NATIONAL LEAGUE SEASON

OPENED. Boston, Mass., April 20 .- The Philadelphians came to Boston yesterday, and played the first league game of the season, defeating the home team by one run in an exciting finish. About 14,500 people crowded into the cramped to obtain seats. Capt. Duffy was pre-sented with a gold watch and chain by the players and friends when he went to bat, and "Billy" Nash, formerly captain of the home team, was given a huge basket of flowers. Score:

be carried at 67 cents, to Portage La Prairie, 79 cents, and Brandon, 86 cents. The astonishing statement is made, but borne out by facts, that the difference of one mill per ton per mile on freight carried by all railroads in the United States, makes a difference in the revenue of \$80,000,000.

Owing to the dullness of traffic on the Lehigh Valley, 20 engineers have been put back to firing, and 20 firemen have been placed at braking and hostlering. These changes will necessitate the laying off of 30 or 40 brakemen, who will stand about first in the order of returning to work as soon as business increases. Twelve locomotives have been withdrawn from the road, and the fires drawn.

A deputation of engineers, firemen and conductors from Toronto Junction interviewed Assistant Superintendent Williams, of the C. P. R., respecting certain grievances, one of which, it is said, is that it is proposed to trans-fer passenger engineers from the Lon-don and Havelock runs to the new run to Buffalo. The men say there are others long in the service who should be promoted to the new run instead of giving them to those already on first-

The annual report of the Grand Trunk lines in Michigan submitted to the stockholders at Chicago last week shows a deficit of \$435,175, after charg ing off interest. The Grand Trunk Company of Canada pays this deficit, by virtue of its obligations under a traffic agreement. Gross receipts for the year increased \$355,582, and net earnings, \$173,886. Compared to the year 1895, the working expenses were 91.33 per cent against 96 45 per cent. Passenger earnings during the period covered by the report decreased \$47,124, or about 5 per cent, the decrease being whenever made.

It is requested that local railway officials keep the Abvertiser posted as to changes whenever made. attributed to the falling off in suburbar business out of Chicago, and being occasioned by the competition of the electric surface lines. Freight earnings, however, increased \$402,388.
