

Would You Provide For the Care of Canada's Needy Consumptives?

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES, MAIN BUILDING FOR PATIENTS.

The institution that accepts patients from all parts of Canada. Hundreds of hundreds of letters being received daily.

John O. McNaughton, New Liscomb, Ont.: A young man not being here, and suffering from, it is believed, consumption, is being kept by one of the hotels here. He has no means and has no one to take care of him.

Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion.

For the week ending November 26th, 1909, one hundred and twenty-five patients were in residence. Ninety-five of these are not paying a cent for their maintenance—absolutely free. The other twenty-nine paid from \$2.00 to \$1.00 a week. No one pays more than \$4.00.

Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT

Norah P. Canham: Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.

TAKING THE CURE IN WINTER AT MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

The Muskoka Free Hospital for Consumptives is dependent on the good-will and gifts of the Canadian public. Money is urgently needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help? Where greater urgency?

Truly, Canada's greatest charity.

Contributions may be sent to W. J. Gage, Esq., 84 Spadina Ave., or J. S. Robertson, Sec'y-Treas., National Sanatorium Association, 347 King St. W., Toronto, Canada.

INTERCOLONIAL RAILWAY

TENDER.

Sealed Tenders, addressed to the undersigned, and marked on the outside "Tender, Fredericton Station," will be received up to and including SATURDAY, JUNE 17TH, 1911.

For the construction of a Passenger Station at Fredericton, N. B.

Plans and specification may be seen at the Office of the Secretary of the Department of Railways and Canals, Ottawa, Ont., the Station Master's Office at Fredericton, N. B., and at the Chief Engineer's office, Moncton, N. B., at which places forms of tender may be obtained.

All the conditions of the specification must be complied with.

A. W. CAMPBELL, Chairman, Government Railways Managing Board, Ottawa, Ont., June 2nd, 1911.

CASTORIA

The Kind You Have Always Bought

Bears the Signature of J. C. Watson

SHOT BECAUSE SHE WOULD NOT ELOPE

Twenty-year-old Girl Killed by Father of Six Children.

New York, June 16—Because Mrs. Carmela De Guercia, twenty years old, refused to elope with him, John Omega walked into the restaurant where she was employed today, pushed her to the infant she held, and shot her through the heart. Covering the proprietor of the restaurant with his revolver, Omega escaped. He is said to be the father of six children.

FORGED CAR TICKETS

Chicago, June 15.—The arrest of John E. Farris, a conductor on the Illinois Central Railroad, and later his brother William L. Farris, revealed what United States secret service men said to-day was a nation wide plan to swindle the transportation companies in the big cities by counterfeiting car tickets. From Farris' home a complete outfit for printing street car tickets was seized. John Farris is said to have admitted the charge against him and declared that there has been a systematic counterfeiting of transportation tickets for years. The men will be taken to Cleveland for trial.

A STRANGE STORY

The Boston Journal says: A hundred miles from shore a Plymouth Rock rooster last Tuesday flattered down upon the lumber schooner L. B. Hardwick, bound to Boston, from Annapolis, N. S., and feebly fell to the deck. Capt. Berry took the half frozen rooster to the galley and fed him with some corn mush, afterward imprisoning him in an impromptu cage on the upper deck until he was served up as an addition to the menu Saturday night. The incident occurred in a dense fog. Capt. Berry is at a loss to account for the arrival of his welcome visitor.

There is one medicine that every family should be provided with and especially during the summer months; viz, Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it? For sale by all dealers.

At the Normal School closing exercises, on Friday, the Lieut.-Governor's cash prizes—\$30 and \$20—for general scholarship, were awarded to Miss Frances K. Smith of Elgin, Albert Co., and Miss Olive S. Wright of Shannonville, Restigouche. Miss Lillian Flett of Nelson won the Governor General's bronze medal for professional work.

They're taking to stealing bronze statues from Montreal's squares now. What a horrible aftermath to the graft rampant there for sometime. The next thing will be red-hot stoves.

Dr. and Mrs. Murray returned on Saturday morning from Montreal, where they had gone to attend the Convocation of McGill University and the various functions connected with the "Union of McGill Medical Graduates." The Doctor also attended the Sessions of the Canadian Medical Association, which were held in that city during the week. The meeting of McGill Medical Graduates was the first of its kind ever held by that University and included graduates as far back as 1854. Several octogenarians occupied conspicuous places at least two of the Class tables at the Faculty Dinner. Upwards of 500 Medical Graduates were present. Among the New Brunswick representatives were: Drs. W. W. White of St. John, F. J. White of Moncton, O. E. Morehouse of Upper Keswick, F. J. Desmond of Newcastle and D. Murray of Campbellton. The Class of 1886, (an even quarter of a century ago) was represented by Drs. H. S. Birkett and A. F. Schmidt of Montreal, R. A. Kennedy of Ottawa, W. W. White of St. John, F. J. White of Moncton, D. Murray of Campbellton, W. M. Rowat of Quebec, J. F. Williams of Muskoka, Alfred Poole of Vancouver, J. H. Y. Grant of Buffalo, N. Y., T. G. McGannon of Lowell, Mass., and G. J. Gladman of New York.—Grapoic

TOOK THE LAW INTO HIS OWN HAND

And Shot the Friend of His Wife.

