construction here of a large dock
capable of accommodating the new
60,000 ton steamers the Cunard Co.
are going to build.

EXPULSION OF JEWS.

Special to Evening Telegram.
KIEV, Russia, June 30.—The ex-
pulsion of Jews still continues, 158
being sent out of Kiev in the last two
days. Many of them were given time
to arrange their affairs before de-
parting, while others proceeded to
specified destinations under protection
of passports.

KING PRESENTED WITH MEDAL.

Special to Evening Telegram.
LONDON, June 29.—King George
gave an audience to-day to General
Stewart Woodford, of New York, Pre-
sident of the Hudson-Fulton Celebra-
tion Commission, who presented the
King with an official gold medal. Ac-
companying the medal was an ad-
dress originally prepared for the late
King Edward. In reply King George
referred to his emotion upon receiv-
ing an address originally intended for
his father who had so cordially as-
sociated himself with the celebration.
He thanked General Woodford and
added: "I know that this medal will
be prized by the Government of this
country as a memento of the festival
and as an evidence of that hospitality
so warmly extended to those who re-
presented my Government. I most
heartily wish that the two countries
may ever work together in the pro-
motion of everything conducive to the
peace of the world."

HARVARD'S WIN.

Special Evening Telegram.
NEW LONDON, Conn., June 30.—
The setting sun could not tinge the
waters of the Thames this evening
with a deeper crimson than they had
been dyed by the victories of three
Harvard crews on the broad four
mile stretch between this city and
Gale's Ferry. Harvard met Yale to-
day in their 44th annual rowing re-
gatta. Five lengths was Harvard's
margin of success in the "Varsity"
eight oared race, three in the fresh-
man and four in the "Varsity" four.
The freshman four oared race won
by Yale Wednesday evening was the
only sweet drop in Yale's bitter cup
of defeat. Nearly 6,000 persons in
the fit cars of the observation trains
on both sides of the river followed
the "Varsity" race. From more than
200 yachts and small boats along the
course as many more cheered the
oarsmen.

JAPAN WILL ANNEX COREA.

Special Evening Telegram.
TOKIO, June 30.—There is every
reason to believe that an announce-
ment of the annexation of Korea is
imminent. In accordance with the
convention recently made between
Korea and Japan, the Korean Emper-
or has issued an edict delegating to
the Japanese Government the police
administration of the country. This
is the first step, and the final step
will be taken when Korea is under
guard. The garrisons are being
steadily strengthened. The mass of
Koreans accept the reports of the an-
nexation with indifference, but a de-
cided spirit of unrest and activity
among the anti-Japanese element ne-
cessitates precaution prior to the
forthcoming announcement. The Ja-
panese resident General of Korea on
July 15 will confer with the Korean
Emperor, who is reported to be in
an easy state of mind in view of the
ample provisions which has been
made for him, his immediate family
and other members of Royalty under
the annexation arrangements. The
text of the Russo-Japanese conven-
tion recently made will be published
soon in St. Petersburg.

Carew Street School Concert.

A very pleasing concert was given
in the lecture room of Cochrane St.
Church by the scholars of Carew St.
School. The teachers, Miss Alice
Penwick and Miss Florence March,
are to be congratulated. From the
commencement to the last item on the
programme the children sustained
their parts well.

The sentiment expressed in the
opening chorus: "Aim for the top of
the hill, my lad," had the right
swing.

Rev. Mr. Dunn was most happy in
his remarks as chairman; if "brevity
is the soul of wit" it was a truism in
his case.

Lillian Pippy, a tot of four, gave a
recitation. All eyes were fastened on
her sweet face and charming ways.

Drill by the Senior Department—
"The Harvesters"—was most inter-
esting, and the intricacies were re-
membered and faithfully executed.

Oliver Scaplen recited "Driving the
cows home."

One of the hits of the evening was
an action song by the Primary De-
partment: "My Taddy Bear." Drill:
"The Daisies" was a very graceful
performance.

Dialogue, revealed the "horror of
war, when a mother and a sweet-
heart were deprived of their dear one."

Longfellow's "Village Blacksmith"
was sung and acted in chorus.

Gussie Goodland gave a humorous
recitation: "Grandpa's Hair."

The "Paries" and action song was
the last item. It was a dainty exer-
cise, and those who performed merit-
ed the hearty applause.

Miss J. B. Parsons performed at
the piano with grace and skill. Many
in the audience heard her for the first
time.

At the conclusion of the programme
prizes were distributed to the schol-
ars who were most successful in the
year's work.

REGATTA MEETING.—A meeting
of the Regatta Committee will be held

A Motor Boat Cruise.

W. T. Petrie and J. A. Barrett have
returned from Port au Port after an
interesting cruise in the former's mo-
tor launch. On the trip west they
explored the waters of the Serpentine
River and were astonished at what
they saw there. The stream appears
to be teeming with salmon and trout
of the largest kind. Trout of large
size are also plentiful, and Messrs.
Petrie and Barrett secured a large
quantity. This stream is practically
unknown to anglers and a revelation
awaits the sportsman who will pitch
his tent there.—Western Star.

Are You Wise?

There are two ways of seeing
things. One way is to see them as
they appear; another is to see them
with the mind. One may see the
sun causing nature to appear bril-
liantly and enchanting to the eye; one
closes the eye and see all in one's
imagination. That is what Solomon
meant when he said, "The wise man
has his eyes in his head." Therefore
every wise man is getting his Cloth-
ing, Dry goods and Furniture for
Cash or Credit from

fish; John Murphy, 50; George Cook,
15 and the others 10 and 12 fish.
Hook and line men did well. There
are still salmon in evidence. George
Cook getting 15 of these fish.

er yesterday morning. She brought
down three fine hags taken from the
