

CITY HAS TROUBLE WITH OTHER WIRES

Electrical Engineer Sifton Lays Important Matters Before Power Committee.

BELL AND THE ELECTRIC

Both Concerns Are Said To Be Causing Much Difficulty—City Will Build Transmission Line.

At the meeting of the power committee last evening Engineer Sifton had a bunch of recommendations of great length and presumably of much importance.

He criticized the Bell Telephone Company regarding the difficulty of clearances, and pointed out that a clause should be inserted in the by-law covering their agreement to compel the company to notify the electrical engineer of any extension of their system so as to provide for clearances.

"We have had some difficulty with the company during the past few days," said Engineer Sifton. "For instance, there are several cross arms at the top of their poles. About ten feet down the run a cable. When we have to cross their lines we are up against a great deal of difficulty, and we should have some way to have these clearances made. They have poles and that aggravates us. We might get at them through the Dominion railway commission, but it would be slow and tedious work. The company has acted somewhat arbitrarily with us."

The Company's Rights.

Mayor Stevely said that the right to erect poles on the street. All the city could do was give them an exclusive franchise. He thought this matter should have been brought up sooner, and not now when the city council had committed itself to the agreement with the company.

Ald. Stewart thought the railway commission could deal with this matter, but Engineer Sifton did not think that would pay, as it would take three months to have the case heard.

Mayor Stevely suggested that the question be left over until Monday when the Bell Telephone Company's representative would be here. This was done.

The London Electric Company.

Mr. Sifton then went over the London Electric Company, and asked that the by-law in reference to the erection of poles be enforced against the company.

"We had better wait until we see what becomes of the agreement," said Mayor Stevely. This was done.

Wants City To Do It.

Engineer Sifton recommended that the city construct the high tension line from the transformer station at the east end of the city to the city plant. At a recent meeting of the council it was decided to call for tenders for the construction of this line, but Mr. Sifton considered that the city could build it from 20 to 25 per cent cheaper than any contractor. The city had the necessary poles and he was of the opinion that it could be done very quickly at the present time.

On the suggestion of Mayor Stevely, the motion to call for tenders will be reconsidered at the next meeting, Monday, and the city staff will do the work.

Engineers' Convention.

The engineers of the hydro-electric zone will hold a convention, Dec. 15 to hold a convention. The entertainment for these visitors was referred to the reception committee.

Those present at the meeting were: Ald. Stewart (chairman), Ald. Beattie, Ferguson, Parsons, Fitzgerald, Mayor Stevely, Engineer Sifton and Secretary Baker.

BRANTFORD AND POWER

Signs With Western Counties at Rate Much Cheaper Than Hydro's.

Brantford, Dec. 4.—At Toronto yesterday the motion of Dennis Hogan to set aside the contract between the city and Western Counties Power Company was discussed.

Under the contract the company must sell power for light and motive use in Brantford at a rate 10 per cent lower than that offered elsewhere by the hydro-electric commission. The difference in the cost of transmission is considered.

The effect will be to put Brantford out of the municipal power union. The agreement is for five years.

PUBLIC ACCOUNTS

Committee Has Wordy Warfare Over Hearing of Witnesses.

Ottawa, Dec. 3.—The first business session of the public accounts committee held this morning was not under way for many minutes when one of those disputes which are characteristic of the committee developed.

Mr. Oswald Crockett moved for papers and witnesses in connection with the payment of \$5,000 to T. O. Murray for the construction of a wharf at Richibucto, N. B. He wanted the hearing given for next week.

Mr. F. B. Carvell objected on the ground that neither the minister of public works nor himself could be present.

Mr. Crockett stuck to his point on the ground that one of the witnesses could not conveniently be present after next week.

A wordy warfare raged for half an hour, when Chairman Warburton decided to fix the hearing for Wednesday, Dec. 15.

Opposition members gave notice of a number of payments which they intended to inquire into. These include payments of \$131,400 to the Franco-British Exposition, of \$29,528 paid out in connection with the Quebec Tercenary celebration, and of \$9,524 expended on the removal of St. P. Mills from Indians, from Manitoba to a new reserve.

