"BLACK HAND" MEN FROM GIRLHOOD TO WOMANHO

Mothers Should Watch the Development of Their Daughters-Interesting Experiences of Misses Borman and Mills.

Every mother possesses information am writing you."-Myrtle Mills, Oquawka which is of vital interest to her young

daughter. Too often this is never imparted or is withheld until perious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful

laws and penalties. Girls' over-sensitiveness and modesty often puzzle their mothers and baffle physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical

period. When a girl's thoughts become slug-gish, with headache, dizziness or a disposition to sleep, pains in the back or ower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start this trying period in young girl's life without pain or irreg- ton, Iowa.
