

Doctors and Danger

Most men's life-work is attended by certain dangers and that of the doctors is no exception. There are dangers of contagion, and special dangers that the surgeon faces every time he performs an operation.

That is one reason why the doctor's life, more than that of most people, needs the protection of insurance—and insurance of the highest order—such as is provided by a Canada Life Guaranteed Monthly Income policy.

This form of policy is the best yet devised. It is particularly suited to the needs of the professional man and gives sure, continued protection to the beneficiary and profitable investment to the policyholder. It is issued by the

CANADA LIFE ASSURANCE COMPANY

C. A. C. BRUCE, Manager, ESTABLISHED 1847
St. John's, Nfld.

Let me send you further particulars of this most interesting and effective form of insurance protection.

396th Day of the War

TO-DAY'S Messages.

10.15 A.M.

SERBIA'S REPLY.

LONDON, To-day. A despatch to Reuters' Telegram Co. from Nish, says it is semi-officially announced in the Serbian capital, that Serbia's reply to the demands of the Quadruple Entente Powers has been drafted and will be presented at an early date.

WON LEGION OF HONOR.

PARIS, To-day. Adjutant Bertin, of the French Aviation Corps, has been cited in the orders of the day and awarded the decoration of the Legion of Honor for alighting behind the German lines and bringing back safely Adjutant Boyer, who was compelled to set fire to his machine as a result of an accident. Both aviators were engaged in reconnoitering expeditions in the same direction. Bertin's landing point was about four miles beyond that of Boyer. Returning after executing his mission, Bertin saw Boyer's machine in flames. He landed in face of a heavy fire, picked up his comrade and flew back to the French lines with a fragment of shell in his thigh. The aeroplane was struck in 98 places by bullets and pieces of shells.

BEGINNING TO DOUBT.

PARIS, To-day. A despatch to the Havas Agency from Bucharest, dated September 1, says: Constantinople telegrams say the Committee of Union and Progress is beginning to have doubts as to the final victory of Germany, and is considering the consequences of defeat and has given orders that Greeks and Bulgarians must be treated with all consideration. Other foreigners, including belligerents, are closely watched but are not being molested. No more German artillery officers are arriving. That Germany will fall in her negotiations with Roumania is the general opinion. Constantinople generally inclines to pessimism.

THE POPE PLEASED.

ROME, To-day. Pope Benedict to-day expressed pleasure over the fact that diplomatic negotiations between the United States and Germany had resulted in a promise from Germany to modify her submarine warfare. The Pontiff was gratified to learn that cordiality marked the conversation between President Wilson and Cardinal Gibbons on Thursday, when the Cardinal delivered to the President at Washington the message from Pope Benedict XV., dealing with peace. His Holiness said to-day he hoped everybody, both in Europe and the United States, would be convinced that his constant prayer is for ending war, constant prayer in this direction is entirely disinterested, being inspired only by the teaching of Christ and his love for humanity. He added he would be ready to give the whole support of the Catholic Church to the person, institution or country that undertook the noble mission of ending the war which dishonors our generation.

HESSIAN CLOTH EXPORTS.

CALCUTTA, India, To-day. The exportation of Hessian cloth and bags, except to Britain, is pro-

hibited henceforth, except under licenses. These licenses will be issued to dealers for ordinary commercial purposes after the Government has been fully supplied. The prohibition does not apply to sacking and sacking goods.

1.00 P. M.

GREAT BRITAIN HAS ACCOUNTED FOR FORTY-TWO GERMAN SUBMARINES.

NEW YORK, To-day. A special to the Times from Washington says: Up to three weeks ago the British navy alone, without regard to the navies of France and Italy, has sunk or captured forty-two German submarines. This information is contained in a personal letter from Field Marshal French to one of the best known men in America, who is an old friend of French. It indicates that Germany has lost half a hundred submarines since war began. French destroyers are known to have sunk several submarines and Italy may have accounted for one or two.

GERMANY TO MODIFY SUBMARINE CAMPAIGN.