Every man feels kitchenerish once in a while; it's a good sign. Why not wear CATSPAW RUBBER HEELS and feel that way all the time?

MINDARD'S LINIMENT CURES DANDRUFF.

Mrs. Winslow's Soothing Syrup has been used for over THIRTY YEARS by MILLIONS OF MOTHERS for their CHILDREN WHILE TEething, with PERFECT SUCCESS. IT SOOTHES THE CHILDS GUMS, ALLAYS ALL PAIN, CURES WIND COLIC, and is the best remedy for diarrhoea. Sold

MANY SHIPS PILED UP ON ATLANTIC COAST

Vessel That Carried Cook to the Arctic Amongst Those Lost.

Birchy Cove, Nfld., Dec. 3.—Two schooners of the Gloucester fishing fleet, the Mabel D. Hines and the Henry M. Stanley were wrecked in the violent northwest gale which swept Newfoundland waters in the past few days. The schooner John R. Bradley, widely known as the vessel which carried Dr. Cook's Arctic expedition, is also reported missing from the fishing fleet, and it is feared that she and her crew and cargo are lost.

VICTORIA CONTRACTOR SUCCEEDS DUNSMUIR

Mr. Thomas Patterson Made the Lieutenant-Governor of British Columbia.

Ottawa, Dec. 4.—Mr. Thomas W. Patterson has been appointed lieutenant-governor of British Columbia. Mr. Patterson is a wealthy retired railway contractor of Victoria, B. C. He is a native of Bruce County, Ont., and went west about 25 years ago.

His wife is a daughter of Senator Riley, of Victoria.

The Hon. James Dunsmuir's resignation was accepted yesterday.

C. P. R. MAY CONSTRUCT NEW 10-STORY HOTEL

On the Site of St. Lawrence Hall in Montreal—Sir Thomas Is Going to England.

Montreal, Que., Dec. 3.—From a reliable source it was learned this morning that the C.P.R. are contemplating the building of a large, modern downtown hotel on the old St. Lawrence Hall site, which was purchased by the company three years ago.

It is known that the company was considering the erection of some sort of a building either for office or hotel purposes. It is now said that a big ten-story hotel has been definitely decided on. The ground floor will be occupied by the city ticket offices and express office.

Sir Thomas Stanger will leave for England in a week or two, and in connection with his going is heard the rumor that following the conference he will leave in England.

Arrangements may be expected concerning the steamship affairs of the company in the Atlantic as well as the Pacific.

THE BIG FOUR STEAL

Company Thinks Large Sum May Be Hidden Somewhere.

Cincinnati, Dec. 3.—When the grand jury met today, Prosecutor Attorney Hunt took up the next developments in the case of Charles L. Warriner, defaulting treasurer of the Big Four Railroad. Frank M. Couden, cashier in the United States customs office, who he revealed the secret of the shortage to the company in "a purely commercial transaction," ten years after he became cognizant of it, and a few weeks after Ida Brockway, his stenographer, and Mrs. Jeannette Stewart Ford quarrelled, was before the jury.

The Big Four, according to a semi-official announcement is trying to find out if the \$225,000 not accounted for by Warriner in his expenditures of the stolen \$643,000, is really hidden somewhere.

The Warriner case may cost Ida Brockway her position. Surveyor of Customs Smith has sent to Washington a recommendation for her dismissal. Miss Brockway has been absent from duty without leave for more than a week.

BARRED FROM UNITED STATES

Vanquished by R. C. Brooklin, of Vancouver, B. C.

At the union station today, Mrs. Brooklin stated that she had explained back to the officers that she was going back to Vancouver after Christmas, but upon ascertaining that she had only \$10, they refused to let her pass, saying that she would be an undesirable citizen.

Mrs. Brooklin has wired to her mother to meet her in Niagara Falls and hopes to be allowed to go home with her.

CLINTON.

[Special To The Advertiser.]

