Civic Affairs.

The terrible drain which preventable disease makes upon life is its most apparent effect, but as was set forth at length in the Evening Telegram some years ago by the Hon. John Harvey its economic effects drain the pockets of its victims. An excessive death-rate with the disabling diseases which fore-run death is a public scandal. As it can be prevented by reasonable expenditure of public money it is economically unsound civic administration which permits the waste of life and substance to continue.

As we mentioned yesterday, difficulties similar to those which prevail in this community have existed elsewhere and have been surmounted. If other cities have cut their death-rates in two, why cannot St. John's? The provision for a more abundant water supply from Winsor Lake is a proper one. The money spent in this direction no one should begrudge, nor is money wasted which is used to keep the supply pure at its source. But the work is only half done, if half the people in the city are inadequately provided with water, and the point made by the Hon. John Harris, in the Legislative Council, about the proper and sufficient distribution of the additional water which is being brought to town was an excellent one. An abundant supply of water is one of the first steps in reducing ill-health and death. Moreover it should go a long way towards a more adequate disposal of house sewage in which the city is notoriously deficient.

But what about the sanitary state of our streets? Even Water Street, paved and sewered, is not clean. As for other streets, foul is not an adequate description of their state. How

FAMILY FOOD

Crisp, Toothsome and Requires no Cooking.

A little boy down in N. C. asked his mother to write an account of how Grape-Nuts food had helped their family.

She says Grape-Nuts was first brought to her attention in Charlotte, where she visited.

"While I was there I used the food regularly. I gained about 15 pounds and felt so well that when I returned home I began using Grape-Nuts in the family regularly.

"My little 18-months-old baby shortly after being weaned was very ill with dyspepsia and teething. She was sick nine weeks and we tried everything. She became so emaciated that it was painful to handle her and we thought we were going to lose her. One day a happy thought urged me to try Grape-Nuts soaked in a little warm milk.

"Well, it worked like a charm and she began taking it regularly and improvement set in at once. She is now getting well and round and fat as fast as possible and on Grape-Nuts.

"Sometime ago several of the family were stricken with La Grippe at the same time, and during the worst stages we could not relish anything in the shape of food but Grape-Nuts and oranges, everything else nauseating us.

"We all appreciate what your famous food has done for our family."

Read "The Road to Wellville," found in plug. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

can St. John's expect good public health with filthy streets? We are not putting forward these facts in a spirit of complaint against the old members of the Council, but with the desire of pointing out what is before the candidates who aspire to a seat in the Municipal Council, and what problems those who get there will have to face.

100 Bags a trip.

The two officials of the Newfoundland Postal Department handle 90 to 100 bags of mail at North Sydney each trip of the s.s. Bruce. These officials who are stationed at North Sydney cut up the mail inward bound for all points of Newfoundland and for the sections of the city. They are doing good work.

Mining Curiosity.

A 14 foot core of iron ore will be sent by the Nova Scotia Steel Co. to the Festival of Empire. It was bored out with a diamond drill. It is a rare mineral curiosity. Messrs. Callahan, Glass & Co. have made the case in which the core will be packed.

Here and There.

TO SOCIALIST.—You have furnished neither your name nor address. Moreover, the gentleman in question had nothing to do with the publication of the report.

NEPTUNE'S CREW.—The crew of the S. S. Neptune were paid off last night at Job's. The crew numbered 203. About 100 of the crew went home in the D. P. Ingraham later.

KNIGHTS OF COLUMBUS.—An emergency meeting of Terra Nova Council No. 1452, will be held in the rooms on Wednesday evening, the 4th inst., at 8.30 p.m. 2ins.

ANNUAL DANCE.—The annual dance of the Pansy Amusement Club will take place on the 24th inst., in the British Hall. There will be an excursion to Renewals later.

TOOK HOME SEALERS.—The S. S. Ingraham sailed last night at 10.30 for Greenspond, Pool's Island, Catalina and Trinity taking about 100 of the Neptune's crew.

Ferrovim is the pleasing name of the best preparation of Beef, Iron and Wine ever placed on the market. If you or any of your friends are anemic, generally run-down, pallid, easily exhausted, try one bottle of Ferrovim and you will be gratified by the result. \$1.00 at druggists.

HAS TWO WHALES.—Job Bros. recently received information that the whaler Hump, operating at Dublin Cove, had only secured two fish to date. This is not a reassuring prospect but bad weather is mostly accountable for the scarcity of fish in that section.

