HIGHLANDERS OFF FOR CHINA. London, Dec. 5.—It is announced at Aledshot that, owing to the decision of the powers to increase the strength of the European forces in North China, the Second Battalion of the Cameron High- landers will proceed from South Africa	Sati Lake City, Dec. 5In an interview inst hight former Seentor W. A. Clark, of Montana, said: "The total reduction in the output of copper is so large that six months ought to see the surplus entirely eliminated. When that is done, I expect to see copper go back to about 16 cents a pound, and that is enough. At that figure consumption is pos- sible on a large scale, and while it will not permit all the mines to resume on the old basis it will still furnish employment for a isrge proportion of the men who have been thrown out of employment by the recent situm." London, Dec. 5The rate of discount of	will be a continuation of the two-mile city championship race, and a large number of new entries are in, which should make the contest very exciting. M. P. DEAD. Turns on Gas. Jersey City, Dec. 5.—Putting his head into a small gas furnace, used for heat-ing tools at a lace curtain factory where he was employed as superintendent, Thomas Walker, 45 years old, inhaled the fumes till death came, which must have been in a few minutes. He was found with his head still in the furnace, the whole flow on, when employees of the plant arrived for the day's work. Walker had not been well hately, and had been acting strangely.
