THE HAMILTON TIMES

ITS HAUNTING DOUBT.

Premier Whitney's statement on the ower question, made at the Tory love feast at Toronto, and which has been seized upon with such manifestations of joy by the socialistic organs of "owner ship" in general, is far from satisfying the Toronto World. Instead of accept ing it as a clear and definite utterance sing of all doubt as to the future of the Hydro-Electric scheme, the World sees in it but an effort to evade the issue, and mislead those who sought to be reassured. The World says the power position "needs a lot of clearing up at the present time," and it demands from Beck and Whitney "an exact state-ment of the situation." It declares that Whitney "was not sufficiently specific," and it challenges him to be candid, hinting that the people do not consider him to have been candid. And it adds:

to have been candid. And it adds:

They think, for some reason or other, that there are men in the Whitney Government, like Messrs. Hendrie and Hanna, who are not friendly to the proposition. Mr. Hendrie is also on the Hydro-Electric Commission. There are other Ministers who are sailing on an even keel in regard to it. Does anyone know where Mr. Foy is? * * * There seems to be duplicity at every turn of this question.

The World insists that "surely Mr.

The World insists that "surely Mr. Whitney must see this duplicity." The tenor of its article indicates a belief that Whitney is playing with the question, and it concludes its doleful plaint with the statement, in capitals. that, "Perhaps the whole battle for publie ownership of Niagara power will have DOMINION PERMANENT LOAN plored." to be fought over again in the coming

Meanwhile, the farce goes on, and the statement is given out that Hamilton has "applied for power" to the extent of rse-power, and that various oth er municipalities have made application. As a matter of fact, Hamilton has not applied for power, and has not even received a form of contract therefor. Probably the other municipalities mentioned have done no more than Hamilton has done-merely signified what amount they would be likely to take, if the terms upon which it could be obtained, would be sufficiently attractive. But, unsatisfactory as the situation, and Whitney's dealing with it, may be to the World, Hon. Adam Beck professes to be entirely satisfied with things, and speaks as if his work in the matter was done. When pressed with definite questions, however, Mr. Beck shut up like a ouse-trap, after relating a story of a colleague who talked too much, and intimating that he would not be so caught. Adam, in his new role of the Man of Silence, is said to present new points r admiration by his friends who mar vel at his cryptic utterances.

THE PLOT THICKENS.

The public is gradually being let into high-handed action in demanding the den's platform. That it is unreservedngineer's resignation by saving that he but two, by telephone, and obtained their consent to his course. That indiates great diligence on the Mayor's part o get his knife into Mr. Barrow, but we are loath to believe that so many of the ldermen would lend themselves to such ontemptible work What is the source of the hostility to Barrow? No charges or complaints have been made against im. The only criticism offered has been he has "allowed the Mayor and aldernen to interfere with the work of his department." A pretty excuse that is to offer for the effort to knife him. The ngineer is a servant of the Council. His duty is to obey it: not to fight with it. If the Council misdirected him, the Council is to blame. Who envies Mr. Barrow his position? Who is the man in whose and entreprise of our people. Governterest Mayor Stewart is so busy, and or whom some of the aldermen appear to be willing to add a few thousand ioliars a year more to the city's salary list? Reorganization of the department ould be effected with great advantage to the city and with but trifling increase of expense were efficiency the only end aimed at. But there appears to be a disorganization, for the most part, an xeuse for creating another fat office for the making of it to knife Mr. Barrow. either ousting him entirely, or placin him in a subordinate position. The rate nevers will not fail to note who are the men engaged in carrying out the plot at

sto blame. Who enties Mr. Barvour position? Who is the man in which the man who may be position? Who is the man in which the man who may be should also whom some of the alsermen appears as willing to add a few thousand as the strength of When, a short time ago, it was reresented that Mr. Beck and his col agues of the Ontario Cabinet and the Hydro-Electric Commission sought to have an amendment made to the Radial Railway Bill to prevent it from selling electric power along its line, or to place restrictions upon such sale, they hast-ened to issue indignant denials, Mr. Beck being quoted as saying that such dis-tribution of electrical power would be who represents the Opposition to the Radial Bill, which is personified in the Whitney Cabinet, when the measur proposed an amendment to section 13 forbidding the company to compete with any municipal light or power plant within the limits of any municipality unless authorized to do so by a by-law expressing the consent of such munici

Mr. Cockshutt, in supporting it, ex-

power, if might become a competitor with Whitney's Hydro-Electric scheme. Hon. Mr. Graham not objecting, the only lacking amendment was carried. Originally, this those higher restriction applied only to cities, but the amendment provides for restriction

the principle of the amendment is vicious and running the and un-Liberal, and should never have dogs of journalis been accepted by the Minister of Railways. This is not Russia; it is not even Turkey or Japan, where private rights count for little. When the establishment of a Government monopoly is desired. Of course, it may be said that Councils can easily be induced to authorize any company to deal in electricity if its terms are favorable. That is no excuse for such legislation. Every individual citizen should be free to sell or buy current, without having to reckon with aldermen or councillors, and without being obliged to fix prices b cause of any arrangement somebody else may have made. The law of demand and supply requires but little of the "divine" guidance of the aldermen or councillors of a particular year, and Parliament is in poor business when it undertakes such interferences. We have no idea that the insertion of this clause will work to the injury of the Radial Railway Company; but it is just one more legal impediment-of which there are now far too many-in the paths of business, in Canada. It is totally opposed to Liberal traditions, and contrary to sound Liberal principles, and should be unhesitatingly condemned by Liberals everywhere. It will be an evil day when Liberal legislation heads in

COMPANY.

