WATERWORKS LANDS.

The Ward Estate Valued by Witness in Its Behalf at \$8,000 and 24 Acres at \$250 and \$800 per Acre.

Ward arbitrators, Judge Edward Elliott, Edmund Meredith and Francis Love, appointed to fix the price for 24 acres expropriated by The bride, who was given away by the water commissioners from the her brother, Mr. Thomas H. Baker, Ward estate, which contains 50 acres, was charmingly attired in white silk,

The witnesses examined were: John Newton, Chas. Smith, James Davis, and Wm. Fuller, all for the estate. The lower portion of the land is a black mushy loam, fit for garden and agricultural purposes, and the upper, or northern, portion of the 24 acres is somewhat better. From the evidence given the land is worth, in the witnesses' opinion, from \$250 to \$300 per Mr. Fuller thought the 50 acres worth \$8,000. The place, he said, was valued at \$70 per acre now, and if the city got all they wanted they might assess it at \$700 per acre, and he would have to pay taxes on that amount, which he did not feel like doing. An adjournment was made until 2 o'clock when the arbitration board again resumed. ase will likely take two or three days. Mulkern and B. C. McCann are oking after the interests of the esate, and Mr. T. G. Meredith appears for the water commissioners.
