# The Goderich Signal

DEVOTED TO COUNTY NEWS AND GENERAL INTELLIGENCE

GODERICH, ONT., FRIDAY, NOV. 1, 1889.

## TO ADVERTISERS.

Notice of changes must be left at this Office not later than Monday noon. The copy for changes must be left not later than Wednesday noon. Casual advertisements accepted on Thursday of each week.

## Local Notices.

All advance notices in the local columns of THE SIGNAL of meetings or entertainments at which an admission fee is charged, or from which a pecuniary benefit is derived, must be paid for at the rate of one cent per word each insertion, no charge less than twenty-five cents. Where advertisements of entertainments are inserted a brief local will be given free.

## BORN.

BROWN—At Lucknow, on the 24th inst., the wife of Mr. J. N. Brown, of a son.

BREWSTER—In Amherst, on Oct. 25th, the wife of Mr. David Stewart, of a daughter.

## MARRIED.

JOHNSON—SMITH—At Meridian, Bogus County, Texas, on the 21st inst., Talford Johnson to Mrs. S. A. Smith, both of Bogus County.

BURNS—REID—On Wednesday, 26th inst., at the residence of the bride's father, David Reid, by the Rev. H. Hutton, William Birnie to Martha Reid, both of the town of Goderich.

DALRYMPLE—SMITH—On Tuesday, Oct. 22nd, in St. Joseph's church, Kingsbridge, by Rev. Father Bonnet, Morgan Dalton to Miss Smith.

FOLLY—O'LAUGHLIN—On the 22nd of Oct., 1889, at the Kingsbridge R. C. Church, by the Rev. Father Bonnet, Morgan Dalton to Miss Smith.

HANTON—McRAE—At the residence of Mr. Kenneth McRae, Amherst, by the Rev. Father Bonnet, John Hanton, of Detroit, to Maggie McRae, of Amherst.

## NEW ADVERTISEMENTS.

Card—E. Campion.  
Millinery—Mrs. Salkeld.  
Just Received—Misses Yates.  
Have you seen our call at Geo. Stewart's tailor studio, cor. Hamilton-st. and square.

The Women's Christian Temperance Union will hold a large social at the Victoria Hotel every Tuesday afternoon, 7 o'clock, commencing at 7:30, business meeting at 8.

Wilson—Try Wilson's Pulmonary cough Syrup for children, price 15c, and Balsam of Wild Cherry Bark for coughs and colds, price 15c. Also a full line of the more expensive steel engravings. By the artotype process there are actual reproductions of the best work of Millard, and other world-renowned artists. Pictures and illustrations are away down in price and away up in quality.

There are many ways of decorating a home, but one of the cheapest and best ways to do it is to call at R. R. Salkeld and purchase some of his beautiful artotypes, framed in choice mouldings, and which are in appearance fully up to many of the more expensive steel engravings. By the artotype process there are actual reproductions of the best work of Millard, and other world-renowned artists. Pictures and illustrations are away down in price and away up in quality.

Withstanding the opinion of Moses Oates, there are two things that the heads of the house should attend to. Keep your families well clothed during the winter, and don't let the coal bin leak out. The clothing can be had at A. and A. Priddy's.

Have you seen our call at Geo. Stewart's tailor studio, cor. Hamilton-st. and square. A nice assortment of copper kettles, both plain, galvanized and nickel-plated. A large variety of bird cages, selling at cost price. Cutlery, glassware, tinware, lamp goods, etc. Always on hand and ready to ship. Call at Stewart's and see the cheapest house under the sun.

Mr M. C. Cameron left on Tuesday afternoon on a visit to London.

Mr Jas. Doyle, expressman, has returned from Chicago, whither he had gone to visit a son who was ill. We are pleased to state that the patient is now recovering.

Orange Lodge No. 182, Goderich will attend divine service in Victoria-st. church on Sunday morning next. The pastor, R. L. Hutton, will preach the sermon on the occasion. An invitation is extended to outside brethren to meet at the Lodge-room and march to and from the church.

TEMPERANCE.—The Young Woman's Christian Temperance Union will hold its regular monthly meeting on Monday, Nov. 4th, at 7:30 p. m. at the house of Mrs. R. Henderson. All members are requested to be present, as there will be reports given by the delegates attending the convention held in Galt this week.