Clinton, Dec. 3.—The Young Men's Organized Bible Class in connection with the Clinton Street Methodist Sunday School at a recent business meeting appointed the following officers: President, Harold Pickett; secretary, Arthur Trick; treasurer, Frank Tyndall; first vice-president, J. Mair; second vice-president, R. Fisher; third vice-president, R. Plumsteel; librarian, G. Cornish; reporter, L. Welsh. Miss Lucy Smith will continue as teacher.

Announcement, who has been spending a few days with Dr. Shaw, has returned to his home in Stratford.

Miss Bernice Morrish, of Oshawa, Sask., is visiting relatives in town. Mrs. S. H. Rance is on the sick list.

Murray Jackson has been enjoying a visit in Toronto. Mrs. L. Greig is spending a few days with her son in Scotland.

Captain Sydney Cook and Ensign Miss A. Charlton, S. P. Mills, were united in marriage on Tuesday.

The funeral of the late Henry Marshall was conducted by Rev. W. J. Joffe, of West Church.

Miss Mabel Kerr has gone to Atlantic City to spend the winter.

Grey Miller has returned from Seattle.

ACTOR SUICIDES.

Port Dodge, Iowa, Dec. 3.—Harry Adams, a vaudeville actor, known on the stage as F. C. Williams, committed suicide in the lobby of the Ward Hotel here today, when he was refused permission to see Miss Jennie Sagers. Miss Sagers had been traveling with Adams as a member of a team, but left him, alleging cruelty.

NOVEMBER SLEET STORM PLAYED HAVOC WITH WIRES

Bell Telephone Company Sustained a Big Loss But All Wires Sill Soon Be Working.

The sleetstorm on the night of the 22nd of November, which was unusually general over the Province of Ontario, did an enormous amount of damage to electric wires. With others the long distance system of the Bell Telephone Company suffered severely.

The territory affected extended from Stratford, on the west, to Belleville on the front, and thence up to the Ottawa Valley, as far east as Winchester, Ont., and also a large district north of Toronto. In this territory practically the only long distance telephone lines left working were the main routes from Toronto through the Niagara Peninsula and west to London and Windsor, Orangeville, Harrison, Lindsay and Peterboro districts were most affected.

As an example of the damage there were ten poles on the long distance line between Bolton and Orangeville, which were not required to be reset, straightened or replaced altogether.

The Bell Telephone Company has been making extraordinary efforts to restore its lines. In addition to fifteen gangs and a large force of sectionmen assembled in the Ontario department, the eastern department has sent a large number of men into the territory to assist in repairs.

The interruption of the service has been a serious matter for business and a painful one for the many who rely on the telephone for their daily needs. It is hoped to have all the lines working in order by the end of the week.

PREMIER WHITNEY TO ENTERTAIN GOVINT

Quebec Premier to Make Social Call on the Ontario Executive.

Toronto, Dec. 3.—Sir Lomer Gouin, premier of Quebec, will visit Toronto this month as the guest of Sir James Whitney, Sir Lomer will be accompanied by one of his ministers and a member of the Quebec Legislature.

The visit of the Quebec Premier will be given of considerable significance by Sir James Whitney and the members of the Ontario Government, who will entertain their visitors at luncheon in the Parliament Building on Wednesday, the 15th inst., at 1 o'clock.

In this way the Government desires to express its appreciation of the hospitality and courtesy extended to Ontario by the Quebec Government on the occasion of the celebration of the Quebec centenary. All of the members of the Legislature, the representatives of the Senate, the House of Commons, the judiciary, the Canadian Club, and the press will be invited to the luncheon.

On the evening of the same day Sir Lomer Gouin will be entertained at an informal dinner by the Canadian Club.

Significance attaches to the conference between the two premiers, as it is the first since the last interprovincial conference to arrange the programme, time and place of the next meeting of the premiers of the various provinces.

It is regarded likely now, that the British Columbia elections are over, that another interprovincial conference will be held at some time early during the ensuing year, and several matters of legislative importance will probably be discussed by the two knights during their meeting.

BACK TO WORK

The Switchmen's Strike Broken at Duluth.

