JOHN GOFF, Esq.

Sta.—Having observed that your name is emitted in the list of Commissioners lately appointed for the recovery of Small Debts in this towa, we take this opportunity of giving expression to our sense of your integrity and independence whilst acting as a Small Debt Commissioner.

In displacing you we are under the impression that the Government have overstepped their authority, which forbids them to "suspend or displace any officer within the Island Prince Edward without good and sufficient cause." See instructions to a late Government—Chief of the North American Provinces.

We regret that circumstances convince us that no man of independent principles can expect to be continued in any office overwhich the present Government cannot deprive us of a very highly respected member of the community; and with assurances of our esteem, we have the honor to be,

Sir, your obedient servants,

To the Inhabitants of Georgetown, and its vicinity.

To the Inhabitants of Georgetown, and its vicinity.

GENTLEMEN;
Accept my best thanks for the very flattering Address with which you have honored me on my having been superseded as a Commissioner of the Small Debt Court. I feel highly gratified by the assurance that my services whilst acting as a Commissioner of that Court, (in concert with my brother Commissioners,) have given satisfaction, and met with the approbation of so numerous and highly respectable a part of the community of Three Rivers. In giving expression to my feelings on this occasion, lergest being obliged to call in question the measures adopted by the Government: measures which have given such univer-il disestisfaction; and it is to be lamented that mee neutrated with the Government should be guided by mistaken policy, in displacing so many Commissioners of the Small Debt Court throughout the Island: persons who, for the just and faithful diacharge of their duties, have long enjoyed the respect and confidence of the public. But it is already evident that such partial and extreme ancauses are making a strong impression on the minds of the community, and will, undoubtedly, produce a change, which is becoming daily more necessary.

The circumstance of my services as a Commissioner being dis-

will, undoubtedly, produce a counge, more necessary.

The circumstance of my services as a Commissioner being dispensed with by the Government, is no cause of regret to me, since it does not deprive me of your esteem and good wishes.

Gentlemen, I have the honor to be,

Your obedient servant,

JOHN GOFF.