At a special meeting of Court Goderich, No. 32, C. O. F., the following officers were duly elected for the ensuing term:—Bro. A. B. Davidson, C. R.; R. Fulford, V. O. R.; T. Sneyd, F. Sec.; W. McGrath, R. Sec.; C. Crabb, Treasurer; W. E. Johnston, Chaplain; W. Pennington, S. W.; J. Robertson, I. W.; J. Priddy, S. B.; B. Evans, J. B.; Dr Taylor, Court Physician.

WEST HURON FARMERS' INSTITUTE MEETING.—The West Huron Farmers' Institute will hold a meeting in the town hall, Goderich, on Wednesday, November 6th, 1889, commencing at 10 o'clock a. m., and continuing throughout the day. A discussion on "Milling and Feeding" will begin at 2:30 p. m. An interesting program of music will be rendered in the evening. All are invited.

An exchange says:—The streets of Wingham, in the evening, remind one of the doors of evil, for one is very dark, and the others are lovers of darkness. Again, they resemble a bucket shop, for every step is a speculation, whether the feet will come down upon the sidewalk or in a pool of water. Lastly, like a will-o'-the-wisp of an English marsh, you see a light in the distance and steer therefor, but, alas, often get landed in a quagmire.

GAME LAWS.—Following are the dates for shooting game as set down by statute: Partridge, September 1st to January 1st; woodcock, August 15th to January 1st; snipe, rail, and golden plover, September 1st to May 1st; quail, October 15th to November 20th; geese, September 1st to May 1st; hare, September 1st to March 15th; bear, mink, muskrat, or caribou must not be killed till October 15th, 1893; deer, October 15th to November 20th.

KEEP OFF THE TRACK.—The frequent accidents that occur to people who are liable in walking on railway tracks are likely to bear fruit. The Grand Trunk authorities are determined to arrest all persons found trespassing in the manner stated, not only citizens, but all along the line, and the provisions of the Railway Act will be strictly enforced. Persons who are in the habit of walking on the track should remember they are liable to prosecution, and the agents have instructions to see that the Act is carried out.

WEATHER PROBABILITIES.—J. G. Mowat (Moses Oates), connected with the Observatory and a clever meteorologist, says: "The cold weather we have had during the past two weeks is over. For the next month we shall have in Ontario fine warm weather considering the time of the year, and very dry. The end of October will be decidedly warm, hazy and fine, and the first two weeks in November will be fine and warm for that time of the year. After that plenty of underclothing and warm clothes."

Some people forget that there is a duty on books coming in by mail from the United States, and are reminded of the unpleasant fact only when they receive a notice from the postal authorities or the custom house officer to come and settle up. The cheap sets of Dickens and Scott now being offered as premiums are liable to a double payment, duty and copyright, which makes a large additional cost. The Dickens Set which is offered in combination with The Weekly Mail is not subject to these annoyances, as duty and copyright are both paid by the publishers in Toronto.

SPECIMENS ON EXHIBIT.—During the past week a number of valuable specimens have been on exhibit in the show window of Mr W. T. Welch. They comprise peacock-copper and nickel, yellow copper and nickel, and specular iron. The specimens are from the mines owned by our townsmen Judge Tomas and Mr Andrew Waddell, located in the townships of Hallam, Salford, and unsurveyed townships adjoining, south of the township of May. There are five mines in all, two of iron and three of copper and nickel. Another mine owned by the above named gentlemen in conjunction with Mr Harry Meyer, of Wingham, is the whole of lot 3 in the 2nd con. of Bazar, within five miles of Goderich, with railway communications. This mine adjoins the Dominion Co's mines on the South, the latter being one of the most prolific finds at present working. All the claims owned by our townsmen were taken up by Mr Waddell during the past two years, and from present appearances it seems that the proprietors are in luck. The mines are now partially developed, and the richness of the ore has convinced the proprietors to proceed at once to fully develop the claims.

FOOTBALL MATCH.—A football match was played last Wednesday on the agricultural grounds, between the Clinton team and the Goderich model school team. The score was 1 to 0 in favor of the Goderich boys.

Mr P. Holt on Wednesday last was called to Sarnia to visit his brother-in-law, Mr Vesey Elwood, formerly of Goderich, who is seriously ill.

