#### Investment News

St. John's, Aug. 18th, 1913.

#### An Investment Market Has Arrived

When you carefully examine the present conditions in our August Investment Offerings (now ready for mailing) we think that you will realize the force of our contention that this is a very good time to buy.

Municipal Debentures especially are listed on an attractive price basis—thirteen of the highest class being offered at yields varying up to 5 1/2 per cent.

Ten representative Industrial and Public Service Bonds are included, yielding up to 6 7/8 per cent. Eleven stocks of prosperous Industrial and public service corporations are listed with yields as high as 7 per cent—two with bonuses of common stock.

Competent judges of present-day financial conditions express the opinion in the leading journals that "an investment market has arrived." They accordingly advise the man with surplus funds to buy NOW. We concur completely with such sound advice.