The Dominion Permanent Loan Com pany held the seventeenth annual meeting of its shareholders yesterday at the company's offices, 12 King street west, Toronto. There was a large attendance of the shareholders. The financial statement submitted shows that the earnings of the company as reported by Mr. Holland, the General Manager, for the past year amounted to \$174,140.80. Adding to this the amount of \$18,680.14, the balance brought forward from last year, makes a total of \$192,820.94. After deducting \$75,153.81 to cover interest and debentures and writing off \$1,000 from furniture and allowing \$69,813.99 for dividends there remained \$46,853.14, permitting the addition of \$28,000 to the reserve fund-bringing the total of this account up to \$258,000-and leaving \$18,853.14 to be carried forward to the credit of profit and loss. There was a substantial addition to the assets and the reserve account. There has been an active demand for money during the year.
All the available funds of the company have been employed, the rates of interest have been good and payments satis-

LOAN COMPANY.

SEVENTEENTH ANNUAL REPORT.

The Seventeenth Annual Meeting of the Dominion Permanent Loan Company was held at the Office of the Company on Wednesday, March 4th, 1908. A large number of Shareholders were present. The President, the Hon. J. R. Stratton, occupied the chair, Mr. F. M. Holland, Manager, acting as Secretary. The President presented the following report of the Directors for the year ending December 31st, 1907:

Your Directors herewith submit the Seventeenth Annual Report of the Dominion Permanent Loan Company, together with a statement of accounts for the twelve months ending December 31st, 1907, duly certified by the Auditors, both as to the correctness of the accounts and the satisfactory result of their inspection of the securities of the Company.

Your Directors are pleased to state that full employment has been found for the funds of the Company during the past year, the demand being amply sufficient to call into requisition the available funds of the Company.

During the past year the Company has declared and paid dividends amounting to \$69.813.99, and has transferred \$28,000 to the credit of the Reserve Fund of the Company. Besides paying such dividends and transferring the above-mentioned amount to Reserve Fund, and writing off of office furniture and premises \$1,000, there remains to the credit of Profit and Loss for future distribution, \$18,853.14.

All of which is respectfully submitted.

GAMEY'S DENIAL.

Did Not Make Slighting Remark About Englishmen.

To the Editor of the Times: Sir,-Recently you published the following, which has been copied through

the Province extensively:

"The other night in Toronto, that delectable Tory statesman, Gamey, had his
fling at the Englishmen who come to
live in Canada. Speaking to a club of
kindred spirits, he declared that the
Englishmen "weren't worth a tinker's

Stronger, Greater, Better Values Than Ever

Right from top of list to bottom these values are exceptional. When we sell you goods at a price lower than what we would have to pay if buying to-day; when you can buy cheaper than any grocer can buy—surely that means value; big solid, unmistakable value. Well, that's just what we are doing; just what you can do. We are selling cheaper than we could buy; you are buying cheaper than any grocer could buy.

Sugars Are Un

And refiners say they will not be so low again this year. Still, we sell 100 lb. bags Redpath's Granulated Sugar \$4.55; 20 lb. bags Redpath's Finest Granulated Sugar, 92e; 22 lbs. for \$1.00; 11 lbs. for 50e; 5 lbs. for 25e. Yellow Sugar, 23 lbs. \$1.00; 111/2 lbs. 50e; 5½ lbs. 25e. Cut Loaf Sugar, 4 lbs. 25e. Icing Sugar, 4 lbs. 25e.

4 Cans Corn for 25c

It is Farmers' Canning Co's. Corn, and it is good Corn. We have sold lots of it, and not only have we had no complaint, but we have had many words of commendation, and it goes Friday, Saturday and Monday at 4 tins 25c. You could not buy one case, nor 500 cases at the same price elsewhere. Farmers' Tomatoes also, per tin, 9c straight, 9c for one tin, 9c if you take 100 tins. Quaker Little Gem Peas, 3 tins 25c; Chaker Refuges Beans, 3 tins 25c. Our Carmed Beets are simply fine, small and tender, and blood red, per tin 10c; Pumpkins, 2 tins 25c; Blueberries, per tin 10c; Lombard Plums, 3 tins 25c; Raspberries, Strawberries, Crawford Peaches or Fitted Cherries, 18c per tin, 2 tins 35c; Skieed Pinea poles or Pears, 2 tins 25c.