Persons wishing to improve their memories or strengthen their powers of attention should send to Prof. Loissette, 237 Fifth Ave., N. Y., for his prospectus post free, as advertised in another column.

Mr William Acheson has taken the ancient appearance of his store on the Square and lowered the flooring. He is putting in a modern plate glass front, and, when completed, the store will be another ornament in the way of business stands.

AN IMPORTANT IMPROVEMENT.—The new Soft Stop and Practice Pedal attachment to a Newcomb Upright Piano serves the nerves of the listener or performer, when practicing, as well as the instrument from wear, and preserves the tone.

Do not fail to attend the Harvest Home in North-st. Methodist church, on the evening of Thursday next, Thanksgiving Day. A fine supper, excellent speeches, good music—all for 35 cts. Come and you will be satisfied that you have received the worth of your money. See particulars on large bills.

BARRELL BALL.—Arrangements have been made for securing the new organ factory building in which to hold the ball under the auspices of the Goderich baseball club, instead of in the rink, as originally intended. This event will take place on the evening of next Wednesday, November 6th. The London Harpers will furnish the music.

TRACT SOCIETY MEETING.—The annual meeting of the Upper Canada Religious Tract Society will be held in the basement of the North-st. Methodist church this (Friday) evening, at 7:30 o'clock. The Rev. Dr. Moffat, of Toronto, will give a lecture on "Reaching the Masses." A collection will be taken up for the benefit of the society.

Our enterprising photographer, Mr R. E. Sallows, has again imported direct from England a magnificent set of Egyptian slides, together with a number of novelties never before exhibited here. He has been engaged by the teachers of Knox Church S. S., to give the first exhibition of these views, which will take up a full evening. A treat is in store.

MISSION BAND ENTERTAINMENT.—Thursday evening of last week Knox Church Mission Band gave an entertainment in the church lecture room. The attendance was fine. Rev. J. A. Anderson opened the meeting with prayer, and the following program was presented:—Hymn, "Over the Ocean," by the Band; recitation, "Appeal from a child wild in India," Miss Johnston; duet, "Jesus, lover of my Soul," Misses Bailey and Gibson; chairman's address, Mr Anderson; hymn, "Mission Song," the Band; hymn, "Who is he, ponder that," members of the Band; hymn, "Happy are we," the Band; address, Mr Anderson; solo, Miss Strachan; "Sound the truth abroad," by the Band. The benediction closed the proceedings.

PUBLIC SCHOOL BOARD.—The School Board held its adjourned monthly meeting on Friday evening. Present—S. MacLennan, chairman, and Messrs. W. Acheson, H. W. Ball, C. Crabb and A. S. Chrysal. The minutes of previous meeting having been read and confirmed a return from the town clerk was read stating that R. W. McKenzie had been elected to the Board in the place of the late A. Morton. Mr McKenzie having made the usual declaration took his seat as a Board member. The principal report for September, showing an average attendance of 553-272 girls and 281 girls, was read and filed. Applications from caretaker for wheelbarrow, from principal for a supply of chalk, were referred to contingent committee, and a request that the water pipe in St. Patrick's ward school be protected was referred to waterworks committee. Some alterations in the Central and St. Patrick's ward schools were referred to contingent committee. Mr R. W. McKenzie was put on the finance committee in room of the late A. Morton. The principal reported that he had suspended an insubordinate pupil for one month. A motion that the principal's action be sustained, and that the pupil be not readmitted until he had made proper apologies to the several teachers concerned was unanimously carried. Accounts from J. Saunders & Son, \$3 45; D. Gordon, \$3 50; W. T. Welch, \$1 85; and W. Proudfoot, \$26 69; were referred to finance committee with power to pay if found correct, and one from estate of Geo. Grant, \$1 20, was ordered to be paid. The following teachers were engaged: Principal Park at a salary of \$800, Miss Blair, \$425; Miss Sharman, \$325; Miss Campbell, \$250; Miss Burritt, principal of St. Patrick's, \$275; Miss Watson, principal of St. Andrew's, \$200. The following were engaged for the vacant positions, Miss A. Sharman, vice Miss Cook, \$275; Miss Minnie Cook, vice Miss Blair, \$235; Miss F. Williams, principal of St. David's, vice Miss Mary Sharman, \$275; Miss Addie, junior division of St. David's, vice Miss Wiggins, \$200, and Miss McLean, junior division of St. Patrick's, vice Miss Thompson, \$200. The Board then adjourned at 10:40 p. m.

