STRIKE AT CLEVELAND.

Nearly Two Thousand Street Car Men Walk Out.

Fight to Day Between the Men and the Strike Breakers.

Cleveland, O., May 16.—Cleveland's street car system was tied up at 5 o'clock to-day by an almost unanimous of the local union of the Amalga mated Association of Street and Electrical Railway Employees.

To reach this conclusion, meetings were held last night, beginning at 3, and

were held last night, beginning at 3, and lasting until 8 o'clock this morning. At the conclusion of these sessions International Vice-President Behner, of the Street Carmen's Union, said:
"The vote stands as as evidence of the feeling of our organization. Officially, I could not declare a strike. I put it up to the men in meeting assembled, and they agreed that the time to cease quibbling had arrived, therefore, the strike is on. The cars will cease to run just as soon as we shall be able to get yest as soon as we shall be able to get word to the various barns. The men feel that they have been discriminated against, and take this means of gnpha-sizing the fact."

night. Approximately 1,650 men voted, according to official statements. Only at rare intervals was a negative regis-

tered.

Variously estimated, between three and four thousand patrons of the urban lines began this morning to seek a means of transportation. City officials, it was stated, had not made preparations to combat the situation. The union, however, asserted that for two weeks President Dupont, of the municipal railway, had begun negotiations for additional help. They claimed this assistance would be inefficient. Nominally, the strike of the street car men declarance would be inefficient. Nominally, the strike of the street car men declared to-day involves 2,000 men.

The strike had its origin in the insti-The strike had its origin in the insti-tution of three cent fares, a subject of political contention in Gleveland during seven years past. Following the munici-pal election last November, the princi-pal issue being the question of municipal control of the traction companies and an ultimate fare of three cents within the city limits, consolidation of the street-car lines came about.

Was Trouble To-day. Was Trouble To-day.

Cleveland, May 16.—A large crowd gathered at the Lakeview barns this morning when an attempt was made to start several cars. Strike sympathizers attacked the non-union crews and a sharp melee followed, in which a score of men are reported to have been clubbed. Chief Kohler and a number of officers were rushed to the scene in autoficers were rushed to the scene in auto-mobiles and dispersed the crowd. Chief Kohler was struck in the neck with a stone, but was not seriously hurt.

Wonderful saving opporations of the decimal as special meeting of the Council to take such action as was necessary to stop the Hospital authorities going on with the work of erecting the Southam Hospital on the Hospital grounds. The Mayor, however, did not choose to treat the communication as private, but seems to have given it in tragments to the newspapers. I think, therefore, it is only right that the letter, if referred to only right that the letter, was as follows:

Ald. Lewis Criticises the Mayor's Action In the Matter.

Nontreal of the Citizen Sand that the Southam Hospital should not be built upon the Hospital should not be built upon the Hospital grounds, but that a new and suitable atte should be purchased for it. The Mayor, having strong feelings the other way, immediately set about to find tech-

nical objections to the amendment and proceeded to rule it out of order, calling to his aid the City Solicitor and the City Clerk. The Mayor stated that the amendment would not be in order until there was a motion made to reconsider or rescind the resolution passed in 1907. The Mayor put the motion to reconsider or rescind, which was indisputably quite unnecessary, and, after it was carried, he immediately annulled it, without any authority from the Council, saying that my motion to reconsider or rescind was out of order, it not hat go been made by one who had previously [in 1907] voted with the majority. This last objection, although quite untenable, was again removed by 'Ald. Sweeney and Wright (who had voted with the majority in 1907) expressing their willingness to move and second the motion. When the Mayor saw that he was defeated, as the vote stood on the motion. When the Mayor saw that he was defeated, as the vote stood on the motion to reconsider or rescind 11 to 9, he then begged that time be given to further consider the matter, and that it be again referred to the Finance Committee. The majority of the Council, including myself, agreed to allow this, as we did not want to take any unfair advantage, and wanted to hear further as to Mr. Southam's will in the matter. It turns out that Mr. Southam is quite willing to have the hospital built on any suitable site, although it was stated to the contrary by the Mayor.

Before the majority would consent to the matter being referred back, they in sisted upon a promise from the Mayor.

the matter being referred back, they insisted upon a promise from the Mayor that he would see to it that the work was stopped. The Mayor, therefore, on his own undertaking and in protection of the authority of the Council, should see to it that a special meeting is called. Ther is a cunning about the Mayor's suggestion that twelve aldermen should sign the requisition, as he is perfectly aware that there were only eleven aldermen in favor of the work being suspended. Why should an individual aldermen have to go about and solicit the other aldermen to sign a request when the Mayor's duty is clear? Yours truly, the Mayor's duty is clear? Yours truly the Mayo the matter being referred back, the