Albany, N. Y., June 16—First Baseman Arthur Brown, of the Albany State League Baseball Team, died last night in a hospital from four bullet wounds received, he told the police, at the hands of John V. McStea, a New Orleans actor. The shooting occurred at a rooming house where McStea said he found his wife in an apartment with Brown.

McStea arrived in Albany last night and proceeded directly to the house where he asked to see Mrs. Brown. In a statement made after the shooting he said he heard his wife's voice up stairs and rushed to the hall above. When he entered the room, he declared, he was brutally attacked by Brown, while his wife cowered in one corner. Getting the worst of the struggle, McStea says, he drew his revolver and fired with fatal results. Brown's home is in Wilkesbarre, Pa., where he was born 26 years ago. He started his professional baseball career with the Wilkesbarre Club of the New York State League. He later played with the Detroit American League team, Montreal Eastern League Club, and the Trenton Tri-State League team, from which he was purchased by Albany two years ago. His playing yesterday was a feature of the Albany-Scranton game. Mrs. McStea is 23 years old and a native of Albany. She was an actress and while on the stage in New Orleans two years ago married McStea, who was stage director at the opera house where she was playing. She has been in Albany since April. Her stage name was Mildred Barre.

FIELD CROPS IN CANADA

Ottawa, June 10—A bulletin of the census and statistics office today states that the season this year has been favorable for field crops in all parts of Canada, and excellent reports have been received from all the provinces. The lowest percentage of condition is made for fall wheat, which suffered from inadequate protection in the winter months, and also to some extent from spring frosts. The areas of fall wheat are greater than last year by 4.50 per cent and of spring wheat by 13.70 per cent. The total area in wheat is 10,503,400 acres, as compared with 9,294,800 in 1910 and 7,750,400 acres in 1909. The per cent condition of fall wheat at the end of May was 80.63, and of spring wheat 96.69. The area in oats is 10,279,800 acres and its condition 94.76, as compared with 9,864,100 acres and 93.95 per cent condition last year. Barley and rye each show a small decrease in area, but the condition is higher than at the same period last year. Slight decreases are also reported for areas of peas, mixed grains, and hay and clover, with per cent condition of over 90. Hay and clover have a reported condition of 91.45 for the Dominion being practically 100 in Manitoba, Saskatchewan and Alberta. The area of the field crops named is 32,051,500 acres for 1911, compared with 30,554,200 acres for 1910 and 28,194,900 acres for 1909. In the provinces of Manitoba, Saskatchewan and Alberta the area in wheat, oats and barley was 3,491,413 acres in 1900, 6,009,389 acres in 1905, 11,952,000 acres in 1909, and 13,809,300 acres in 1910, and it is 15,355,500 acres this year. The increase for these crops from 1900 to 1911 was 2,663,699 acres in Manitoba, 7,364,315 acres in Saskatchewan and 1,835,073 acres in Alberta.—Archibald Blue, Chief Officer.

\$3,600 in Cash Prizes for Farmers. ARE you going to build that new horse-block, sidewalk or dairy house of cement? Then insist on your dealer supplying you with the "CANADA" Cement. Not only will this ensure your getting a pure, uniform and strictly high-grade cement, that will guarantee the lifelong permanency of the thing you build, but it will also entitle you to enter our Prize Contest. And in this contest you stand a good chance of winning a prize that will perhaps more than pay you for the cost of the work. Every farmer in Canada who uses "CANADA" Cement is eligible to compete. Four prizes will be awarded in each Province and these prizes will be divided as follows: PRIZE "A"—\$100.00 to be given to the farmer in each Province who will use during 1911 the greatest number of barrels of "CANADA" Cement. PRIZE "B"—\$100.00 to be given to the farmer in each Province who uses "CANADA" Cement on his farm in 1911 for the greatest number of purposes. PRIZE "C"—\$100.00 to be given to the farmer in each Province who furnishes us with the photograph showing the best of any particular kind of work done on his farm during 1911 with "CANADA" Cement. PRIZE "D"—\$100.00 to be given to the farmer in each Province who submits the best and most complete description, of how any particular piece of work shown by photograph was done. Notice how we have purposely planned and imposed certain necessary conditions in order to give large and small users of cement an equal opportunity. As an illustration of this: In prizes "C" and "D," the quantity of cement used has no bearing whatever on the result. The farmer who sends us the best photograph of as small a thing as a watering trough or a gate post, has as much chance for prize "C" as a man who sends a photograph of a house—and the same applies to prize "D." Don't hold back from entering because you think you don't know anything about concrete work. It's very simple. Besides, we have a 160-page book that we will send you free on request, which tells you all about concrete and how to make and use it. In this book, you'll find complete instructions for the making of almost everything you can think of in the way of farm utilities, floors, vats, troughs, stairs, posts, etc. This free book—entitled "What the Farmer Can Do With Concrete"—will not only inform you—it will also greatly interest you. So send for it anyway, whether you intend to try for one of the prizes or not. The Canada Cement Company, Limited, Montreal, Que.

Horse Posters at The Advocate Office

MAY the time never come when you will have to send your orders for Job Printing out of town--give us the FIRST chance to figure on the work and we are sure you will not be guilty of the offense. Try it for the year 1911 then if you are not perfectly satisfied, in fact delighted, with the price and quality tell us the trouble. In this way we will have a bigger, better and brighter Newcastle.