Mr Burwell, of Strathroy, has been appointed on the staff of the Canadian Bank of Commerce here. He takes the position of ledger keeper.

A NEW PERIODICAL.—The young people of Knox church Literary Society have made a new departure in connection with the work of their regular meetings, and have established a newspaper in the interest of the society, called the "Grouser"—an ominous name truly in connection with church work. It is this "Grouser" succeeds in controlling the other growers its work will not be in vain.

MOORE-BLISS.—The following from the Chicago Inter-Ocean refers to the marriage of a young gentleman who was brought up in Goderich, and who is well known to many of our readers. He is the eldest son of our former townsmen, Mr E. F. Moore, and THE SIGNAL and his numerous friends join in wishing him and his fair bride the fullest happiness in the matrimonial venture:—Last night, at the residence of the bride's parents, No. 3550 Wabash avenue, were celebrated the nuptials of Mr George E. Moore and Miss Rosa B. Bliss, daughter of Mr and Mrs A. H. Bliss. The wedding was characterized by much quiet elegance and elaborate appointment, and the ceremony, which was witnessed shortly after 6 o'clock by about 175 of the friends and relatives of the bride and groom, was brief and simple. The house was tastefully decorated with flowers. In one corner of the parlor hung a handsome horsehoe of roses and smilax, under which the bridal party stood while the solemn words were pronounced by the Rev. H. D. Kimball, D. D., of the South Park Avenue Methodist church. The bride was richly attired in a gown of cream Ottoman silk, with trimmings of pearls and duchesse lace. This beautiful toilet, together with the bride's complete trousseau, was made in Paris, the family having but recently returned from an extended trip abroad. The bride was attended by Miss Fannie E. Bliss, her sister, and Miss Clara Spencer. Among those present were: Mr and Mrs Geo. H. Bliss, who were present at the marriage of the bride's parents; Mr and Mrs J. W. Butler, Mr and Mrs A. T. Evans, Mr and Mrs Joseph Bas, Mr and Mrs A. W. Wright, Mr and Mrs O. W. Stillman, of Joliet, great uncle and aunt of the bride; Mr and Mrs George Monroe, of Joliet; Mr and Mrs Henry Gray, Mr and Mrs D. C. Barringer, Mr and Mrs Edward F. Moore, Mr and Mrs Benjamin F. Allen, Mr and Mrs John A. Cox, Dr and Mrs C. J. Simons, Dr J. Reynolds, and many others. Mr and Mrs Moore will go away for a short trip, but refused to make known their destination, presumably in fear of being followed by old shoes or packages of rice. Upon their return they will reside at No. 4437 Lake avenue, the gift of the bride's father. The other gifts were very elaborate, but were not displayed. The table decorations were in pink, the supper being served by Kinaley, Valis's Mandolin Orchestra furnished the music.

OPEN MEETING AND LECTURE.—A pleasant open meeting was held on Tuesday evening in the temperance hall, under the auspices of the R. T. of T. The chair was occupied by Mayor Butler, and the attendance was good. His worship in opening the meeting paid a tribute to the work towards advancing the cause of temperance that was being done, and bade the temperance friends not to be discouraged if the results were not immediate. Temperance in all things was the proper thing, and temperance in regard to alcoholic stimulants was at a premium in every branch of business. He then called upon the audience to give good attention to the program, which he felt assured would be of a highly satisfactory character. Following is the program:—Solo, "Blue Bells of Scotland," Miss Minnie Strachan; solo, "The King and the Beggar Maid," Miss Minnie Acheson; Lecture; duet, "The Two Cousins After the Ball," Miss Nettie Crabb and Miss Minnie Strachan; solo, "I'll Await My Love," Miss Nettie Crabb. The vocal musical portion of the program was furnished by pupils of Miss Wynn, and it is needless to say that the rendering of the pieces did credit alike to pupils and teacher. Miss Cooke presided at the organ. The last solo was somewhat marred by an accident to three of the reeds of the organ, which brought the piece to an abrupt termination. The lecture, "The Devil's Chain and how to break it," was the feature of the evening. Rev. B. L. Hutton is well known as a logical and forceful speaker, and on Tuesday evening he appeared at his best. He referred to the liquor habit as the devil's chain, and showed conclusively that although the forging of the chain was slow, yet eventually the work was surely done, and human help was almost utterly powerless to break it. He cited numerous instances of the terrible effects of the continued use of intoxicants, and warned fathers and mothers to beware of leading their children astray by placing liquor within their reach. The great antidote for the terrible curse was a surrender of the heart to God, and the asking of Divine assistance to help break the spell. The lecture was practically and lucidly given, strongly but faithfully denouncing, and forcefully recommended. The effort was well received by the audience, and the lecturer succeeded in making a deep impression upon many who hitherto had given little or no thought to the subject of temperance. We understand an effort will be made by the R. T. of T. to hold these open meetings monthly during the winter season.