BERLIN, Sept. 3. The news of the settlement of the crisis between Germany and the United States by reason of Germany modifying her submarine campaign has not yet evoked comparatively little comment in the German press. The Tagesblatt and Frankfurter Zeitung print leading editorial articles which evidence hearty satisfaction that a conflict with the United States has been averted and expresses the hope that the relations between the two countries from now on will continue to improve. The submarine issue, says the Tagesblatt, which is capable of exercising a decisive effect upon the outcome of the war, could scarcely have been modified, but the concession that passenger steamers will be torpedoed after awaiting and after the non-combatants have been assured of safety certainly will not affect so vitally the ultimate result. The American people undeniably have suffered during the war, and feeling scarcely can be expected to regain its former warmth immediately, but differences are of a temporary nature. There are no deep rooted conflicts of interest to perpetuate.

KRUPP COMPANY SUBSCRIBES TO LOAN.

LONDON, To-day. An Amsterdam despatch says that the Krupp Co. of Essen, has subscribed ten million dollars to the German war loan.

Lecture by Miss Hall.

FAMOUS AFRICAN TRAVELLER. (Lady Davidson in the Chair.)

The lecture to be given on Monday by Miss Mary Hall, the first woman to traverse the whole length of Africa from south to north, is one that will appeal to all. Touching on a few well known places, the lecturer plunges her hearers into the very heart of Africa. Its wonderful tropical growth, its great waterfalls, its people with their strange customs; its perils and dangers, thrilling encounters with natives are vividly described, while the eye feasts on most striking views of its beautiful scenery. This is the one opportunity that the people of St. John's will have of passing the evening with a famous traveller in this wonderful country. Lady Davidson has kindly consented to take the chair, and the proceeds will be devoted to the Hospital Cot Fund.

At the City Hall.

The Chairman, Messrs. Ayre, McNamara, Bradshaw, Mullaly, McGrath, Morris, Ameyson and Waters were present at last night's meeting of the Civic Commission.

As the result of a communication from the Colonial Secretary asking for the Board's decision re the application of the Standard and Imperial Oil Companies to erect storage plants in the city, the following was decided upon: Permission will be granted to erect the plants, plans to be in accordance with the specifications of the International Board of Fire Underwriters, and providing that the installation will not interfere with insurance rates; and that an annual tax be levied, the amount of which to be decided upon later.

The Deputy Minister of Agriculture and Mines wrote saying that a public lane on the south side of Circular Road is closed to traffic, and asked that the Board attend to the matter. The Engineer will report.

Peter Purcell, a dismissed employee of the Sanitary Staff, forwarded a rather lengthy communication in which several specific charges were made against the Superintendent and other members of the staff. A copy of the letter will be sent the employees named who will be asked to report before the next regular meeting.

W. J. Ellis made claim for \$74.78 value of a pane of plate glass broken on August 2nd, by city employees working near the corner of New George and Adelaide Street.

W. A. Mackay applied for hire of land at rear of the public wharf near Job's Bridge, where he proposes to erect a small smelting plant to operate during the winter. The matter was deferred pending further information.

A. Mills was awarded tender for plumbing under the Small Homes Act. The Bank of Nova Scotia, applied for permission to make alterations to telephone and electric light poles near their new building on Water Street, and also for a 3 inch water service. The matter was referred to the Engineer.

W. J. Ellis applied for permission to make alterations to house 92 Military Road. Referred to the Engineer. The Secretary reported that during the week he had called on the lawyers who are employed collecting city arrears, and they informed him that they would have to place the matter in the hands of the bailiff the coming week. He also reported that many of the defaulters are Government officials whose salaries could not be attached, and who had their property made over to their wives and other members of their family, that it was impossible to apply the law.

The Cove near Harvey & Co.'s premises will be repaired at a small cost. Mark McCormack, South Side, will receive permission to build, if he can arrange for a sewerage system.

With the adoption of the various reports and the passing of pay rolls the meeting adjourned at 10.15 p.m.

Doctors Use This for Eczema

If you are afflicted with skin disease, the kind that seems to baffle medical treatment, and leaves you wild with itch, do not fail to investigate a prescription that is now recommended by many of the best skin specialists, even in preference to their own prescriptions. This is the simple, soothing, liquid external remedy, D. D. D. Prescription. This liquid stops the itch instantly, and effects a cure that is permanent. In fact, it took thousands of cures, case after case, before the best doctors were convinced of the absolute merit of this remedy.