GOOD FISH FARE.—One of John Foot's banking schooners, commanded by Capt. Murphy, arrived at Grand Bank from the Banks. Friday last, with 400 qts. fish, after a couple of weeks work. The vessel lost her cable in a storm and came to port to get a new one. She reports fish very plentiful on the Banks.

SUFFERS FROM CONCUSSION.—The little boy James Tibbo, who was knocked down by a horse on Henry Street Monday night, suffers from concussion of the brain and was very ill Monday night and yesterday, though the doctors at the Hospital hope to pull him through. The lad has suffered from deafness for some time and did not hear the carriage approach when the accident occurred.

Loss of Geo. R. Allston.

Capt. Smith being interviewed about the loss of his ship, the Geo. R. Allston, to-day, said: We left Cadiz with salt and wine on March 30th bound for St. John's. We had a fairly good run till April 18th, when in lat. 41.35 N. and 37.00 W., a gale from the W.S.W. arose, veering soon around to south and blowing fiercely. At 4 a.m. on that day the ship was hoisted. The wind dropped away after a few hours and left a heavy sea running. The ship was quite helpless. A sea struck the vessel astern and broke off two of the lower rudder irons, leaving it hanging by the upper brace. The rudder was driven from side to side by the sea and threatened to tear the stern out of her. Things continued this way all night. In the morning of the 19th the vessel began to make water. A heavy swell was on and nothing could be done to secure the rudder. Shortly after the schr. Marie, Capt. Driller, bore down and took the crew off. They remained on the Marie till the 25th April, when the Coronation, on the way to Grand Bank, took them on board and landed them on the 27th. The mate of the Marie set fire to the Allston. The crew lost all their clothes.

Supreme Court.

William LeDrew vs. William Petrie
 On motion of Counsel the case is set for Saturday, May 14th.
T. J. Batten vs. Nath. J. Boone.
 A. J. Herder, for plaintiff, moves for judgment. F. J. Morris, K.C., for defendant, is heard against the motion. The case will be heard at 3 p.m. to-day.
Robert Scott vs. The Newfoundland Government.
 This is an action to recover re-encumbrance on the contract for Fogu mail service of 1908. J. B. Blackwood for plaintiff is heard; Furlong, K. C. for defendant is heard. Blackwood states the plaintiff's case. R. Scott for plaintiff is called, sworn and examined by Mr. Blackwood, cross-examined by Mr. Furlong. After the closing of the plaintiff's case Furlong, K. C. is heard asking that the case be withdrawn for want of evidence. Blackwood is heard contra. Furlong is heard in reply. Further hearing is postponed till 2 p.m.

Must Toe the Line.

The time given by Judge Knight to one of the Topsail Road farmers who was before the court last week for having night soil on his farm having expired, Health Inspector O'Brien, as directed by the court, reported on the matter. As the matter has not been dealt with to the satisfaction of the inspector he recommended a further suspension of the judgment until Saturday next, and this was granted. Commenting on the case His Honor signified his intention of backing up the efforts of the Health Inspector in all matters relating to the conservation of the health of the public. If the obnoxious matter complained of by Mr. O'Brien is not removed to his entire satisfaction by Saturday a heavy fine will be imposed.

Coastal Boats.

Marine Notes.

The S. S. Bornu, the newly chartered steamer of the Red Cross Line, to ply with the Florizel this summer, leaves New York for this port on the 10th inst. She was delayed at New York receiving some necessary repairs.

The Allan Liner Mongolian left Philadelphia yesterday for this port.

The schr. Lilly A. W. is now in port loading supplies for Catalina for McCormack and Walsh, and will sail on Saturday next.

The S. S. Louise after leaving sealers at Bonavista, Greenspond and Newtowna returned here Monday afternoon. Mr. F. Lukins, of George Neal's, went purser by her.

The schr. Damaraland is loading fish at Bowring's, South Side, for Brazil.

The S. S. Wasis sailed for Sydney yesterday and returns with another cargo of coal.

The S. S. Kenevha, of the Furness Line, will leave Liverpool for here on the 18th inst.

FOR FESTIVAL OF EMPIRE.
 Up to date there are 17 persons booked to go to London for the Festival of Empire. They proceed by the Allan line steamer leaving on the 13th inst., and several other gentlemen with their wives and families will go forward also.

CONCERT FOR SCHOOL.—The R. C. parishioners of Logy Bay will hold a concert to-morrow night in the schoolroom for the benefit of the chapel and school. The local performers will be assisted by several of the best vocalists in the city. A good time is assured all who attend.