A CORRECTOR.—Last week, in referring to the fact that the estate of the late George Rhyas had secured a capable manager, we named the gentleman who had been secured W. J. Campbell, instead of W. J. Cameron. The typesetter followed up our error by transposing a couple of lines, which made "Cameron" seem confounded. We are pleased to state that Mr Cameron will take charge of the business this week, and he being a capable druggist of considerable experience and thoroughly recommended, we have every reason to believe that he will keep the large business established by the late proprietor well in hand. We welcome Mr Cameron to our trade circles.

FALL ASSIZES.

Record of the Cases Before the Court. Before Mr. Justice Rose.

THIRD DAY.  
Girvin v. Barke.—This case, a patent right difficulty, was continued. His Lordship found for defendant on the question of fact, but on motion of plaintiff's counsel reserved judgment on the question of law.

Cameron v. Cain.—Action against debt member of the firm of Cain Bros. Cameron and Morrison for plaintiff; Garrow, Q. C., and Traver for defendant. Remand by consent of counsel.

Torrey v. McMichael.—Action to set aside a mortgage as fraudulent. Cameron and Hastings for plaintiff; Garrow & Proudfoot for defendant. Counsel consenting, his Lordship directed that all matters in the question herein be referred to the local Master for enquiry, and report pursuant to sec. 101 J. A. O., for perjury sec. 47.

Ronald v. Broadfoot.—Action for money advanced. Jury dispensed with. Garrow, Q. C., and Sinclair for plaintiff; Wade for defendant. His Lordship directed that judgment be entered for the plaintiff for \$405.79 with costs of action, and that judgment be entered for plaintiff dismissing the counter-claim with costs of action.

FOURTH DAY.  
McQuade v. Fortune.—Action for trespass to land in township of Tucker. Cameron and Hastings for plaintiff; Garrow & Proudfoot for defendant. Jury dispensed with. His Lordship directed that judgment be entered dismissing the plaintiff's action with costs. Defendant's counter-claim was also dismissed with costs, defendant to have costs of the injunction motion. Straton v. Holmes et al.—This case caused more interest than any other at the court. The parties to the suit live in Brussels. It appeared from the evidence that on or about the 24th of Nov. last year, the plaintiff, Mrs Straton, was taken with illness, and sent for defendant, Holmes, who is a regular practitioner, to prescribe for her case. He did so, and wrote a prescription which the husband of plaintiff carried to the drug store of defendant Deadman to have made up. The druggist was absent, but his young man, who had served his full apprenticeship of three years, but had not passed the final examination, filled the prescription. Inadvertently he made a mistake in one of the ingredients, substituting hydrocyanic acid for hydrochloric acid. Both ingredients are poisons, but both are used in small quantities in prescriptions. On the return of defendant Deadman to the drugstore the error was discovered, and the druggist and clerk at once set out, one to get the doctor to see plaintiff in case the mixture had been taken by her, and the other to obtain the bottle containing the preparation, and fill the prescription originally sent. The clerk went to the hotel and told the husband of plaintiff that he wanted to see the title of mixture, and it was given him without demur. The druggist met the doctor and sent him to the patient to see if any ill results had followed. The doctor did so, and gave evidence that there were no apparent results. He attended the patient for a day or two, and being convinced that no harm had been done, ceased his visits. On the other hand, plaintiff gave testimony that she had been attacked with every symptom apparent from the effects of an overdose of hydrocyanic acid; that from that day to this she had been a helpless invalid, a burden to her relatives and sorrow to herself; that whereas previously she had been robust and hearty, now she was a physical wreck, &c., and in this she was endorsed by her husband, her brother-in-law, and her mother-in-law. A friend of hers, Miss Chambers, gave evidence that on the day after the alleged poisoning, she called upon plaintiff, and found her rational and in no way excited. Plaintiff on that occasion told her that for four years she had been in poor health in Denver, Col., and that she had come to Canada for the benefit of her health. Dr. Holmes also swore that plaintiff made a similar statement to him. Plaintiff stated that for thirty-six hours after taking the mixture she had been in an unconscious condition, which evidence was negated by the doctor and Miss Chambers. The quantity of hydrocyanic acid administered was proved to be a little over seven minims, and the smallest quantity known to be fatal was stated by the medical witnesses to be 45 minims. The medical testimony went to show that even an overdose short of fatal results could produce no permanent injury, and that whereas the drug in large quantities was one of the most deadly poisons, the effects of small quantities were transient, the poison being so evanescent a character that it was eliminated from the system in from one half-hour to an hour. Dr.

