ATTENTION OF IMPORTERS and EXPORTERS!

The conflagration of Saturday serves to emphasize the absolute necessity of having introduced into all your Marine Policies the "Warehouse to Warehouse" clause, under which your goods are covered immediately they leave the shippers' or manufacturers' warehouse at the port of shipment, and until the goods are safely deposited in the consignees or other warehouse at port of destination, or until fifteen days after the discharge of the goods from the vessel. This clause is embodied in OUR Policies without any additional premium to the assured. Therefore, on Saturday, our clients had not any cause for anxiety. Why not be a client of ours, and enjoy the UTMOST PROTECTION AVAILABLE?

Dodge Brothers Set New Record

Deliveries and Production Exceed Best Previous Week in History.

Dodge Brothers have been establishing new high records continuously for several months, as compared with similar periods for previous years, but the record of the week ending April 11 is the best in the company's history. With retail deliveries aggregating more than 7,000, an average of more than 1,300 each production day, the best previous week was surpassed by several hundred cars. New retail orders exceeded the corresponding week of 1924 by 1,000, or approximately 18.7 per cent.

Although Dodge Brothers' Motor Cars are now being built at the rate of 1,100 a day, both deliveries and new orders are some 200 a day in excess of production.

"Had dealers' stocks permitted, the number of deliveries for the record week would have been even greater," said John A. Nichol, Jr., Vice-President in Charge of Sales. "It is not a spur, but a steady, healthful climb."