It is now thoroughly established among medical authorities that eczema is purely a skin disease, due to a germ, and curable only through the skin. It is not a blood disease at all. The effect of D. D. D. Prescription is to penetrate the pores, kill the disease germs and to soothe and heal the skin, restoring it to its healthy condition.

D. D. D. has been found to be especially effective in all forms of Eczema, Bad Leg, Pimples, Dandruff, Ulcers and other skin diseases. Get a bottle of D. D. D. Prescription to-day. Sold Everywhere.

The Ventures.

The S. S. Bonaventure, which came yesterday from the Far North, proceeds to Sydney to load coal for here. The furs she brought from Hudson Bay posts will be forwarded from Sydney to Montreal.

The Bellaventure and Adventure are now on their way to Port Nelson, again on their second trip. They are due back here the last of this month.

Hot Roast Turkey and Chicken Suppers served at McGARRY'S Cafe until midnight. Also, Afternoon Tea served for Ladies and Gentlemen from 4.30 to 6 p.m., August 31st.

Inter-Town Baseball.

The fixing of a suitable period and all other arrangements necessary are now being made by the Baseball League for the Inter-town contest between the city team and Bell Islanders to decide the holders of the Reid Cup for this season. We understand that the series, comprising three games, will take place on the last Thursday, Friday and Saturday of this month.

DEED.—There passed peacefully away on the 2nd inst., fortified by the rites of her holy church, Hannah, aged 23 years, the beloved wife of Thomas Richards, leaving a husband, mother and sister; funeral on Sunday, at 2.30 p.m. from her late residence, No. 204 Water Street; friends and acquaintances please attend.

St. John's Boy Asphyxiated.

Word has been received that private Michael Walsh, stretcher bearer with the R. A. M. C., on active service in Flanders, has been wounded and is now in hospital in France. The young soldier writing under date of Aug. 17th to friends in the city, gives a rather varied and interesting description of the horrible brutality of the Germans, who he says several times fired on the corps to which he was attached, while they were in the act of picking up their wounded. Private Walsh is also suffering from asphyxiation, due to the poisonous gases used by the enemy, but his recovery is only a matter of time. Speaking of the effect of these gases on the soldiers he says that some of those affected will be blind for life. He also says that he saw 11 stretcher bearers of his corps shot down while carrying their wounded brothers of the field. Private Walsh is a son of Mr. Thomas Walsh, of Harvey's Tub Factory. We understand that he enlisted at Aldershot shortly after the outbreak of the war.

McMurdo's Store News

SATURDAY, Sept. 4th, 1915. To-day we announce that we have just opened and placed on sale a new and exceptionally fine line of toilet preparations—the Luxon series, manufactured by Messrs. Portia Back.

The s.s. Portia, Capt. J. Keen, returned from the Western trip at 10 a.m. to-day, bringing a large freight and the following saloon passengers: Messrs. J. J. Dobbin, G. S. Penney, J. J. Kelly, V. Cluett, R. Wright, G. A. Bartlett, R. Vigus, R. B. Crocker; Masters Kennedy, Monroe, Harris; Misses Smeaton, Roberts, Francis, Hiscock, Kennedy, Bartlett, Paul, Vigus, Penney, Coady, Crocker (2), and 20 second class.

SHORE AND BANK FISHERY.

Capt. Keen reports the fishery about fair along the S.W. Coast. There is plenty of fish caught when bait is obtainable, especially on the St. Mary's and Cape Pine grounds. Squid have struck in in abundance at Salmonier. The banker Gertrude has arrived back to Fortune from the Labrador with 700 qts. of codfish. She is now getting a squid baiting around Burgeo and Cape La Hune, after which she will re-visit the Labrador grounds on her final trip for the season. The Gertrude has landed about 3,500 qts. so far and expects to reach the four thousand mark early. Capt. Keen also reports that a number of vessels are loading dry fish at Marysown, Belleoram, Grand Bank, Burn and other places on the coast for market.

If All Played Out, Try This Prescription

When that overpowering weariness and a never-rested feeling comes over you, it shows some serious disorder is undermining your health. The cure is simple. Build up the system and nourish the body back to health by pure wholesome blood. The one sure means of doing this is with Dr. Hamilton's Pills. They are a marvelous aid to appetite,—convert all you eat into nutriment and tissue-building material. Thus a weak body is supplied with new nerve fibre, hardy muscle and firm flesh. Lasting good health is sure to follow. If you really want to get well and stay well, use Dr. Hamilton's Pills, 25c. per box at all dealers.