Gunn, president of the Huron Medical Association, cited a case in his practice where sixteen minims had been taken and the patient was over the effects in about half an hour. The doctors called by plaintiff would not state that seven minims could have had the effect upon the plaintiff, which she claimed to have experienced, and the medical man called for the defence were positive in their statements that no such results could possibly follow from taking that quantity. Although the doctors differed there was no material discrepancy on the question of permanent results. When the evidence was all in, Mr Garrow, counsel for defendant, moved for a non-suit, on the ground that there was no case to submit to the jury. The motion was noted by his Lordship and reserved for a future hearing. His Lordship, in summing up, stated that this was a case which properly speaking was outside of the ordinary law practice, and he hoped the time would come when such cases would go for adjudication before a commission of experts. After impartially stating the case, he gave three questions to the jury to answer: (1) was plaintiff injured by the medicine administered? (2) was the injury of a permanent nature? (3) what was the amount of damages? The jury then retired, and after being absent nearly an hour brought in a verdict. They answered question 1 in the affirmative; question 2, that the injuries were temporary, not permanent; and question 3, by assessing damages at \$100. The argument on the motion for a non-suit will be argued before Judge Rose in Toronto. Taylor for plaintiff, and Garrow & Proudfoot for defendant.

Forrester v. Wood.—Action to set aside a sale of goods as fraudulent. Garrow, Q. C., and Manning for plaintiff; MacKelcan, Q. C., for defendant. Admissions signed by counsel put in, and argument adjourned to Toronto.

Evans v. O'Neil.—Action for work done and goods sold. Garrow, Q. C., and Sinclair for plaintiff; Wade for defendant. Referred to local Master.

Farran et al. v. Roach et al.—Action for goods, and to establish a lien. Cameron & Holt for plaintiff; Thompson for defendant. His Lordship directed judgment to be entered for the plaintiff for \$288 and costs of suit, and declaring a lien on the lands mentioned in the pleadings for sale and payment out of proceeds, with the usual reference to the local Master.

This concluded the business before the Court, and his Lordship left the bench at 1:30 p. m.

## HARBOR NOTES.

The steamers United Empire and Campana called at the harbor during the week.

The schooner Ontario made her last trip for the season last week and has taken up winter quarters at the harbor.

A great improvement has been made at the harbor by the placing of an electric lamp between the mill and the harbor master's office.

Jas Mahaffy's schooner, the Enterprise, has taken the last of the wheat stored in the G. T. R. elevator to the Port Albert mill.

The schooner Niagara, which was stripped of her canvas some time ago, received an order for the delivery of a cargo of lumber at Warton, and after refitting sailed north on Saturday to load.

The tug Sir John arrived last Friday from Port Hope with two new screws for the dredge Chaboungue, which was brought here last week and will be put to work in the harbor.

## DUNLOP.

From our own correspondent.

PERSONAL.—P. Layton, market clerk of Brucefield, is in our burg this week visiting old surroundings and seeing old friends. In health he looks well and still unhandsome single blessedness.

IN HUNTERS AGAIN.—Our sick committee, who for some time had no patients, have several on hand this week, which are testing their knowledge to cure.

The mail is now carried by J. Whitty, of Kintail, in a buggy, and at the present time there is no mail coach for passengers on the route from Kintail.

A few weeks ago a scribe in Colborne items to the Star favored an idea