BLOODHOUND'S TURN-OUT.—The s.s. Bloodhound finished discharging her seals last evening. Her turn-out was: 6,802 young harps, 765 bed-lamers, 1,097 old harps and 100 old hoods, totalling 8,674 seals. Gross weight, 216 tons, 9 qwt., 6 lbs.; nett, 203 tons, 17 cwt., 2 qrs., 17 lbs. Net value, \$18,685.59. Her crew of 175 men shared \$31.78 each.

AN ENTERPRISING WOMAN.—A woman of Hoytestown who has a large family to support is showing that she is not afraid of work, no matter how laborious, in her effort to gain sustenance for her offspring. Recently she took a contract to whitewash the boarded fence around the property of a gentleman in that section, and did the work in a very satisfactory manner. She intends to take similar contracts for others, and is deserving of praise for her industry.

Train Notes.

The west bound express left Norris Arm at 9.15 a.m.
 The eastbound express left Port aux Basques at 9.05 and is due at St. John's at 1.30 p.m. to-morrow.
 By the Bruce express at 6 p.m. yesterday there went W. B. Hope, Laity Whiteaway, Mr. Trappell, Miss Trappell, Miss Gilman, Miss Hebers, G. M. Campbell, Rev. Mr. Bowen, Miss Frazer, Mr. and Mrs. Duder, Dr. Brehm, Mr. and Mrs. Van Wart, Capt. A. Dawe, Rev. Canon Temple, Mr. Graham, J. Found Two Watches.

Yesterday the Telegram advertised the loss of two gold watches and chains, and of course once the paper reached the street the little ad. which appeared met the eyes of the parties who had picked them up. Both the "tickers" were valuable and the owners would not wish to lose them for a great deal. They knew that it was next to impossible to lose them if they advertised in the People's Paper. They did so, and lo! the result. Both articles were returned to the delighted owners to-day. You don't have to lose valuable or articles of any kind while the Telegram is on deck to find them.

"Leah Kleschna."

Mrs. Innes will make her final appearance in theatricals in St. John's to-night when she will have the title role in "Leah Kleschna." In view of this fact, and of the liberal assistance afforded to charitable entertainments, and of the objects to which the proceeds of the performances are to be devoted, no doubt Mrs. Innes and her associates will be greeted by a good house. The C. C. C. Band will be in attendance. At the second production of the "Walls of Jericho," the performance ran even better than on the first night.

Jumped to His Death.

Passengers who came down on the Glenoe and arrived here by last night's train say that the man Hiscock who was killed recently on the schr. Grace Tibbo, became suddenly insane while aloft, and jumped to the deck being killed instantly. The accident appalled every man on the vessel.

Coast Weather Report.

Lasloe—Wind S.W., with rain and fog; no sea, large quantity of small herring along the coast.
 Sound Island—Herring very plentiful to-day, cod scarce, wind E. foggy.
 Lark Harbour—Wind E. raining.

Drought Impedes Sawing.

Unless copious rainfalls occur soon lumbermen in Trinity and Bonavista Bays stand to lose much money. A gentleman who arrived from St. John's northward a couple of days ago says that a good deal of logs were cut the past winter in both bays, from which would have been sawn. Most of the saw mills are now idle as all the brooks and streams, except the very large ones, have gone dry and sawing is completely at a standstill. This will also injuriously affect the coopers of St. John's, Harbor Grace and Carbonear, as stock for drums, herring barrels, etc., is urgently required but cannot be had. A good rain-storm would be of great value therefore at present.

CHILDREN FOR ORPHANAGE.

Two little girls named Power, of Argentea, came to town by last night's train to go to the Orphanage, at Belvidere. Their father was drowned while fishing a year or two ago.

Hon. J. D. Ryan Heard From.

Mr. M. F. Lawlor, the popular salesman at Knowling's hardware store, received a post card on Saturday from Hon. J. D. Ryan, who is now on a tour of the European Continent. The card was sent from Naples, and was dated the 15th of April. It shows a panoramic view of that fine city, with Mount Vesuvius in eruption in the distance. The hon. gentleman informed Mr. Lawlor that he is enjoying very much the beautiful scenery and splendid buildings, and that he would be leaving to visit the ruins of Pompeii on the 17th, two days after the card was sent.

Runners Practising.

Each night of late several young men who are going to compete in the Marathon Race and running matches the coming summer practice on LeMarchant Road. In some cases they seem to believe they have a prior right to the thoroughfare and collisions have occurred with the near sighted and infirm-people. These athletes should remember that citizens cannot be jostled with impunity and they should exercise more care in training.
