Diocesan Synod.

YESTERDAY'S EVENING SESSION.

The Synod resumed its session at 7.30, the Lord Bishop presiding. After prayers by His Lordship the Roll was called when 38 clergymen and 25 laymen answered their names. The minutes of the previous sitting were read, adopted and signed. On motion of Canon Bolt the report of the Executive Committee, which had been printed and distributed to the members, was received. The report gave a general resume of the work and progress of the Church since the last Biennial Session. It referred to the loss sustained by the death of Canon Dunfield who for so many years occupied the position of Clerical Secretary, and as an officer of the Synod his sound judgment and advice will be sorely missed. Sir James Winter's death, who was also prominent in every movement for the welfare of the Church, was referred to in fitting language. The death of the Episcopal Commissary, Canon Temple, who passed away almost on the eve of the assembling of the Synod, is recorded at the end of the report. Nine clergy are reported as having left the Diocese, while fourteen have been added to the list. The number of clergy now in the Diocese is 78, including those on the retired and sick list and leave of absence. Several new Churches and Parsonages are in course of construction and a season of activity prevails in many parts of the Diocese. Five new missions have been formed, while two missions have qualified and constituted parishes.

The work of the S. P. C. K. Report, the C. W. and O. Fund, Clergy Retirement Fund, Clergy Sustentation Fund, The Home Mission Fund, Home and Foreign Mission Fund, Bishopric Maintenance Fund, and the Diocesan Mission Fund are all reported upon by the committee, which report will probably be discussed during the next sitting of the Synod.

Bishop Spencer College Report by the Committee of Management is appended. The report of the Council of Queen's College was read by Canon Bolt and received.

Mr. J. W. Withers presented the report of Managers of the Clergy Sustentation Fund. Mr. W. R. Stirling read the Statistical Committee's Report. This report dealt with the unsatisfactory returns sent in by the clergy. Canon Smith moved the reception of the Report of the Committee on the question of securing and training candidates for Holy Orders.

The Rev. C. V. Cogan at this stage of the proceedings was called upon by Rev. Rev. President to address the Synod. Mr. Cogan responded in a most interesting speech, in which he conveyed a message from the Bishop of London (in whose Diocese he is at present labouring), to the Bishop of Newfoundland, the clergy and people of affectionate feelings and sincere love. Mr. Cogan having expressed his great pleasure and gratification at being once more privileged to address the Synod, took his seat amid much applause.

The Hon. R. Watson's Bill to amend Chap. 24, Cons. and Rules, was next in order. The Bill has reference to the enlargement of the Cemetery Board. Sec. 5 is amended by substituting the word 5 for 3. The House went into Committee on the Amendment which was passed and reported.

Rev. Frank Smart's Bill to amend Chap. 16, 17, 20 of Cons. and Rules, was moved for a second reading by the rev. gentleman in a lengthy speech, which evoked quite a discussion in which Messrs. Hollands, Rusted and Messrs. Blackall and H. W. LeMessurier took part. The motion for a second reading was lost upon a division of the House.

Canon Bolt moved the second reading of the Bill to amend Chap. VII, of Cons. and Rules, which being carried the House went into Committee and after a short discussion the Bill passed and the House resumed.

Leave was granted Canon Smith to introduce a Bill to establish an Ordination Candidates Fund.

After the Rev. F. Smart and Mr. J. W. Withers had spoken the Bill was read a first time, to be read a second time to-morrow.

The Bishop requested the Old Boys of St. Peter's College, under the leadership of Rev. J. F. Phelps, to remain at the close of the Synod.

The Rev. Mr. Newcombe will address the House at 8 o'clock to-morrow night in the interest of the B. and P. Bible Society.

After the Benediction by the Bishop, the House adjourned at 9.40.

Suffragettes Still Active.

Special Evening Telegram.

CARDIFF, June 26. King George and Queen Mary, who are making a tour of South Wales, were brought face to face with suffragette militancy this afternoon, when a suffragette broke through the police cordon, and sprang at the Rt. Hon. McKenna, the Cabinet Minister in attendance on their Majesties. The King and Queen were proceeding to the Cathedral of Llandaff, when a woman named Helen Gramp, muttering threats against cabinet ministers, enjoying a tour through the country, while women were starving in prison, hurled herself on the Home Secretary, and at the same time shouted to the Queen to help the suffragettes. The woman was promptly jailed.

Gen. Booth.

Special to Evening Telegram.

LONDON, June 26th. General Booth of the Salvation Army in the course of an interview said: "I am still hoping to go to Canada and the United States as bargaining for." General Booth is now recovering from his illness, though incurably sightless.

Special Evening Telegram.

CAPE TOWN, Yesterday. Wind S. W., light, weather dull; the steamers Tantalus passed east, and City of Sydney inward yesterday. Lyle east, and a Bell Island steamer in, and whaler Hawk west, this morning. Several ships are trawling off here for the past week. Bar 29.50. Ther. 63.

THE FLIES.

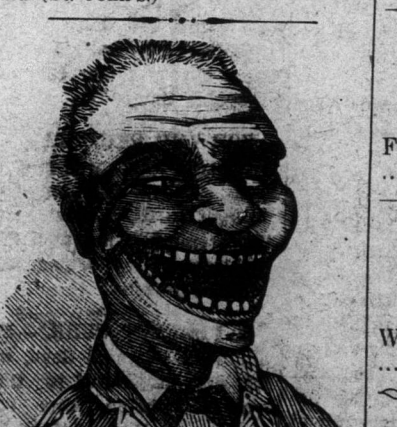

Now the flies begin their buzzing by the gross and by the dozen and they make our lives a burden with their gimlets and their drills; they are riding on the breezes and they scatter more diseases than the doc can ever master with his sugar-coated pills. Day by day the housefly hustles for our red and white corpuscles, shooting venom in our systems with his hypodermic gun; hustling in all human regions, sending to the boneyard legions who would otherwise keep living in this world of work and fun. Flies are vile and vulgar creatures; they have no redeeming features; they drive all the world to anger as they wield their deadly tools; and they keep us mad and fretting till we often have all been driven from this land the joy of living will the scientists assure us be increased a hundred fold; let us therefore rise and swat 'em, knock 'em endways, top and bottom, till they weary of their labors and their sticky feet are cold. Swat 'em with our swatters swatty, though the world may say we're dotty, kill them off with guns of poison, tie some tinware to their tails; tie them to the stake with tethers, give them coats of tar and feathers; when we find them in our village let us ride them out on rails.