Duluth, Dec. 3.—Through action taken by the Brotherhood of Railway Trainmen last night, conditions today make it evident that the backbone of the switchmen's strike is broken in Duluth.

Sixty switchmen, who are members of the B. R. T., returned to work in the Union Pacific yards, bringing the total close to the normal force of the road.

Every railroad in the city is receiving freight for all points. The necessities are swinging back to normal.

SHANGHAING CHARGED

Boys Brutally Treated on Lake Vessels, It Is Said.

Buffalo, Dec. 3.—United States Commissioner Keating this afternoon announced that he would hold a Limerick, local agent of the Lake Carriers' Association, for the federal grand jury on a charge of shanghaiing.

Limerick has been engaged in recruiting men to take places of the striking firemen on the great lakes. Four boys, ranging from 15 to 17 years old, were the principal witnesses against Limerick. He promised them that they would be paid for their work, but when the vessels left port they were sent down in the firehills to shovel coal. When they became ill from the heat and the pitching of the vessels, the kids decided, the firemen cursed and beat them.

Henry De Bosen, a frail lad of 16, testified that one of the men knocked him down and injured his arm so badly that he could not lift it.

"I was told that I must go to work or someone else would get my pay," said the boy. "I tried my best to work with one hand, but I was too sick."

Another boy, named Holman, 17 years of age, said he was kicked under the leg was black and blue from the knee to the hip.

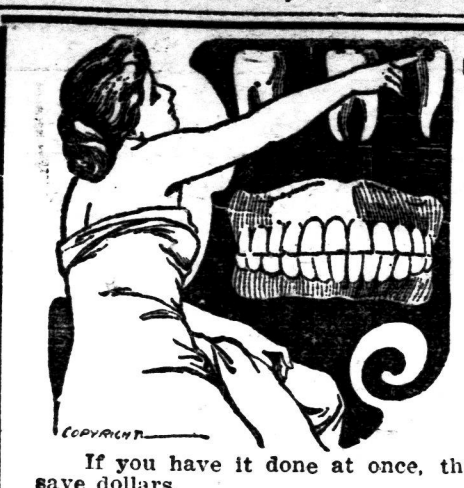

THE REICHSSTAG.

Berlin, Dec. 3.—The organization of the Reichstag was completed today by the election of Prince Ernest Von Hohenzollern-Langenburg to the second vice-presidency.

On Wednesday the Reichstag elected Dr. Herman S. Paasche a National Liberal, for second vice-president, but he declined to serve as the National Liberal party, along with the Imperial wing and the Radicals, had decided to take no part in the organization.

Prince Hohenzollern-Langenburg recently has not affiliated positively with any party.

For Edison and Columbia machines and records, call at Williams' Piano Company, 261 Dundas street. 294-t

If you have it done at once, the cost will be only trifling, and will save dollars.

The fillings my patients receive are the kind that send more patients to my office. The face-to-face information about your teeth is yours if you can make a call.

PROGRESSIVE EUCHRE AT LIBERAL CLUB

First Event Will Be Held in Hyman Hall on Wednesday Next.

On Wednesday next progressive euchre evenings will be inaugurated at the Liberal Club.

The executive took the matter up at a meeting held last night, and it was decided to hold the first on Wednesday evening next.

Prizes will be given, and everything possible will be done to make it a most interesting and enjoyable time.

After the new year a number of prominent speakers will be brought to the city to speak on topics of interest to Liberals, in particular, and also on great public questions. The programme is in course of preparation, and it will no doubt be a most pleasing one.

A debating society and mock parliament may also be organized in connection with the club.

There is great interest being shown in the club bowling alleys, both of which are crowded every evening.

All Liberals and their friends are invited to attend the progressive euchre evening on Wednesday next. Bring some friends.

NEW RED TERROR

Pussia Fears a Fresh Outbreak of Assassination.

St. Petersburg, Dec. 3.—The inauguration of another reign of terror in Russia is believed to be a fresh outbreak here today in the accumulating evidence of the widespread nature of the revolutionary plot discovered early in the month.