Here and There.

GLENCOE'S OUTWARD PASSENGERS.—The Glencoe sailed from Placentia at 11 p.m. yesterday with the following passengers: J. Goldstone, Miss F. Jensen, Miss J. Clarke, G. Patten, Miss J. Crocker, Miss Tulk, Miss E. Norman, Lieut. Smith, S.A., Miss E. Hall, Cyril McDermott, Miss J. Lovell, J. Casey, Miss J. R. Patten, C. Patten, S. Levitz, Miss J. Murphy, Miss J. Samuelson, Mr. Fudge, Miss Walsh, Miss A. O'Reilly, H. C. Gover, S. Parsons, H. A. Wells, J. R. Courage, Mrs. Miles, P. Guinan, S. A. M. Lequin, Sr. M. Bechmans, C. J. A. Aughlin, Miss M. King.

THE PATRIOTIC ASSOCIATION OF THE WOMEN OF N.F.L.

A general meeting of all who are interested will be held in the Methodist College Hall on Monday, Sept. 6th, at 3 p.m., to receive reports from committees of work done since January 1st, and to plan work for the coming winter. A special welcome will be extended any outpost members who may be in the city. His Excellency the Governor has kindly consented to repeat his Lecture on "Egypt" recently given to the Men's Patriotic Association at the close of the business meeting.—sep 4, 11

Fads and Fashions.

Stripes are advancing in favor. Newest wrist bags are very small. Points all around the skirt still obtain.

Some of the new coats are smock-shaped. Velvet is particularly popular this autumn.

Winter hats will be trimmed with flowers.

Navy blue is a good color for the fall suit. Buttons appear as decoration on fall skirts.

A great deal of velvet will be used this winter. Children's dresses incline to the flaring style.

Little folks' coats will flare from the shoulders. Bolero-fronted coats have dretro-faire basques.

High turn-back collars of organdy will be worn.

WESLEY CHURCH.—To-morrow evening, at Wesley Church, the Pastor, Rev. H. Royle will preach to the young people taking as his subject "The Knob inside the Door." A large attendance is particularly requested.

MINARD'S LINIMENT CURES GAR-GET IN COWS.

Public Notice.

Passports

Residents of this Colony, intending to travel out of Newfoundland, are hereby notified that they may be required to produce Passports at various points on their journey.

Passports are issued at the Department of the Colonial Secretary, in accordance with Rules and Regulations approved by the Governor in Council, required to produce Passports at various points on their journey.

1. Natural-born British subjects; 2. The wives and widows of such persons, or 3. Persons naturalized in the United Kingdom, in the British Colonies, or in India.

A Passport cannot be issued on behalf of a person already abroad; such person should apply for one to the nearest British Mission or Consulate. Passports must not be sent out of Newfoundland by post.

Applicants are requested to have their Forms of Application (which can be obtained at this Department) properly filled in, according to marginal instructions thereon, and forwarded to the Department in sufficient time to permit of any necessary alterations being made in the same before the date upon which the Passport would be required.

The charge for a Passport is \$2.50, which covers a period of two years, after which it may be renewed for four further periods of two years each at a charge of \$1.00 for each renewal.

Copies of Rules and Regulations, Forms of Application, or any desired information may be obtained upon request.

JOHN K. BENNETT, Colonial Secretary, Department of the Colonial Secretary, September 3rd, 1915. sep 4, 21

IMPORTANT WARNING!

The Rifle Range on the South Side Hill will be in constant use from daylight till dark for Musketry Practice until further notice. All unauthorized persons are therefore prohibited from approaching the Range within two hundred yards from either side or within 1,000 yards of the targets to the Eastward. Any unauthorized person so doing will be liable to arrest, besides incurring serious danger from rifle bullets. This prohibition does not extend to any part of the hills west of the 1,000 yard firing point.

(Signed) JOHN SULLIVAN, Inspector General Constabulary, W. H. RENNIE, Captain (in charge of Musketry Instruction).

PUBLIC NOTICE!

On and after this date there will be posted in the Department of Agriculture and Mines a list of all titles to mining locations expiring during each current and succeeding month, with the date on which each such title expires.
