was served at the home of the bride's sister, the table being prettily decorated with lilies of the valley. The happy pair left for the east the same evening, and are spending their honeymoon among friends in Eastern Canada. Christmas was spent at the home of the groom's father at Tottenham. A large number of friends was at the depot to see them off, and they left amid showers of rice and the congratulations of a very large circle of friends. The happy couple are the recipients of numerous presents.

Then the captains agreed to play five minutes each way. The first five minutes The Ball-Headed Seven did some brilliant playing, and kept the White Socks defence busy. The second five minutes The Ball-Headed Seven made a nice rush, but were stopped by Ellis, who passed to Legh and then on to Cunliffe, who scored. Two minutes after time was called leaving the score 1-0.

SCHOOL MATTERS.

As both of our town schools are completed, and both comfortable and up-to-date in every particular, an attempt has been made to divide the pupils attending these schools into two parts, making their place of residence North or South of the railroad track the basis of division as far as possible. The grading of the pupils and the lack of accommodation in some of the rooms has prevented a perfect division, but we trust some advantages have been gained. Mr. Stafford's class is to be moved to the Toronto Street school and four pupils promoted from the Jr. IV class into his room viz., Alice Azeit, Lydia Cooper, Gertrude Calkins and Myrtle Dimmick. Miss Edith Morrison is also to be moved and her pupils will all be from the south side of the track, viz. (1) All of her old class who live on the South side. Promoted from Miss Janet Morrison's class to Miss Rae's class: Emma Dreudson, Alma Eddy, Ethel Terry, Mary McKinnon, Ethel LeLonde, Myrtle Penhale, Willie Anderson, Gertrude Evans, Annie Schmelzer, Wendell Page, Dorothy Nilock, Arthur Anderson, Oliver Barreau, Austin Sirr.

Promoted from Miss Davidson's class to Miss J. Morrison's class: Miss Perry, Ruth Deagon, Flo Curry, Jay Watson, Ivie Towhey, Adeline Legh, Stephen Hatlie, Dexter Franklin, Lucy Schmelzer.

Miss McNiece's class. Andrew Lamb and Annie Palmer are to go from Miss McNiece's class to Miss J. Morrison's class. School re-opens Tuesday January 2nd.

At St. Barnabas Church on Christmas Day the Rev. W. Nicolle, rector, conducted four services, namely, at 7.30, 8.30, 11 and 4.30.
